Memorandum:

DEPUTY MINISTER

Re: Construction of new Day School,
Caradoc Reserve.

In memorandum dated November 10th, Mr. Pratt advised that Mr. Robert Dodds, Glencoe, Ontario, could supply and install a furnace for the above school.

We have just been advised by Indian Agent Down that Mr. Dodds is not prepared to supply and install the furnace that is required for this four room school. In conversation with Mr. Down, Mr. Dodds expressed the opinion that it will be necessary to secure some firm from London to do the work.

As we are anxious to have the furnace installed as soon as possible so that the building may be heated and inside work continued, I would appreciate it if you could let me know the name of a firm in London who could be requested to give us a quotation.

ATTENTION MR. NEARK

It is regretted that I find it necessary to again refer to tires for the school bus. I know, of course, that it is not your fault but I am, as usual, receiving the full force of criticism which rightly belongs elsewhere but, since coming to Muncey, I have certainly learned to accept unearned criticism.

I must advise, however, that I have exhausted all channels of emergency and, unless tires are produced immediately, I shall have but one alternative left - that is the discontinuance of the bus service. Everyone is becoming annoyed particularly the driver as he is continually on the road fixing tires. On account of the Christmas examinations our farm truck is standing idle because I have had to transfer the tires from it to the school bus. For such an important piece of equipment the ruling does seem strange. However, please understand I am not complaining but I must repeat, "if the tires do not soon arrive the bus service must, of necessity, be discontinued" which will, of course, mean that the pupils cannot get to school.

If you cannot secure tires
I can secure them locally

Ottawa, Ontario,
Dec. 17, 19[illegible].

Referring to the Indian School and our telephone conversation of December 15th.

Looking over the plan, I find it does not provide for eave-troughing which is perhaps an oversight. The building carries a large, fairly steep, roof and in wet rainy weather the grounds, particularly immediately under the eaves, would develop into mud holes and the water would perhaps find its way into the basement. Mr. Dodds of Glencoe was on hand Tuesday and I had him submit an estimate covering a job on this building which is attached. You will note that the price covers 28 gauge material and labour complete, no extras or plus costs.

If accepted, the work can be proceeded with and finished within the present fiscal year.

Yours truly,
G. W. Down,

Further to the electrical work of the New School and in particular your telegram of December 3rd.

I have been in constant touch with Mr. Dempsey of Delaware and he advises that he has made contacts with several electrical firms in the city of London and none will venture to give an approximate cost of any work. In these days of quotas, fluctuations and uncertainties he reports they are not even interested in work where estimates are required. Under the circumstances Mr. Dempsey feels that he cannot commit himself and, if his offer to do the work on a material plus 33⅓ per cent plus labour cannot be accepted, he is not interested. There has already been too much delay. I [illegible] therefore suggest that this matter be treated as ur[illegible]t as I do not want to have workmen cutting into partitions and [illegible] walls of a new building when there should be no need.

Re: New Day School on Caradoc Reserve, Electoral District of Middlesex, Province of Ontario.

In Mr. Pratt's memorandum of November 4th, 1947, we were advised that the Delaware Plumbing and Electric Company, Delaware, Ontario, should be invited to undertake the electrical wiring at the above school.

We received a reply reading as follows:

"Keyes and Dempsey will do work cost of materials plus 33⅓ per cent plus labour costs."

On receipt of that communication we again communicated with the Agent with a view to obtaining the approximate total cost of doing the work on the basis mentioned above. We are now in receipt of the following information:

"I have been in constant touch with Mr. Dempsey of Delaware and he advises that he has made contacts with several electrical firms in the city of London and none will venture to give an approximate cost of any work. ATTENTION MR. [illegible]

I wish to refer to our telephone conversation of a few days ago when you advised that the purchase of a new school bus had been assured, and that a Purchase Order would shortly be forwarded. In connection with this vehicle and other motor equipment I feel that it is my duty to point out the entire lack of garage accommodation. A new bus of this type should not be committed to the wide open spaces for a garage, and I feel that arrangements should be made to acquire a small piece of land and build the necessary buildings to accommodate two school buses and two trucks being operated for farm and general purpose use. Owing to the fact that general allotments may be insufficient for this year I would suggest that arrangements be made to have the land ready for building early in the 1948-49 fiscal year. Such a building might cost approximately $ 1,000.00 or $ 1,200.00 and might be shared equally between education and general welfare.

With regard to the land there is a plot of approximately 1½ acres, immediately adjacent to the Agency buildings, which I think could be purchased at a reasonable price. These are mere suggestions and submitted for your consideration.

Attention: Mr. Phelan

Confirming our telephone conversation re heating of New School.

In this connection I have contacted Mr. Dodds, of Glencoe, and he advises that he is not a hot water heating mechanic; and that his firm does not interest itself in hot water heating. He also advises that the building can be successfully heated by forced hot air, and that he would be interested in the job and would promise work to commence immediately. This, however, would not entirely solve our problem as we still must have some plumbing work done which might be undertaken by Dempsey and Keayes of Delaware. This would keep the work all in the Riding as appears to be the Minister's wishes. Failing this Mr. Dodds again advises that hot water heating is a specialty and not all plumbers are capable of installing a complete job such as the one we have in mind, and the nearest firm that he knows of doing this type of work is in the city of London.

These are suggestions for your consideration but whatever the final outcome it is very important and very urgent. I would therefore request that no time be lost in arriving at a final decision and that I be advised as soon as possible.

Hot Water Heating - Mt. Elgin Indian Day School

Reference yours of December 17 -

We have noted Mr. Dodds' comments concerning hot air heating for this school. We have built this identical school elsewhere. Hot water heating systems have been definitely proven superior for heating and hence this type is specified. However, Mr. Dodds can submit a tender if you think it desirable.

We approached the Minister's office with regard to contractors for hot water heating. You are requested to approach the following two firms in London and request that they submit tenders:

1. Rhame Brothers, Limited,
   146 Wortly Road.

2. Eggett & Company,
   336 Rideout St.

Ottawa, December 23, 1947.

Memorandum:

re: New Day School on Caradoc Reserve, Federal District of Middlesex, Province of Ontario.

In Mr. Pratt's memorandum of November 4th, 1947, we were advised that the Delaware Plumbing and Electric Company, Delaware, Ontario, should be invited to undertake the electrical wiring at the [illegible].

We received a reply [illegible]:

"[illegible]
24 per cent plus sales tax."

On receipt of [illegible]
approximate total [illegible]
mentioned above. [illegible]
information:

"I have been in contact with Mr. Empey of Delaware and [illegible] the various electrical firms in the city of London [illegible] will venture to give an approximate cost of any work. In these days of quotas, labour and uncertainties he reports they are not even interested in work where estimates are required. [illegible]

Mr. George W. Down, Superintendent,
Indian Agency, Muncey, Ontario.

In your letter of December 17th you stated that Keyes and Dempsey were prepared to do the electrical work required at the new school in your Agency on the basis of cost of material, plus 33⅓% plus labour.

The Minister has now approved acceptance of the firm's tender on the basis just mentioned and you may arrange to have the electrical work done immediately.

Mr. George W. Down, Superintendent,
Indian Agency, Muncey, Ontario.

We have Acting Superintendent Randle's letter of January 14th enclosing written tender of the Delaware Plumbing and Electric Company in connection with the electrical work at the new school.

It is noted that it reads in part as follows:

"On a cost plus 33 1/3% basis"

In your letter of December 17th you stated in part as follows:

"..If his offer to do the work on a material plus 33 1/4%"

It was on the basis of 33 1/4% that we submitted the matter to the Minister's office and received his approval.

Has a mistake been made in the tender with Acting Superintendent Randle's letter of January 14th?

Re: New School
Building Operations, Caradoc Agency

With reference to the above you are advised the funds on hand here to pay wages are down to around $ 400.00 so it is thought advisable to bring the matter to your attention in good time so that a further advance can be forwarded before we are out of funds.

The carpenters are working steadily and making reasonable progress considering the exceptionally cold weather and the lack of really adequate heating in such a large building; and the upper walls and ceiling are now covered with gyproc and they will shortly be engaged in placing in doors and hardware. It would be a good thing if the Department would arrange for an early delivery of the blackboards of which I spoke of on my recent visit to Ottawa.

The electrician has been somewhat slow in commencing work but from a conversation had with him yesterday it is expected he will start at the beginning of thw week.

Of the two firms you authorized to obtain tenders from for plumbing only one has seen fit to be interested in the work and that firm has promised to have

their tender in this Office by Monday morning.

The writer would point out it would be to our advantage for a quick decision on this as the building is now at the stage when the heating and plumbing system should be immediately installed as later on in more advanced stages it would make it a more difficult task for the firm doing the work.

Memorandum:

MR. [illegible]

The carpenters are getting ahead of the job at Mount Elgin to such an extent that we must give every priority to the installation of the heating system and the plumbing. Only one of the two firms who are mentioned by the Minister's office has shown an interest in this job (Raines Brothers). Their tender is due at Muncey on Monday and will be forwarded here immediately. Colonel Randle long distanced me on Friday night and asked that every priority be given to the rushing through of Ministerial approval for this tender. I have had to wire authority for Colonel Randle to substitute electrical conduits in lieu of rigid conduit at this school. This is due to the fact that the carpenters are too far ahead of the job and if we had insisted on rigid conduit it would have meant the tearing down of some of the gyproc wall board, etc. The main thing is to send the heating and plumbing tender over to the Minister's office the minute it gets here. When approved, you should wire both Colonel Randle and the contractor in London.

Re: New School, Mount Elgin.

This office is enclosing copies of the tenders received from Messrs Rhame Bros. Limited quoting their prices for installing the necessary heating and plumbing at the new school.

As you were previously advised, the other firm whom we were instructed to ask for tenders on this work, though requested to do so twice, have not seen fit to reply.

Also as previously pointed out, it is essential that this work be proceeded with immediately, before other work on the interior of the school is so advanced it would impede the installing of the heating and plumbing.

Consequently it is suggested that immediate action be taken to if possible secure approval of the enclosed tenders.

Your File 7-9-5 (WT)

With reference to your file 7-9-5 (WT) of December 23rd, re the heating of the above school, this Office is forwarding the offer of Bob Dodds, including blue prints, to install a hot air heating system.

However, this office concurs in your opinion and we do not consider such a system would be efficient in heating a building of the size of the new school.

DIRECTOR, LANDS & DEVELOPMENT SERVICES

Re: New four roomed school in the Caradoc Agency, Province of Ontario.

Acting Superintendent E.P. Randle has submitted the following copies of tenders received in connection with the above building:

(1) Plumbing for four roomed school $1,359.00
(2) Hot water heating $5,864.00

Both the above quotations were received from Rhame Brothers, London, Ontario. The name of this firm was given to us by the Minister's office.

Mr. Dodds of Glencoe, Ontario, has also submitted a quotation for a hot air heating system. In this connection I enclose his tender and blue print which accompanied it. As this is the only copy we have, we would appreciate it if you would return it.

The Acting Superintendent advises that the work on the interior of the school is well advanced and it is essential that the plumbing and heating be installed at the earliest possible date. I would appreciate it if you would state if you consider the tender at $1,359.00 for the plumbing is reasonable. Please advise whether you recommend the hot water system at $5,864.00 or the hot air system at the prices mentioned by Mr. Dodds.

We will have to prepare an Order in Council and it is for this reason we want your opinion at an early date.

Re: Your File 7-9-1 WT

With further reference to your file 7-9-1 WT, of December 27th, re the School Inspector's remarks concerning the stoker, you are advised the writer has authorized the purchase of an electric motor costing about $ 36.00; also the securing of certain parts for the furnace which together with some labour costs will make a total expenditure of around $ 70.00. This will put the stoker in 1st class running order and do away with the needless time spent on attention to the furnace.

The accounts covering this expenditure will be rendered in the usual way.

Re: Hot Lunches and Manual Training

Some of the teachers are enquiring as to whether funds are available to provide hot lunches for the children during the cold weather. This Office appreciates this request is somewhat late and the worst of the winter is probably over but it is possible the rest of February and much of March may be stormy and bleak, consequently it would possibly be beneficial if it is possible to make available some funds for this purpose.

Also may we be advised if any funds are available for manual trainirg supplies as the teachers are requesting such.

BOB DODDS

Glencoe, Ont. Jan. 20, 1948.

Dept. of Mines & Resources,
(Indian Affairs)

Dear Sirs:

Re heating of new Indian Day School at Muncey, Ont. enclosed find blue prints of our proposals.

Forthis job should you intend to use a stoker, the furnace required is a #8365.

Should you not intend to use a stoker, the furnace required is a #842S.

The price for the #842S is $3,276.00 as per blue print
" " " " #836S is $3,218.00 " " " "

These prices on less - Stoker - Carpenter work (cutting holes etc) - electric wiring, switch boxes etc., labour for same.

These prices include - on labour - all material (less electric material) trips and freight.

The furnace is built of boiler plate steel and the fan equipped with air filters.

If awarded this contract I would expect one of your carpenters to cut the holes as this work can't be all done at one time.

As for the electrical work I can supply an electrician but his work and material will be extra.

Yours truly,

(Signed) Robt. W. Dodds.

MEMORANDUM

Re: New Four Room Indian Day School,
Caradoc Agency, Province of Ontario.

In connection with Mr. Hoey's memorandum of February 9th bearing your notation of the 10th instant, together with attached tender prices and sketch layouts with reference to the above, you are advised as follows:-

The Rhame Bros. Limited, quotation of $1,359.00 for the plumbing installation is not unreasonable in consideration of present day prices and we would recommend that it be accepted.

The same firm quoted a price of $5,864.00 for a forced hot water heating system, based on the layout prepared by this Division for a similar school at Eskasoni. It is our considered opinion that this price is fair and reasonable.

The forced warm air layout submitted by Robert Dodds, of Glencoe, Ontario, along with his quotation of $3,276.00 is lower than that submitted for the forced hot water system.

However, an analysis of the design brings to light several elements open to question and if it were revised and brought into line with present day accepted standards, the cost would be appreciably increased and the difference would, in our opinion, not be worth while.

It is our recommendation, therefore, that the forced hot water heating system based on our design for Eskasoni, which we understand was used by Rhame Bros. Limited, in preparing their prices, should be installed in this school.

We are returning herewith tenders and sketch blueprints as requested.

Chief Engineer.

SPECIAL FOR THE CLERK OF THE PRIVY COUNCIL:

Requesting authority to award contract to Rhame Brothers Limited, London, Ontario - Plumbing, $1,359.00, Heating, $5,864.00 - new four-roomed day school, Caradoc Indian Reserve, Province of Ontario.

Two extra copies of Order in Council required.

THAT the Indian Affairs Branch, Department of Mines and Resources, is constructing a four-roomed day school on the Caradoc Reserve, in the Caradoc Indian Agency, in the Province of Ontario;

THAT the construction of this building has reached the stage where plumbing and heating should be installed;

THAT we have received the following tenders which the Departmental engineers recommend be accepted;

Plumbing - Rhame Brothers Limited, London, Ont. $1,359.00

Heating - Rhame Brothers Limited, London, Ont. $5,864.00

THAT funds are available for this purpose in Vote 161, 1947-48, Indian Affairs Branch, Department of Mines and Resources.

The undersigned, therefore, recommends the acceptance of the two tenders mentioned above.

Respectfully submitted,

The undersigned has the honour to report,

THAT the Indian Affairs Branch, Department of Mines and Resources, is constructing a four-roomed day school on the Caradoc Reserve, in the Caradoc Indian Agency, in the Province of Ontario;

THAT the construction of this building has reached the stage where plumbing and heating should be installed;

THAT we have received the following tenders which the Departmental engineers recommend be accepted;

Plumbing - Rhame Brothers Limited, London, Ont. $1,359.00

Heating - Rhame Brothers Limited, London, Ont. $5,664.00

THAT funds are available for this purpose in Vote 181, 1947-48, Indian Affairs Branch, Department of Mines and Resources.

The undersigned, therefore, recommends the acceptance of the two tenders mentioned above.

Respectfully submitted,

Minister of Mines and Resources.

Memorandum:

DEPUTY MINISTER

Re: New day school, Caradoc Reserve, Caradoc Indian Agency, Electoral District of Middlesex East.

In Mr. Pratt's memorandum of December 23, 1947, we were supplied with the names of two firms in London from whom quotations could be secured for supplying and installing water heating systems in the day school on the Caradoc Reserve. In a previous memorandum he suggested the name of a firm in Glencoe, Ontario.

Eggett and Company submitted a tender, copy of which I enclose and offered to furnish and install the hot water heating for the sum of $6,100.

Rhame Brothers Limited submitted the following tenders, copies of which are enclosed,

Installation of heating system $5,864.
Supplying and installing necessary plumbing $1,35?.

Bob Dodds, Glencoe, Ontario,
Forced hot air heating $3,276.

We submitted these tenders to the Lands and Development Services Branch and I attach their reply. You will note that they recommend the acceptance of the tenders submitted by Rhame Brothers and I, therefore, enclose the necessary Memorandum to Council.

We have received your letter of the 31st ultimo enclosing copies of tenders received from Messrs. Rhame Brothers Limited for installing heating and plumbing in the new school, on the Caradoc Reserve.

We were obliged to submit the quotations for review by our engineers. They have approved acceptance of the tenders and we have now applied for an Order in Council. As soon as the Order in Council is passed, we will advise you. Until we secure this, definite instructions cannot be given to Rhame Brothers to proceed with the work.

ADDRESS REPLY TO ENGINEERING AND CONSTRUCTION Division

Ottawa, February 19, 1948.

Memorandum:

Re: New Four-room Indian Day School,
Caradoc Agency, Ontario.

In connection with Mr. Hoey's memorandum of February 13th bearing your notation of the 17th instant relative to the above, you are advised as follows.

On February 9th we received a memorandum from Mr. Hoey along with two tenders for the above, and after an analysis we recommended that the tender submitted by Rhame Brothers Limited of London be accepted. Their figure for the forced hot water heating system was $5864.00.

Since the tender accompanying Mr. Hoey's memorandum of the 13th instant, submitted by Eggett and Company of London is in the sum of $6100.00, it is felt that no change should be made in our recommendation forwarded to you on February 11th, 1948. The tender submitted is returned herewith.

CERTIFIED TO BE A TRUE COPY OF A MINUTE OF A MEETING OF THE COMMITTEE OF THE PRIVY COUNCIL, APPROVED BY HIS EXCELLENCY THE GOVERNOR GENERAL on the 24th FEBRUARY, 1948.

Privy
Council

The Committee of the Privy Council have had before them a report dated 13th February, 1948, from the Ministry of Mines and Resources, representing:

"That the Indian Affairs Branch, Department of Mines and Resources, is constructing a four-roomed day school on the Caradoc Reserve, in the Caradoc Indian Agency, in the Province of Ontario:

That the construction of this building has reached the stage where plumbing and heating should be installed;

That we have received the following tenders which the Departmental Engineers recommend be accepted;

Plumbing - Rhame Brothers Limited,
London, Ontario $1,359.00

Heating - Rhame Brothers Limited,
London, Ontario.....$5,864.00

That funds are available for this purpose in Vote 181, 1947-48, Indian Affairs Branch, Department of Mines and Resources."

The Committee, therefore, on the recommendation of the Minister of Mines and Resources, advise that authority be granted for the acceptance of the two tenders mentioned above.

(Signed) A.D.P.Heeney,
Clerk of the Privy Council

The Honourable
The Minister of Mines and Resources.

Ottawa, March 16, 1948

Lt. Col. R. P. Randle,
Acting Superintendent,
Indian Agency,
Muncey, Ontario.

Receipt is acknowledged of the Cost of Operation Returns covering vehicle No. 1188 and the new school bus for the month of February.

It is noted that the current mileage when added to the previous total mileage gives a final total of 101,182 miles but that you have inadvertently shown the total mileage for the previous month. The departmental records have been adjusted but the foregoing is brought to your attention in order that you may correct your records. No. 1188

It is noted that the speedometer on the new bus is out of order and that you state you are unable to secure a cable. As it is most important that the mileage of all departmental vehicles be accurately recorded, it is suggested that you submit a requisition covering the cable required and we will request the Departmental Purchasing Agent to endeavour to purchase the same.

For purposes of record, please advise as to the number of miles you estimate this vehicle was operated during the month of February.

E. F. Neary,
Superintendent of Training.

Memorandum:

MAJOR C.A.F. CLARK

Mount Elgin Indian Day School

This will confirm our conversation with regard to the above Day School. It would seem that relationships between the Principal and his staff are not what we would require and that it will be necessary for you to report upon conditions there in some detail. Apparently Mr. Johnston is not a good disciplinarian and, as a result, there is much freedom between the pupils and this particular teacher. Complaints have been made with regard to his association with the older girls. There is also evidence of too much freedom between the older boys and Mr. Johnston during recess and lunch hours. You can investigate these "stories" during your visit there and I wish to be advised as to whether we should contemplate the future employment of this teacher.

I would also like to know just how much teaching Mr. Joblin is doing. We are now paying four teachers at this school and I would like to know exactly what the teaching load of each teacher is. You might also check as to the number of visits which Mr. Joblin has made to the day schools of the agency.

Back Settlement

The third point which I wish reported on is with respect to the contemplated construction of a one-room school at Back Settlement. I would like a specific report from you as to where this new school can best be located. You can also investigate the question of land required for such a building. It will be our standard one-room school plan and I would suggest that you mail ahead a set of the plans, specifications and bill of materials for this project. I would like to have this school

constructed on a day labour basis, using the present foreman at the Mount Elgin Day School as the foreman for the one-room school. However, you can check into this matter with Colonel Randle when you are at Caradoc. It would be necessary to allow at least two months for requisitions to pass through the Departmental Purchasing Agent's hands and to arrive on the spot at Back Settlement. We would endeavour to rush the cement so that the excavation could be proceeded with.

Re: New School, Caradoc Agency

Your attention is drawn to the fact that when plans were made for the heating of the new school no one apparently gave any consideration to the installation of a staker to be attached to the boiler. It is understood that a boiler of the type to be installed by the contractors should, to be economically and efficiently run, have a staker rather than be fired by hand which would mean constant attention by the caretaker while in operation, and the use of a more expensive quality of coal.

Consequently it would appear beneficial all around to have a stoker installed while the contractors are there placing the heating system for the entire school; and we are advised by Rhame Brothers that they could supply and install a suitable automatic stoker, placed ready for operation, for $ 791.00.

May this Office please be advised if the Department will authorize such an expenditure, as evidently it is in the interest of efficient and economic heating of the new school.

PLEASE QUOTE
FILE 117 - (32)

BRANTFORD, 13th March, 1948.

Personal

Colonel H. M. Neary, Superintendent of Education,
Indian Affairs Branch, Dept.Mines & Resources, Ottawa.

Dear Colonel Neary:

While I have been going to Muncey some weeks now, - as my time there was somewhat limited most of the time was given to office matters, such as correspondence, interviews and general routine.

I did, of course, visit the new school each week to see how things were progressing, or discuss some angles with the foreman, - but not having much time assumed that as there were regular plans, everything was provided for.

Who drew up the plans I do not know, but since this week, having more time, there was an opportunity to go into things, - it appears to me there are some essential things not provided for, which in my opinion should be included.

For instance, there are four large class rooms, and in addition a manual trining room and one for home economics. This means four teachers are there daily, and possibly two more, apart from the Supervising Principal, and yet there is no provision for a teachers' room where they can retire to when lessons are halted or to have lunch. This appears a great oversight to me, as they need rest and relaxation out of the schoolroom, as none of the children go home for lunch like an ordinary day school, so the teachers will get little privacy or rest.

Then while there appears to be one washroom provided evidently for the teachers, - if both sexes are there, as is likely, it would appear there should be two.

Then with regard to the children's toilets, - apparently the plans call for outside ones, with a septic tank serving both, - but actually, I understand,

(and quite rightly so) it is intended now to have them inside.

This may raise some structural difficulties, as the basement is below ground level quite a bit, and it appears they would have to be raised up to obtain proper operation of the septic tanks.

It also means there must be two septic tanks instead of one, - as the boys and girls could not now be arranged anywhere adjacent to each other, and as far as can be seen will have to be more or less at opposite ends, - which means one would have too long a flow to operate from one tank.

Also the provision of these toilets for the children will entail extra expense, as they were not in the plans, - and as the contract given to Rhame Bros. for plumbing was based only on the original plans. I, of course, did not realise this at the time, for the reasons outlined at the beginning of this letter, and evidently no-one in Ottawa took it into consideration when the contract was being considered.

Personally, it is my opinion with the room there was available, had all these things been considered and planned from the start they could have been fitted in conveniently and suitably.

Now of course, it may be possible to place them in, - but it will cut things up in a far less suitable manner, and make for awkwardness, for while there is considerable space, it is now in the wrong locations.

You might please give this matter early thought and consideration, and actually I would prefer either you or Mr. Phelan to run down next Thursday or Friday and meet me there just to discuss these things on the spot, and see if we could not plan somehow to work in some of these essential needs, and the extra cost they would entail.

30 March. 1948.

M. Phelan:

Plumbing, New Caradoc Day School:

By those who have recently examined the school to look into the suggestions made in Colonel Randle's letter of March 13th it is recommended that rest rooms for teachers be provided in the spaces available at the head in each stairway at the classroom level; each rest room to contain a toilet bowl, wash basin and mirror.

Sanitary conveniences for the pupils can, it is considered, be best provided at ground level; for girls at the Home Economics room entrance; for boys at the Manual training room entrance.

The plans provide for a covered-in lean-to over these sunken entrances. These outside structures were to be 12'8" long, 5'8" wide, and sloping from a height of 10'6" from below the cloakroom windows to a height of 8' at the outer wall.

It is proposed to prolong these lean-tos to the full length of the end walls (45'9") and, after allowing for an outside door and steps leading down from the outside entrance and another flight of steps down from the washroom, a space 20' by 8' is available for plumbing fixtures. The girls' washroom would have four toilet bowls, four wash-basins and mirrors, two hot-water radiators, lights, two windows 3' x 1'. The boys' washroom would be along similar lines.

A drawing is attached showing toilet compartments 4½' by 2½'. Modifications for the boys' room are shown in red.

As shown in the accompanying photo(No. 1) there are as yet no steps or retaining wall at the Manual Training room entrance. Here the construction may proceed according to the plan which I have attached. At the other end the

retaining wall and steps are in position. The wall will have to be ripped out and the steps widened. This is indicated in photos # 2, and # 4.

Photo # 3 shows that there is still a considerable supply of cinder blocks (four piles) The structure recommended will need a total of about 1100 blocks.

The original plans called for one toilet, but it is not yet on the premises.

The immediate purchase of the under-mentioned items appears indicated.

Ottawa, April 3, 1948.

Mr. George W. Down, Superintendent,
Indian Agency, Muncey, Ontario.

Attached is a sketch made by Mr. Clark with reference to the new toilets at the school under construction in your Agency.

I also attach a list of the materials and equipment that Mr. Clark considers will be required. Please let me know if the articles mentioned can be purchased locally.

Please obtain from the firm now doing the interior plumbing at this school a quotation covering the cost of installing the plumbing in the new toilets.

You should also let me know the approximate cost of the labour required in providing the extra space for the new toilets.

Re: Wages, Caradoc New School

As you know, with the coming of the end of the fiscal year, all unexpended balances of advance and accountable cheques must be returned to the Receiver General. This quite often leaves us in rather an embarrassing position as the work in most cases must proceed, and we have no funds to pay wages. The wages on this job run around $ 182.00 a week.

I would therefore request an advance sufficient to carry on until the main estimates are available.

School Equipment formerly used at Mt. Elgin

Some of this might will be moved forthwith from the old buildings to the new building so that it does not become involved in any transfer of assets:

(1) A blanket loom for weaving
(2) Sewing machines.
(3) Three small beds and bedding for the two staff rooms, first aid room.
(4) Water tank (pressure tank needed in new bldg)
(5) pump and motor
(6) gas engine
(7) folding seats from chapel so that Home Economics room may be used as assembly hall.

MISS PUPLAN

Caretaker, Grade 4, MR-IA5-3054)

As I previously discussed this matter with you, it is my recommendation that this position be either advertised for or that both Mr. Burch and Mr. Hendrick be given the opportunity of making application for it.

I do not know the procedure in these cases and whether it is necessary to advertise for this position. If it is possible to make a direct appointment, then I would suggest that both Mr. Hendrick and Mr. Burch be given an opportunity of making application. They are both overseas veterans and both Indians.

Memorandum:

Re: Painting of Mount Elgin Indian Day School, Muncey, Ont.

We have been requested to obtain tenders for the painting of the interior and exterior of the above four-room Indian Day School, now nearing completion. The work will mainly be interior painting as this building is constructed of cement blocks. It is a four-room school with rooms in the basement for manual training and domestic science.

It would be appreciated if we could be advised as to what firms in the area we should approach for tenders for this work. It is understood that Mr. Harding of Mount Brydges, Ont., has done satisfactory work on the schools in the Caradoc Agency on previous occasions.

Re: Your File 139-7 (WT)

Reference is made to your letter of April 15th with regard to motor vehicle number 1139.

In this connection I find your letter a little difficult to understand. If you will refer to all previous records of this particular vehicle you will note it is referred to as "New School Bus". This was necessary owing to the fact that it was not allotted a number until March 24, 1948 - See Departmental letter 7-9-5 (WT); therefore the Cost of Operation was submitted for the month of February as stated, and this Office's record reveals a copy of the Cost of Operation sheet for that month.

However, since you advise that you have not received it a copy is attached, hereto. All future records will bear the number 1139.

Yours truly,
Geo. W. Down

Re: Your File 7-9-5(E)

Reference is made to your letter of April 28th with regard to the painting of the Mt. Elgin New School. I have had,as requested, Mr. Harding go over the building and submit his tender which is submitted for your consideration. I would point out that Mr. Harding is a very busy man and if the work is to be done during the summer holidays he would appreciate an early reply.

Yours truly,
Geo. W. Down,
SUPERINTENDENT.

Memorandum:

DEPUTY MINISTER

Re: Caradoc Indian Day School.

This school is nearing completion and should be painted. We were advised by Mr. Pratt to secure a quotation from A.S. Harding and Son, Mount Brydges, Ontario.

I attach a copy of their quotation and you will note that they are prepared to do the work for an amount of $1,850.00, which the Superintendent considers reasonable.

I would appreciate it if the Minister would approve acceptance of this tender.

Re: Additional [illegible] - Order No. [illegible]
[illegible], 1943.

Dear Sir:

We are pleased to note that, as requested, on the above mentioned contract, we are carrying instructions as the specifications [illegible] contained.

[illegible]. We propose to supply and install one (1) relief valve of the two heaters' capacities and two C.I. radiators in each of the two toilets' annexes. The size of these radiators will be adequate to heat these rooms properly. They will be installed complete with air relief valves, air vents, etc., and will be connected to the present radiation [illegible] in correct manner to insure correct circulation.

[illegible]: To supply and install in the Boys' [illegible] in the basement of the building, one in the teachers' room. This will include all the necessary pipe and fittings, also the fittings, shown on the plan and detailed below.

[illegible] from (1)

Further reference to additional heating and plumbing at the new school. I have had Mr. Rhames look over the proposition and submit an estimate covering the entire job which is attached hereto. If you intend to go ahead with this work Mr. Rhames would appreciate an early reply as his men are now on the job and, owing to rush of business he would like to complete the job without having to return and move his equipment at a later date.

Yours truly,
Geo. W. Down,

Memorandum:

DEPUTY MINISTER

Re: Caradoc Indian Day School.

We have received the attached quotation from Rhame Brothers Limited for additional heating and plumbing at the above mentioned school, which is nearing completion. Superintendent Down considers their quotation of $3,602.00 is reasonable.

I would appreciate it if the Minister would approve acceptance of the tender as this firm is now doing other work at the school and would like to complete the whole job before removing their men.

for Director.

Muncey Ontario
June 28th. 1948

The Indian Affairs Branch, Ottawa.

Re; Schools Caradoc Agency.

Since coming to Muncey I have had the opp---ortunity to visit all the schools on the reserve except that one which is being replaced this year and known as the Back Settlement, a survey was made of the fabric of the buildings and the follwwing are my recommendations for this summer.

Oneida #1.

The building needs painting inside as it is pretty dirty, there is about 2,000 sq. feet to be painted white and about 400 sq. feet to be painted a light tan, I am suggesting the latter in place of the prevalent green on the lower walls.

The Cistern in the girls washroom needs to be cleaned out as the run off from the tap is a mere trickle.

The cellar windows need to be checked and tightened up as they allow the water to enter during a storm.

A heavy wire screen should be placed over the windows at the south side of the school so that there will be less danger of being broken by the pupils playing ball.

Apparently some mention has been made of getting hydro into this school, as the line is close I would recommend that this be proceeded with, it will be necessary to have an entrance cut in to the attic to facilitate the installation.

Oneida #2.

Inside needs painting, the area will be about 1,800 sq, feet white and 400 sq. feet light tan, to be given two coats.

The Blackboard on the side wall to be painted, and that at the end of the room to be repaired.

A cupboard that can be locked should be built

so that supplies of stationery etc. may be kept inside instead of in the entrhce as at the present time.

The outside paint and the roof are in fair condition.

5 new window blinds are needed, I would suggest that they be cream in colour, size 36" by 72" in length.

The heater is getting to be old and is small, and I am of the opinion that a new larger heater, cirulator type, with a screen should be provided.

Outside steps need to be replaced, 3 pieces of lumber 2"X 10"X 7feet will be required for this job.

The pump handle needs to be replaced.

Oil is used on the floors which results in anything that touches the floor being dirty, I think they would be better if after washing they were given a cup couple of coats of Deck lac or some other preparation that will give a clean, bright finish.

The teachers desk is old and worn out, it should be replaced also two chairs be provided.

This school is also near a Hydro line and if at all possible it should be installed.

Oneida #3.

The outside is in pretty good shape.

Inside needs painting, an area of 2,000 sq. feet and 400 sq. feet will need two coats, the former white and the latter a light tan.

A furnace has been installed here, the old stove and pipes need to be removed.

New window blinds are needed, 6 Cream blinds 36" x 96" will do this.

2 outside locks are needed for the outside door and that door leading to the basement.

Bear Creek.

The inside needs painting, the area to be covered is about 1,300 sq. feet in white and 400 sq. feet in a light tan.....

Bear Crek painting contd.--two coats will be needed to do a good job.

The heater is in poor condition, and I would recommend a new larger heater be supplied.

The casing of the door should be repaired as at the present time it is very drafty during the winter and has to be stuffed with mats etc.

The floor at the entrance needs to be taken up and a new one laid, the area of this piece is about 8' X8'.

The teacher at this school, Miss Arnott wishes to return to the same school.

River Settlement.

I understand that a proposition has been made to close this school and transfer the pupils to the Mount Elgin Continuation school, this appears to be both feasible and wise, the schools are fairly close together, and the old school is in pretty bad shape, in fact I would say that a new school is needed if we wish to continue at the same site.

The enrollment at this school will be about 22 to 25 for the 1948-49 year.

General.

No doubt you have already had reports from the education supervisors regarding the schools here, but I will give you my impressions.

The new Mount Elgin school is coming along pretty good and ought to be finished in good time.

A change of the Hydro lead in will be necessary before the old residential school is torn down, so that the lead in will be to the annex, being used for classes at the preent time, but which will probably be used for teacher accomodation for some time yet.

There is an electric stove in the residential school, where was this intended for? it was placed there in 1947, I have just found out that it is an old stove which was removed from the home of Mr. Down when a new one was purchased last year, it is not in good enough shape to be used for Home ecomonics.

There is a large blanket loom in the old school also, there is apparently no intantion of using it here so I would suggest it be transferred to some other school in the near future.

Mr. Joblin mentioned the possibility of finding a position as teacher for Mrs. Ruben Schuyler, who is apparently the only qualified Indian teacher from this reservation, I think the idea is sound, it would act as an incentive to other young people on the reserve to endeavour to improve their own chances of getting a position with the Branch.

The reports on Miss Morris are not very encouraging for the older pupils, she appears to be good with the junior forms but poor with the snior forms, I understand that none of the older pupils will graduate this year.

I have had some conversation with ~~Miss~~ Mrs. Harledge regarding a telephone account, the matter is partially settled but an amount of about $6.50 is still outstanding, I am seeing the telephone people some time this week and will try to get it cleared up, I do not think the this lady should be allowed to return to the agency, her influence has been quite upsetting and is obvious before you have been here a few hours, she is in Montreal at the present time, and I would recommend that she be interviewed in Ottawa and either placed elsewhere or her services be dispended with, it is going to be hard for the new superintendant here under any circumstances and any source of friction ought to be removed.

No arrangements were made last year of goods to provide the children with a hot lunch, this should be rectified and either an amount of money made available or the superintendant advised to requisition for the supplies needed.

All the lawns are ~~are~~ in poor shape, untidey and long grass, it would improve the whole set up if these could be kept in better shape and help to inculcate neatness among the puils.

The water coolers are being collected to be stored at the agency building, the new bus is being put up for the holidays, but it will be necessary to use the old one for some time transporting materials for repair work.

The janitor ought to have a tool chest with a supply of the necessary tools for general repairs, I would suggest that Mr. Doucett be asked to make a list of the tools that might be needed.

The reqisitions for supplies for next year are being collected and mailed to you as they arrive.

I have made the recommendation in the earlier part of this report that the colours of the paint inside the classrooms be changed to White and Light tan for the lower part of the walls, I think this would be an imprvement on the present green and white or cream and green as they are painted at present.

Has the question of heating the schools with oil ever been brought up, I think it would be more ecomonical here and give a better range of heat control.

The old school bus which was secured from War Assets is not in very good shape, in fact it is in now for repairs to the radiator, it was blocked and the last day of school could be only be driven a few miles at a time due to it boiling, a requisition is being sent in for a set of wrenches for this truck, it is apparently different from the general run as it was a converted army truck.

I realize the above report is very lengthy, but I thought it was necessary as much of this work will have to be initiated from Ottawa during the interim until a new superintendant is appointed, the most urgent tning at the moment is a set of tools and authority to purchase or an order placed for paint and brushes.

Yours very truly

F. Matters

Stoves. The above letter dealing with a request for a stove to be installed in the new school being built here was answered on April 7th. 1948, but I have not beenable to find any reply to this letter on the files here, Will you kindly advise if this was approved and if steps have been taken to have an order placed for it.

No contract has been made for the finishing of the floors in the same school, and I am endeavouring to get tenders for the sanding and finishing of the floors, which I trust is in order.

The outside of the school has to be finished with stucco, also some plaster work done on the walls in the basement, the foreman carpenter is trying to locate some one who will be able to do the work and an estimate of the cost, these details will be sent to you as soon as we get them here so that a decision may be made.

Mr. F. Matters,
c/o Indian Superintendent's Office,
Muncey, Ontario.

With reference to your letter of June 30th regarding the account of $846.21 for material purchased from A. Fennell & Sons, this account has not been paid as we had to wait until the new appropriation was available. Arrangements are now being made to issue a cheque and this should reach the company within the next week.

Regarding your letter of July 3rd, we are requesting the Departmental Purchasing Agent to pruchase the stoker for the new school. We are submitting to him the quotation from Rhame Brothers, London, Ontario.

Muncey, Ontario. July 19th, 1948.

Dear Sirs:-

Re; Continuation School - Caradoc Agency.

I have a tender from the firm of Bowering Bros. R.R. # 1 London, Ont. for the sanding and finishing of the floors in the above school. Their price is 12¢ per square foot for sanding and finishing with three coats of Dec-lac.

This is the only tender I have been able to get for the job, and as the price appears to be reasonable I would recommend that it be accepted.

Yours very truly, F Matters.

March 3rd,
1 9 4 7.

Dear Mr. Hoey: Re: Middlesex - Mount Elgin Res. School

I am enclosing a list of articles puchased or taken over by the Department from the Mount Elgin Indian Residential School, and should be glad if you would look into the matter and give us an idea of how much we should get for these articles which are not priced. We have already received payment for the Chevrolet truck.

With regard to the adding machine, - it is a small machine and I think it should be worth $25.00.

As far as the work tables and chairs in the sewing room are concerned, - I shall leave you and Mr. Phelan to put a price on these.

We shall make no charge for the articles left in the library.

With regard to the crosscut saws and other articles which were left around the farm and buildings, - I think we should get something for these, but I am not sure how much they are worth, except the 25 tons of stoker coal. This is coal which you are now using and which you would have had to purchase.

We shall also be glad if you will put a price on the power tools in the manual training shop, which I understand were purchased by Mr. Strapp.

We shall appreciate your giving this matter your attention.

Yours sincerely,

GD. LT

Ottawa, March 10th, 1947.

Dear Doctor Dorey:-

Your letter of the 3rd inst., with reference to articles purchased or taken over by the Department at the time of the closing of the Mount Elgin School has been referred to this Division.

Inspector Arneil intends to visit Caradoc Reserve next week and will set a price on the articles on which a price has not already been agreed. As soon as he returns arrangements will be made to pay for them.

Please forward three accounts as follows:

1. Account for adding machine at $25.00 and typewriter desk at $10.00 purchased for the use of the Indian office.

2. Account itemized for book case, filing cabinet, office desk and chair and second office chair at a total cost of $80.00. These items will be paid from the Training Division Vote.

3. Account for the forty cots with mattress and pillow at $1.00 each - $40.00, which will be paid from the Welfare Vote.

Regarding the coal, it is presumed that you have an account from the firm from whom this coal was purchased and you should make up a separate account for this item, charging us for the coal at the same rate as you paid for it.

Yours very truly,

Bernard F. Neary
Supt. of Welfare & Training.

Mount Elgin Res. School

Your letter of March 10th has been received in Dr. Dorey's absence in Western Canada.

I am enclosing three separate accounts as requested in your letter. We shall be glad to hear from you again after Inspector Arneil has visited the Caradoc Reserve and set a price on certain other articles.

With regard to the price of the 25 tons stoker coal, - I am making enquiries about this and hope to be in a position to send you the account very shortly.

Yours sincerely,

In further reference to our correspondence concerning articles taken over by the Department at the time of the closing of the Mount Elgin Residential School, I might say that there is a telephone, which belonged to the Church and which is now in use by the Department. This was not included in the list of articles furnished you previously. I am informed the telephone is worth $12.00, and I should be glad if this amount could be included in the payments to be made to us for the articles purchased by your Department.

MR. WRIGHT, PUELAY

I wish to draw your attention to a wooden box refrigerator in the basement of the old Mt. Elgin School.

This piece of equipment is serving no useful purpose. It belongs to the Department and, since the school is condemned and has been closed for two years, has deteriorated and needs repair. If it remains much longer it will likely need repair beyond its value, or deteriorate beyond repair. I have many times been approached as to its disposal but always I have to advise that government equipment must pass through the Salvage Department before disposal may be entertained. I have had an offer of $ 10.00. I would therefore advise and recommend that it be declared salvage and disposed of [illegible].

Departmental Purchasing Agent

The Mount Elgin Indian Residential School in the Caradoc Indian Agency, has been closed since June 30th, 1946. In the basement of this building there is a wooden box refrigerator. It had been used by the school management for several years and if left where it is, it will soon need repair beyond its value.

Indian Agent Down states that he can secure $50. for this refrigerator and I would appreciate it if the Salvage Officer would authorize its sale at the price mentioned.

Memorandum

Re: Mount Elgin School.

When visiting the Caradoc Agency on the 22nd and 23rd of May, Mr. Arneil, Indian Agent Downs, and myself, discussed what should be done with the present Mount Elgin School, when the new school is completed.

Mr. Downs suggested that we should remove the two top floors, leaving the ground floor of the building and use this partly for a recreational centre for the Indians, the balance for meetings of home makers clubs, etc.

My own opinion is, it would be a very expensive proposition to carry out Mr. Down's suggestion, and when the work is completed, we would only have an old building, very difficult to heat, and likely, almost impossible to keep clean.

Mr. Down has already had inquiries from wrecking firms wishing to quote a price on tearing down the building.

I feel very definitely that when the new school is completed, the old school should be demolished.

No doubt, a recreation centre for the Indians would be very advisable, and possibly it should be located on the site of the present Mount Elgin School, but I believe that a new building erected for this purpose would not cost as much as it would to endeavour to renovate the present building, and would be much more satisfactory.

COLONEL ~~LEARY~~

Re: Caradoc Indian Agency

On November 12th I visited this Agency and found that the construction of the new four room school is proceeding in a very satisfactory manner. The day I was there the windows were being installed. As directed, the Agent is making inquiries from the firms whose names he has been given with reference to securing the wiring and the furnace.

It was found that water can be obtained easily from the pipe line leading from the former residential school and consequently it was decided to proceed with the installation of indoor toilets. Mr. Down will have a septic tank constructed.

If the electric wiring and furnace can be obtained in the near future, this building should be completed by the end of March, 1948.

I wish to again direct your attention to the old residential school. I still feel that this building should be demolished at the earliest possible date. In this connection I attach copy of a memorandum that I made on May 30th, 1946. At that time it was decided not to take any action. Several of the windows have been smashed and if the building is allowed to remain much longer, it will be a continual source of trouble. As the new school is nearing completion it seems the proper time to have the old main building of the residential school removed.

The construction of the Mt Elgin Res School was commenced in 1892 and was completed in 1896.

The original total cost amounted to about $30.000. (see correspondence listed on file nos. 3-0-5 W and 20-1)

I was unable to locate a statement indicating the size of the Bldg. but the plans of the main Bldg which I have obtained from an old official file, should give a good idea of its measurements.

Mount Elgin Indian Residential School Building -

The attached files concern the main building formerly occupied by students attending the Mount Elgin Residential School.

In 1896, when this building was erected, various Indian bands that were served by the school contributed $19,000.00 from their funds towards the capital expense. Since that time, the Department has expended from Parliamentary Appropriation for buildings and improvements a sum in excess of $130,000.00.

In 1915 fire destroyed some of the outbuildings and pursuant to the collection of insurance $7,499.00 was repaid to the band funds leaving an equity of only $11,000.00.

This school building was condemned two years ago and is no longer in use by the Department or by the Indians. We have erected a new day school a short distance away and intend opening this school during the summer of 1948. We are still continuing to use the separate classroom block of the old school.

It has been recommended that this old main building (not the separate classroom block) be declared surplus and turned over to War Assets Corporation as surplus government property. The point at issue is whether to have the authority to do this, in view of the Indians' equity in these buildings.

Mr. Downes,
Muncey Indian Reserve,
MUNCEY, Ontario.

Dear Sir:

Our representative Mr. Carl Grosskurth has requested that we send you information and prices on our Standard ARMCO STEELOX Buildings for use as rural school houses.

Proper insulation is perhaps the best solution to any heating problem. STEELOX Buildings are adaptable to standard forms of insulation and we recommend that the following practice be followed:

Walls: Walls may be insulated in any number of ways by the use of rock-wool batts, Alfoil or Miro Cell Aluminum sheets tacked to furring strips previously nailed to the panel ribs and then covered with wall board for the interior finish. An insulant that does not retain or build up moisture is recommended. It is imperative that a vapour seal be used in insulating both the walls and ceiling.

Ceiling: We recommend that our Standard STEELOX ceiling be used with some form of insulation placed above the panel ribs. As an alternative 2" x 4" joists supported on angles in the same manner as the STEELOX ceiling may be used. With this second method a vapour seal must be used above and below the joists.

STEELOX Buildings may be place on timber sills or concrete foundations depending on the type required. Adequate light is obtained from large windows and proper cubic volume by a 12' wall height.

Based on the above recommendations and suggestions we wish to quote as follows:

You will note that the steel is [illegible] interlocking sheets which can be quickly assembled on the site. They are also available in any size, height or length to meet the requirements of a building and is painted or treated to retain colour right through. Of course before any serious consideration is entertained I would like to visit and inspect the building referred to in North York and, as there is no immediate prospect of a speed up in building operations and certainly the price per unit of this type of building is more than comparable with a frame or brick structure, the proposition might be considered to advantage. I have received your letter of December 11th with regard to recent correspondence in connection with a portable steel school building built in North York.

In this connection and in view of the correspondence received from the Armco Company of Guelph, Ontario, and their complete statement as to the over all cost of a building which was submitted to you, I am of the opinion that there must be some misunderstanding as I am sure an old established firm of repute such as the Armco Company would not make such a statement without foundation. However, I am taking the matter up with Mr. Grosskurth who represents the firm and who is responsible for the information. You may expect a further report at a later date.

During recent visits to the schools I was approached by teachers as to the possibility of first aid kits. Such kits, at one time, were a regular piece of equipment of all our schools but the practice seems to have been dropped. I took the matter up with Dr. Wiebe and he feels that it is unwise to leave such materials exposed in the classrooms and suggests that each school be supplied with a small cabinet under lock and key and the personal supervision of the teacher. As far as I am aware the small kits were always under the personal supervision of the teacher but no cabinets were provided.

However, the suggestion is a good one and lends itself to a lesson of cleanliness in hygiene. I would therefore suggest, if it may be approved, that each school be provided with a small cabinet - say about 12" x 12" x 6". I do not know what they would cost but suggest that you may have placed them in other schools; if so you would know the source of supply and could perhaps order seven such cabinets. If you do not know of a firm, please advise and, if approved, I will endeavour to purchase the requirement.

I wish to acknowledge receipt of your memorandum of the 5th instant in connection with the above, together with files 7-0-5[illegible] and 7-0-5[illegible] closed.

It is noted that it has been recommended that the old main building (not the separate classroom block) be declared surplus and turned over to War Assets Corporation as surplus government property, the question in this connection being as to whether we have the authority to do this in view of the fact that some $19,000.00 towards the erection of this school was paid from various Indian Band funds.

The monies so paid from band funds were paid by virtue of two Orders in Council dated the 12th day of June, 1893, and the 17th day of January, 1895, which said Orders were passed in accordance with the then provisions of the Indian Act. Under these circumstances I am of opinion that the Indians could not claim any equity in the old main building which it is now proposed to turn over to the War Assets Corporation.

I am returning your Branch files 7-0-5[illegible] and 7-0-5[illegible] closed.

Departmental Solicitor.

Mr. George W. Down, Superintendent,
Indian Agency, Muncey, Ontario.

We are forwarding a submission to the Minister of Reconstruction and Supply requesting him to take the necessary action to demolish the main building of the former Mount Elgin Indian Residential School.

It is our intention to retain the separate class room block at present used for class room purposes and have a residence for the teachers.

It is possible that an official of the Crown Assets Allocation Committee will visit the Agency in the near future and inspect the school.

DEPUTY MINISTER

Attached is submission to the War Assets Corporation requesting them to arrange for the demolishing of the main building formerly used as the Mount Elgin Indian Residential School. This residential school was closed at the end of June, 1945. The main building was originally erected approximately 45 years ago.

We are just completing a new four room day school to replace the former Mount Elgin Residential School and this new building is located on the same property as the former school.

It is desirable to have the old building removed at the earliest possible date.

Muncey, Ontario,
Mar. 11, 1948.

As the Department is aware, some time during the year it is expected that the Crown Assets Allocation Committee will be arranging for the removal of the old Residential School building; therefore it is drawn to your attention that in the building there is a certain amount of movable equipment which belongs to the Department and which, it is assumed, would not normally be disposed of in the salvaging of the building.

Among the said equipment are cots, mattresses, pillows, kitchen range, walk-in refrigerator, washing machine, extractor and mangle. May this Office receive advice as to what the intention of the Department is regarding this equipment as it, of course, should be moved out prior to the demolition of the building. As far as the cots, mattresses and pillows go, if the Department has no place for them it would seem best to permit them being distributed among needy Indian families on the Reserve.

Re: Your File 7-0-5 (E,I)

I wish to refer to your letter of March 15th wherein you refer to various pieces of equipment at the former Mt. Elgin Residential School. In this connection you will recall that we purchased, complete with mattresses and pillows, 40 cots for distribution among aged, sick and needy Indians. Some have been given out when the occasion arose; if necessary the remainder will be disposed of as soon as possible.

With regard to the kitchen range it was my impression that Mr. Arneil had discussed the matter with you with a view to possible disposal. It is a large kitchen coal burning range suitable only for restaurant or institutional purposes. It is in very good condition, although after two years' idleness in a damp basement, it shows signs of surface rust. If the cost of transportation were not prohibitive it might be made available for any Residential School where one is required. It is approximately 8 feet long, 4½ to 5 feet high with 3 or 4 ovens and several top heating lids.

Reference is also made to an extractor and mangle in the old laundry. These pieces of equipment, among many others not mentioned, were left after the Rev. Mr. Zimmerman had had his choice of pieces which were transferred to the Mohawk Institute. All equipment is of the commercial type and would be suitable only for commercial laundry or institutional work. However, I must point out that it is all a little the worst for wear and in need of repairs. I would say that with the trouble of dismantling and repair the various pieces would hardly be worth salvage.

While we are on this subject it appears that much has been overlooked, although Mr. Arneil's attention was drawn to it many times. There are several bath tubs of the old rolled top style, in not too good a condition, and many of them are badly chipped. I have suggested, and still suggest, that they be disposed of free to best advantage where they would help our Indian people or, if they cannot be disposed of without payment, that a small nominal charge be made for each one.

There are also many odds and ends too numerous to mention, such as pumps, pulleys, line shafts, a gasoline engine and many other moveable fixtures. I do not, ~~of~~

know what is being done in the disposal of this building but I have been told that appraisers were on the spot a few weeks ago and and they found the proposition a little larger than they expected and that they would return at a later date. My conclusion is that it is a big job and the enumeration of the various pieces for disposal would hardly compensate for the work involved. However, if you wish I will enumerate the pieces I think could be disposed of to advantage. If I were asked for my own personal opinion, providing of course that no other purpose could be arranged for the building, I would say that the entire outfit be turned over to the War Assets Corporation for disposal.

Re: your File 7-0-5 (E.1)

I have received your letter of April 24th with regard to equipment at the former Mt. Elgin Residential School. In this connection I am a little confused as to what action I should take. Since my letter of April 2, 1948, Mr. Rock, representing the War Assets Corporation, of Toronto, was here and advised that the main building was transferred to his Department in January, 1948, for disposal. His instructions in the matter were apparently a little vague in that it mentioned only one building and did not mention equipment of any kind. He, however, decided to take inventory but just what he listed I do not know. I am wondering whether he took the bath tubs in. I am also wondering whether or not you were advised at the time the building was transferred.

Under the circumstances I thought it adviseable to contact you before disposing of the tubs, 11 in number. There are also a few wash basins, cupboards and tables which might be disposed of in the same way to our Indian people. In addition there are six electric light fixtures, quite old fashioned, which I have been offered $ 1.00 apiece for. I think the price

offered is fair. This is all that might be disposed of in the main building.

There are, however, some pieces of equipment in the old laundry but to date it would not appear that this building has been turned over to the War Assets, although Mr. Rock is writing his Department in an endeavour to have them clarify the matter. The question at the moment is - Shall I proceed as instructed in your letter of April 24th? Also advise whether or not I may dispose of the electric light fixtures.

Mr. [illegible] Brown, Superintendent,
Indian Agency, Muncey, Ontario.

With reference to your letter of the first instant regarding the equipment at the former Mount Elgin Residential School, I enclose for your information a statement received from War Assets Corporation regarding the building and its contents.

As the items mentioned in your previous letter are apparently included in the attached list, it is felt that we should leave the whole matter to the War Assets Corporation.

Solicitors,
396 Ridout Street,
London, Ontario.

Attention - Mr. G.N. Weekes

Dear Sir:

Former Mount Elgin Indian Residential School

I have for answer your letter of July 23rd and your telegram of July 28th concerning the above school buildings and the property on which they are located.

The school buildings are located not on the 200 acres described in Surrender 58½C but on the 4 acres described in Surrender 58½B, copy of which is attached. Both these Surrenders were signed on February 13th, 1849. At the same time, Surrenders 58½D and 58½E were signed.

The dormitory block of the old school, erected by the Canadian Wesleyan Methodist Conference and Missionary Society was destroyed by fire. In 1896 the Department built another dormitory block in order that a residential school could be continued at Mount Elgin.

A few years ago, this block was condemned by Departmental Engineers as it was in a condition dangerous to the school children. It was found that the brick arches were flattening and dislodging brick along

the underside of the arch. This loosening was caused by the settlement of the building at the north end, thus removing the lateral support over the arches. Before building another dormitory block, it was decided to have a thorough educational survey made to determine the type of educational facilities which would best serve the Caradoc Indians.

This survey was made by a Provincial School Inspector and by the Reverend E.E.M. Joblin, M.A., of the United Church of Canada (now supervising principal of the Caradoc Schools). Acting upon the recommendations made in this survey, it was decided to close the Mount Elgin Residential School and to open a new consolidated day school.

Action was immediately taken to begin the erection of a four room consolidated school completely modern in every respect. This building is now practically finished. It is situated near the old residential school buildings.

We have provided two school buses both in charge of qualified Indian drivers. The children are transported daily to and from the consolidated school. A competent staff of qualified teachers has been conducting classes up to Grade X in the old classroom block. These classes will, of course, be conducted next year in the new building.

The Reverend Mr. Joblin who has an M.A., in Education from the University of Toronto, has been appointed Supervising Principal and is co-ordinating the work of the day schools and the new consolidated school. He has the confidence of the two Provincial School Inspectors who supervise the schools of the reserve and they have both expressed their pleasure at the manner in which progress is being made in our educational system at Caradoc.

In a report dated May 20, 1948, School Inspector Young made the following comments:

"As the experiment advances, we see more and more benefits coming to the Indian Young People by reason of our policy. - - - - In the wider field of supervision of the Senior School, I think that Mr. Joblin has done a splendid piece of work - - - -."

We realize the need for agricultural instruction for these young Indians. At the present time we are negotiating with a qualified teacher who is a young veteran and a graduate of the Ontario Agricultural College, and hope to add him to our Caradoc teaching staff next year.

In view of the condemnation of the old dormitory block erected by the Department and the building of a new school, it was decided to declare this building surplus and to request War Assets Corporation to have it demolished.

You will note that we have not declared surplus the old classroom block or so-called Annex Building. This was erected in 1851 and enlarged in 1856. It contains three classrooms and living quarters for the teaching staff.

With regard to the 200 acres of land in Surrender 58½C, it was our intention to operate a model community welfare farm to be farmed by the Indians for the benefit of the aged and indigent Indians and for the instruction of young Indians in farming methods and techniques. Because of the lack of a farming instructor and the illness of former Superintendent Down, it was decided to delay this project until a new Superintendent and farming instructor were appointed.

A farming instructor is now at Caradoc and the Civil Service Commission is advertising for a

new Superintendent. Therefore, it is our intention, in due course, to discuss these proposals with the Caradoc Indian Council.

You will find that Section II of the Indian Act refers to the taking of lands for school purposes.

To the minister of Indian affairs
Ottawa

Dear Sir,-

We have been asked by one of the builders who has charge of the construction of the School on the muncey reserve. to submit a tender for your approval for plastering basement and stuccoing the entire out-side.

Having gone over the building with our builder. we would suggest for basement a mixture of cement and sand - one to five with enough lime added to make it workable applied 3/8 to 1/2 in thick. and the out-side surface sand and cement one to four with enough lime added to be workable applied 3/8 to 1/2 in thick. with a crystal-light finish.

we submit a tender for the sum of Eighteen Hundred and fifty dollars $1850.00 for entire job material included.

We have just received your tender from John Mungar and Sons for plastering the basement and stuccoing the outside of the Muncey School.

This school has cost us a considerable sum so far and we feel that the basement need not be plastered. A coat of bondex paint would make it very neat and bright. Please obtain a quotation for the stuccoing of the outside of the school and submit it to this office at your earliest convenience.

Re: Voucher No. 739

The above voucher in the amount of $ 850.00, in favour of A.S. Harding & Son, is submitted for your consideration as a part payment of the painting contract at the new Continuation School.

Under the original agreement it was presumed that work would be completed before the end of August but due to delay in construction it is going to be some little time longer, and as Mr. Harding is somewhat embarressed by the cost of material and labour he asks that this part be paid.

As the amount of $ 850.00 represents about 45 c/o of the total cost, and a good 65 c/o of the work has been done, I would recommend that his request be granted. Although it is not the usual practice to do so I think local circumstances and a small contract warrant it being done in this case.

Dear Sirs:-

In reply of yours of August 19th regarding tender for plastering basement and stuccoing outside of new Continuation School at Caradoc, you have asked us to submit a tender for stuccoing the outside of same.

We submit a tender for TWELVE HUNDRED DOLLARS ($1200.00) for the same specifications as before.

In regards to painting the basement, not understanding painting we feel as though we cannot handle it.

Yours very truly,

(Sgd) John MUNGAR.

Memorandum:

DEPUTY MINISTER

Re: New Caradoc Indian Day School.

We received a quotation from John Munger, Lambeth, Ontario, for stuccoing the outside of the above school, for an amount of $1,200.00.

This is a four room school with full basement and it is almost complete.

Regional Supervisor Watters, who has been acting as Indian Superintendent at Caradoc, recommends the acceptance of this tender.

I would appreciate it if the Minister would approve acceptance of the tender so that we may have the work done during the current month.

Director.

DEPUTY MINISTER

-5 (2.1)

Ottawa, September 9, 1943.

Dear Sir:

Re: New Presbyterian Church, [illegible]

We have received a quotation from [illegible], Lambeth, Ontario, for stuccoing the exterior of the above school, for the amount of $1,400.00.

This is a four room school with full basement and is almost complete.

[illegible] terms, [illegible] which will be [illegible] and [illegible] of this letter.

I am directed to say that no contract should be entered into for the work as they have not yet received full authority therefor.

Yours truly,

[illegible]

Mr. F. Matters,
Regional Supervisor
of Indian Agencies,
Muncey, Ontario.

With reference to the new Caradoc School, the Minister has approved acceptance of Mr. Mungar's tender to stucco the exterior of the school for $1,200.

Mr. Clark has returned to the office and reported on his visit to the school.

The windows in the men's and women's rest rooms should be casement windows, opening inwards. You should arrange to have this done.

Bernard F. Neary
Superintendent of Education.

October 30, 1948.

Mr. F.L. Hall,
Superintendent,
Indian Agency,
Muncey, Ontario.

We have your requisition of the 25th instant requesting 100 new desks and also 4 new teacher's desks and 4 teacher's chairs.

I presume that these are intended for the new school which is nearing completion.

At the present time the average cost of the desks is around $16.00. To fill the order will mean an expenditure of approximately $1,700.00.

Are there no desks in the present school that can be used in the new school? We do not see the necessity of supplying totally new furnishings if the present desks are in reasonably good repair.

Please let me hear further from you.

Bernard F. Neary
Superintendent of Education.

Re: Purchase of New Desks for Caradoc Continuation School

This is in reply to your letter of October 30, 1948 under file 468 -5- (E.1).

The decision to request 100 new desks and also 4 new teacher's desks and four teacher's chairs was made jointly by Mr. J. E. Morris, Regional Supervisor, Mr. E.M. Joblin, Principal, and myself. We felt that 140 desks were needed in the new school of which 40 could be secured from the old school.

To-day I was in contact again with Mr. Joblin and we feel that if the Department would be willing to replace the same next year that an additional 25 seats could be transferred from the old school for temporary use but the others in use at present, we believe, should be discarded. Many of them are double seats.

It would be unfair to the teachers to ask them to continue using the present desks.

We trust this will clarify the matter.

Yours truly,
Fred Hall

Mr. F. Hall,
Supt. of Indian Agency,
Muncey, Ontario.

With reference to your letter of the 4th instant, we are prepared to supply new desks for the Caradoc School to replace the desks that are not in suitable condition.

It is noted from the second paragraph of your letter that there are apparently forty desks that can be used in the new school but as the October enrolment of the Principal's report shows only seventy-seven, we can not understand why you request that one hundred new desks be supplied. It would appear that if we supplied forty or forty-five new desks that this number would be sufficient to handle the situation for the balance of the current academic year at least.

Incidentally, we would like to know the date on which you consider the school can be opened.

Philip Phelan,
Chief, Education Division.

Re: Desks for Caradoc Continuation School

This Office is unfamiliar with the policy of the Department as to equipment for new schools. However, it seems to us, and we believe it was the opinion of Mr. Morris and Mr. Joblin, that the rooms should be properly equipped. The rooms are of a size to accommodate approximately 35 pupils, hence we requested 140 desks for the four rooms.

No doubt you are aware of the increase in enrolment in these schools as the season progresses, therefore the October enrolment is not necessarily a true picture of the situation.

With the requests of Mr. Morris and Mr. Joblin, and our previous correspondence in your hands along with our opinions expressed herein, we would suggest you send the desks deemed proper by the Department.

As to the date on which the school can be opened, it is difficult to say. It has been two years or more since commencement of building and it seems difficult to get the necessary supplies to complete the plumbing. However, we hope to open by January 1, 1949.

Mr. Fred Hall,
Superintendent,
Indian Agency,
Muncey, Ontario.

We have your letter of the 23rd instant with further reference to desks for the new Caradoc School.

As intimated in official letter of November 13th, we feel that if forty five new desks are supplied at the present time, it should be sufficient to meet the requirements until after the end of the present fiscal year at least.

Our funds are limited and consequently we do not wish to purchase more desks than are actually needed between now and the end of March.

We intend to supply single chair desks and they are made in three sizes, namely, large, medium and small. Please let me know the number of each size that you require to make the total of forty five new desks.

Mount Elgin Indian Day School.

Mr. McCubbin, M.P., visited this office yesterday and discussed plans for the opening of the new Mount Elgin School. He is going to try to interest the Minister in visiting your agency on this occasion so that he might officially open the new building.

As soon as we receive definite information as to whether the Minister will accept this invitation, we will write you further. Mr. McCubbin has suggested that the official opening be held in the evening and that a small dance be held after the ceremonies are finished. At official openings in the past, the programme has usually fallen into three main parts:

(1) A short concert by school children, accompanied by display of work.

(2) Official opening ceremonies and short address by the Minister.

(3) Refreshments and social evening.

I would like to suggest that you discuss this matter at some length with your Supervising Principal and let me have your comments in the near future as to the type of programme and probable cost of putting on such a short entertainment.

Re: School Bus No. 1188
Caradoc Agency

This is a request for authority to have a new radiator installed on the above mentioned bus. The rough roads and vibration have rendered the one in use now beyond repair.

The cost will be between $ 45.00 and $ 50.00.

Gentlemen:

Re: Purchase Order No. 36745

Attached hereto is purchase order No. 36745 for chair desks required at the Mount Elgin Indian Day School, Muncey, Ontario.

Would it be possible for you to give priority to the delivery of these desks, as it is anticipated that the Minister of Mines and Resources will attend the opening of this new school early in January.

Yours very truly,

W. M. Vincent,
Departmental Purchasing Agent.

Indian Affairs Branch,
Dep't of Mines & Resources,
Ottawa, Ontario.

Enclosed find requisition for the purchase of two Panic Latches for the entrance doors of the new Caradoc Continuation School.

We are enclosing a sketch giving the information necessary when ordering.

We have made enquiries and find they can be purchased from D.H. Howden Co. Limited, wholesale hardware London, Ontario for approximately $ 60.00 per entrance less 27 per cent. This is black iron with brass bars and acts as a lock which can be decured from the outside.

Yours truly,

ATTENTION COL. JEARY

Re: Opening of Caradoc Continuation School

This is in reply to your letter dated December 2nd under file 468-5 (E).

We would suggest a programme of the following type:

(1) Inspection of school and pupil's work
(2) Pictures of other Indians at work and play.(Mr. Morris can give you more information on this)
(3) Addresses by Officials and musical numbers by pupils.
(4) Refreshments and social evening.

We would estimate the cost of such a programme to be not more that $ 25.00. This would include the rental of extra seats to be used while showing the pictures.

Yours truly,

Fred Hall

Fred Hall,
Superintendent.

Honourable Robert McCubbin, M.P.,
Strathroy, Ontario.

Dear Mr. McCubbin:

I have just been advised by Mr. Morris that Mr. Hall has been in touch with him concerning the opening of the Mount Elgin School. I understand that you have been advised by the Minister that it will not be until early February.

I thought I had better drop you a line to ensure that this is the case and that there is no possibility of getting our lines crossed in this regard.

Sincerely yours,

...ld F. ...,
...rintendent of Education.

ATTENTION COMMISSARY

Re: Opening of New Caradoc Day School

In our letter of December 21, 1948 concerning the above we set the tentative date of January 20, 1949 and also submitted an outline of the proposed programme. This date is now confirmed. The hour for the commencement of ceremonies is 8:15 P.M.

Since writing the above-mentioned letter, we have been in contact with Reg. Supervisor Morris and have been informed that he will definitely be on hand with the proposed pictures.

We ahve also been indirectly in touch with our local Member of Parliament, Robert McCubbin, who, we understand, intends bringing the Minister of Mines & Resources to our ceremony. Would you be so kind as to inform us what Officials of the Department, including the Minister, will be present so that final arrangements for the programme may be cpmpleted.

Yours truly,
Fred Hall,
Superintendent.

This is an approximate price

Attached is a copy of a letter received from Superintendent Hall. Mr. Doucet and I think that the price asked is extremely high. We believe that panic latches can be purchased at a much less cost.

D. Thelwell

I hereby certify that I have personal knowledge that all the above articles are required in the Department and for Departmental purposes only. The expenditure required by this requisition is strictly unavoidable and the public interest will suffer if it is not made.

Re: 25065, Miskokomon Harry
Your File 45007-41
Copy on: 15007-203 W.3.

In reply to your letter dated January 20, 1949:

(1) The house is located on the land being purchased.

(2) No answer needed.

(3) The house was formerly used by the gardner of the Mt. Elgin Residential School. It is unknown by whom it was constructed.

Considerable labour and money will be needed to repair and equip the playgrounds at the new Mt. Elgin Day School. It was hoped by Mr. Joblin, the Principal, and myself that the proceeds fro the sale of this house and the one being purchased by J. Hendrick could be placed in trust at this Office to be used for the aforementioned purposes. We would request that this angle be investigated.

Yours truly,

(Sgd) Fred Hall,
Superintendent.

Certified to be a true copy of a Minute of a Meeting of the Committee of the Privy Council, approved by His Excellency the Governor General on the 24th February, 1948.

The Committee of the Privy Council have had before them a report dated 19th February, 1948 from the Minister of Mines and Resources, representing:

"That the Indian Affairs Branch, Department of Mines and Resources, is constructing a four roomed day school on the Caradoc Reserve, in the Caradoc Agency, in the Province of Ontario;

That the construction of this building has reached the stage where plumbing and heating should be installed;

That we have received the following tenders which the Departmental Engineers recommend be accepted:

Plumbing - Rhame Brothers Limited, London Ont

Heating - Rhame Brothers, Limited, London Ont.

That funds are available for this purpose in Vote 181, 1947-48, Indian Affairs Branch, Department of Mines & Resources."

The Committee, therefore, on the recommendation of the Minister of Mines and Resources, advise that authority be granted for the acceptance of the two tenders mentioned above.

(Sgd) A.D.P. Heeney,
Clerk of the Privy Council.

The Honourable,
the Minister of Mines and Resources.

Re: Purchase Order No. 38072,
Amount - $ 71.56

I wish to advise that the above-mentioned Purchase Order does not cover the hardware required for the two main doors on the new 4-room school. It should therefore be cancelled.

The hardware required is as follows, and I suggest the Purchase Order be set up thus:

	Quantity	Description	Unit	Total
1.	2	Sets Panic Bolts 911248 (U) Brush Brass and Japanned Active Door Lock and Grip Handle Outside	38.72	$77.44
2.	2	Sets Panic Bolts 75 Single Top and Bottom Bolts Inside Trim Only No Outside Trim Release from Inside only	28.05	$56.10
3.	4	Barrel Bolts 4008 x 8"	.85	$ 3.40
				136.94

Items Nos. 1 and 3 have been delivered and they are being installed. This is necessary to make it possible for the main doors to be used.

It is regretted that it was neccessary to take this action. I would therefore recommend that a new Purchase Order be set up and the Company notified to cancel the original one.

DEPARTMENTAL PURCHASING AGENT.

Please find attached account of $136.94 in favour of Hobbs Hardware Co., Limited, London, Ontario. It was necessary to install these panic bolts on the doors of the new school in order to meet local Fire Marshall regulations before the night of the official opening of this school by the Minister. Mr. Regional Supervisor Morris arranged to have this Hardware Company provide the proper equipment necessary. Please issue purchase order.

Re: Purchase Order for Panic Bolts etc.
for New Mt. Elgin Day School

Your Purchase Order dated January 25, 1949, under file 87808-15-2 Ont., covers two sets of Panic Latches for fire exits which were unsuited for use on doors used as entrances.

In order to have this material for installation previous to the date of the Official Opening of our School, Regional Supervisor, J.E. Morris, visited Hobbs Hardware Company and made arrangements to have the proper equipment provided.

We are submitting a voucher covering the cost which we deem fair and just.

Yours truly,
Fred Hall

Re: 25065, Miskokomon, Harry
Your File 45007-41 W. 3

This is in reply to your letter dated March 1, 1949 wherein you stated that the purchase price of the house ($250.00) was paid to the Chippewa Band Funds Trust Account # 5. I presume that the same has been done with regards to the house sold to Hector Hendrick.

I am curious to know upon what authority or for what reason this money was paid into the Band Funds. The fact that the house is situated on what was Band land has been established. However, I believe that it is an undisputed fact that both houses were built for the use of employees of the Mt. Elgin Residential School. It would seem that the money for the construction of these houses was provided by either the Department or the Church or by both. Most definitely it was not provided from Band Funds.

In view of these facts I feel that the houses were intended for the benefit of the school. Our present school is

carrying on in the place of the Residential School and should inherit to some degree what had been bestowed upon the latter by both the Department and the Church. Besides, the Band, as well as the other Bands of this Reserve will benefit from the improvement of the grounds and surroundings of the New School whereas money in the Band Fund cannot possibly radiate such broad benefits.

For the above stated reasons I would ask that the decision to pay this money into Band Funds be reconsidered and that instead it be paid to this Office to be used to improve the grounds and surroundings of the New Mt. Elgin Indian Day School.

DEPARTMENTAL PURCHASING AGENT

Re: Purchase Order 38072
Your File: F.87808-91135-
15-2 Ont.

When forwarding our memorandum of March 21st with Voucher 212, we overlooked the above Purchase Order. However, on reviewing our file, we find the following explanation from the Indian Superintendent:

"Your Purchase Order dated January 25, 1949, under file 87808-15-2 Ont., covers two sets of Panic Latches for fire exits which were unsuited for use on doors used as entrances.

In order to have this material for installation previous to the date of the Official Opening of our School, Regional Supervisor J.E. Morris visited Hobbs Hardware Company and made arrangements to have the proper equipment provided.

We are submitting a voucher covering the cost which we deem fair and just."

We trust that this information will enable you to adjust the matter satisfactorily.

We received the above letter with reference to the requests you have received from organizations on the Caradoc Reserve for the use of School Buses to transport their members to and from meetings, picnics, etc.

There is a ruling to the effect that Dominion Government vehicles can only be used for the purpose for which they were purchased and consequently favourable consideration cannot be given to the requests that you have received.

Re: Voucher No. 160
Your File 468-5(E.1)

This matter seems to have become confused both in this Office and in yours, hence, I have made a thorough search in order to clear it up.

These bills are for glass bought for the Mt. Elgin Day School. Some lights of the wrong size were at first secured and later returned through our foreman. Since there were two sizes needed there were two receipted bills made out. The one bill is for 84¢ only because the returned glass reduced it to that amount. The other size cost a total of $5.76, hence the total amount expended was $5.76 plus 84¢ or $6.60.

We are enclosing a revised copy of the voucher for this amount.

Yours truly,

The extra labour inquired about in your letter dated June 24, 1949, we would estimate to cost $ 120.00. This is for laying shingles on Oneida No. 2 School and on Bear Creek School.

Anything that can be done to speed up the shipment of the required goods will be appreciated. Our two caretakers will soon be out of planned work and we want them to paint the schools.

Dept'l Vehicle # 1158

This vehicle is used for utility work other than transporting children. It refused to function recently and had to be towed to the garage. A check-up shows that the following repairs are required: motor, clutch, ignition wiring, brakes, king-pins, battery, generator, headlight wiring. Estimated cost is $ 325.00.

We ask immediate authority be given to have this vehicle repaired so that it may be ready for use on the opening of the school term.

	Superintendent Hall advises that the school bus (Departmental Vehicle #1183) requires immediate repairs. A check-up shows that the following repairs are required; motor, clutch, ignition wiring, brakes, king-pins, battery, generator, headlight wiring. Mr. Hall estimates the cost at $325.00 but does not state the name of any firm from whom he might have obtained the quotation.		

I hereby certify that I have personal knowledge that all the above articles are required in the Department and for Departmental purposes only. The expenditure required by this requisition is strictly unavoidable and the public interest will suffer if it is not made.

Re: Money for Hot Lunches at Mt. Elgin Day School

Thus far it has been impossible tp provide hot lunches for the pupils of this school because there are no stoves, hot plates or other cooking equipment. However, it has been the custom for many of the pupils to purchase a ½ pint bottle of chocolate milk for the mid-day meal. This milk is delivered daily at the school at a cost of 5¢ per bottle.

Mr. Joblin states that the children bring good lunches, come to school in heated buses and are housed in a comfortable building. Unfortunately many of them do not drink milk at home, hence this opportunity to provide them with milk seems to be well worth taking advantage of. We thought that the grant toward hot lunches might be used to subsidize the purchase of milk and thus aid in seeing that each child receives a just share throughout the year.

Your comments on this proposal will be appreciated.

Yours truly,

Fred Hall,
Superintendent.

Your File 125-12 (7)

With reference to your letter of the 13th instant, we agree with Mr. Joblin that there does not appear to be any necessity for supplying any additional lunch at this school at the present time.

Possibly, Mr. Joblin and yourself could review the situation when the weather gets colder, and it might be advisable to supply something for the months of December, January and February.

Re: Supplies for Mt. Elgin Indian Day School and teachers' Residence

Mr. Joblin is in need of some benches in the classrooms and some shelves in the cupboards. For this he asks for 300 board feet of dressed 1-inch pine.

Some of the desks required new boards on which the books rest when they are put away. For this we need 2 sheets of 4' 8" three-eighth inch ply wood.

Miss Daley is living in the same building as Mr. Joblin A room has been made into a makeshift apartment and we have gathered up some furniture for her. She would like to have a studio couch.

There was also the necessity of changing some of the electric wiring so Miss Daley could use her stove, toaster etc. Mr. Joblin bought the wire etc. and Mr. Johnston did the work. We are submitting for your approval a voucher covering Mr. Joblin's expenditure.

We would appreciate your immediate comments on the above requests.

Yours truly,
Fred Hall

The Principal suggested a departmental subsidy so that chocolate milk might be sold at a reduced rate to those pupils who stay at school for lunch.

According to the attached clipping it appears that the consumption of this commodity is discouraged in nearby white schools.

Chocolate Milk Sale Ended, Education Official Declares

Sale of chocolate milk in Toronto schools is a dead issue, unless a trustee decides to reopen the question, Chairman A. J. Skeans of Toronto's board of education, said last night. Trustee C. R. Conquergood, who brought the question of chocolate milk before the board last May, said he doesn't think the subject needs to be discussed again.

Advisability of selling the drink in schools was debated earlier this week by the Toronto Nutrition Committee, which decided it was bad for school children.

Evidence against chocolate milk brought out at this meeting was thoroughly discussed by the school board in the spring, when they decided to consider the question because the drink had been banned in Montreal and London, Ont schools.

Mr. Skeans said last night that he didn't know of any pressure from dairies to continue the sale of the drink in schools, as charged at the nutrition committee meeting. "But that doesn't mean there isn't any," he added.

Mr. Conquergood said the board gave the matter very thorough consideration at several meetings in the spring, then decided to take no action. "I don't think we need to consider it again," he said

Re: Mount Elgin Indian Day School

On a recent visit to the above mentioned school, our Educctional Survey Officer states that the Principal suggested a departmental subsidy so that chocolate milk might be sold at a reduced rate to those pupils who stay at school for lunch.

It is not the practice of the Department to follow the proposal suggested by the Principal.

Mr. F.L. Hall,
Supt. Indian Agency,
Muncey, Ontario.

Mr. C.A.F. Clark, on his latest report on the Mount Elgin Indian Day School reports in part as follows:

" There is still much equipment to be supplied or installed. Apart from what is required for vocational training for boys and girls, there are items such as the following lacking:

Mirrors for all washrooms (boys', girls', teachers')
New desks for the teachers
Library shelves and cupboards for other purposes
Blackboards in the basement rooms"

Would you kindly ascertain as to what is actually required and requisition in the usual manner. In reference to library shelves and cupboards, please advise what is actually required and whether arrangements can be made for construction by local labour. Perhaps, book cases would be more suitable.

With reference to blackboards, please advise the size required.

Philip Phelan,
Chief, Education Division.

MT. ELGIN INDIAN DAY SCHOOL
Muncey, Ontario

Report on equipment, in reply to letter from Mr. Phelan

Vocational Training: Boys. Materials now on hand, and work going forward on cupboards. Classes now being held in new building
Girls. Materials of purchase order arriving. Negotiations under way for kitchen cupboard. Separate letter forthcoming re Home Economics cottage. May be other smaller items required when we know what has been ordered.

Small items needed,- Mirrors, 1 large for girls' washroom,
1 " " boys' "
1 smaller one for each of two teachers'
Wastebaskets, 1 quite large in each of (rooms
the two pupils' washrooms, for paper towel
2 medium size, for large basement rooms, for
lunch papers, etc.
Clocks, some type of small clock for each of the four classrooms
Electric bell with transformer and button. For half-hour bells throughout the day. Have one, need second for basement.

Furniture,- Teachers' desks. 1 new desk just arrived. Now have two good desks, and two only fair. Not urgent, but should be replaced to match new pupils' desks as they arrive.

Pupils' desks. Received 45 new type desks. Should add to these each year, at rate of 25 per year. Now using old desks in two rooms. Some mi old two-pupil desks. Need 25 new desks, large size now. Could then let an occasional one go when needed in outside schools

Teachers' rest rooms. Ladies', at least a comfortable chair and small table. No space long enough for a 6 ft. cot
Mens',- table and chair

Folding chairs or benches for 100 persons for basement auditorium

Blackboards for basement are here, need only to be put up.

Bookshelves are being made by pupils. Are open shelves, and dusty. One enclosed bookcase in each room would prove very acceptable

Re: Mt. Elgin Indian Day School
Your letter of Nov. 24/49 under
File # 468-5 (E1)

As requested in the above-mentioned letter we submit prices at which the proposed furniture and equipment may be purchased.

(a) Electric bell with transfprmer and button - $3.50 ea.
(b) Chairs for teachers'rest rooms- chrime leg- leather upholster- 4 to 6 needed - 7.50 ea.
(c) Small desks, walnut finish, for teachers' rooms - 20.75 ea.
(d) 4 book cases - 48 in. high, 36 in. wide 4 shelves - 2 doors - 30.80 ea.

The book cases would be made to our specifications at the above price. The desks are listed here as they appeared more suitable than any tables we were shown and the price seemed reasonable.

Yours truly,

Fred Hull

Re: Mount Elgin Indian Day School
Your File 7/13-8-468

With reference to your letter of the 16th instant, the Department approves local purchase of an electric button and transformer at a cost of $3.50 each. You may also purchase 4 chairs for the teacher's rest room at a cost of $7.50 each.

Would it not be better to have bookcases for the classrooms made by carpenters. We suggest bookcases 6' high by 36" wide, with 6 shelves and with 2 doors without glass. Please let us know at what cost for material and labour these could be made.

We understand the rooms for the teachers are small, and we do not feel prepared to authorize purchase of the small desks mentioned in your letter. Actually what is required is 2 or 3 small tables which you could purchase at a much less cost than the proposed cost of the desks.

You will require to make full enquiries and to exercise great care and judgment in the execution of this survey. It will be necessary to ascertain, if possible, whether the lands were ~~sold~~ properly surveyed at or about the time the surrenders were executed and in every case you must adhere to long established boundaries unless the proofs that they are incorrect are indisputable. As the lands are described by metes and bounds you will require to follow these metes and bounds as closely as possible as these are the limits of the lands whether they enclose a greater or a less area than they are stated to contain in the surrenders.

Plant substantial wooden posts at all angles on the boundaries and at as many of these as you think advisable plant iron bars of one inch round iron, pointed at one end and squared at the other. The letters M. E. I. (Monarch Elgin Imperator) should

THE GREAT NORTH WESTERN TELEGRAPH COMPANY OF CANADA.

ALL MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:

It is agreed between the sender of the following message and this Company that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of an unrepeated telegram, whether happening from negligence of its servants or otherwise or for delays from interruptions in the workings of its lines, for errors in cipher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same. To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing stating agreed amount of risk, and payment of premium therefor at the following rates, in addition to the usual charges for repeated messages, viz.: One per cent. for any distance not exceeding 1000 miles and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination. [illegible] This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

Diary from May 20. July 1st
J. Bruce

177333

1896
May. 20. Left Ottawa for Caradoc Indian Reserve.
" 21. Reached Melbourne this evening
" 22 to 28. Surveying Mt. Elgin Institution farm lands and buildings.
" 29. Went over to Oneida Indian Res. to survey Powless Estate, but the Council refused to be at expense of survey
" 30. Telegraphed dept. at Ottawa and while awaiting arrangements by Agent McDougall I proceeded to the Six Nation Reserve to survey the S. E. boundary thereof, and reached Brantford at 6 P.M.
June 1. Consulted Agent Cameron who decided to have the whole S.E. boundary surveyed and staked. Consulted O.L.S. Fair but got no information from him. Wrote Indian Dept. Ottawa and Crown Lands Toronto.
June 2 to 13. Surveying the S. E. boundary of the Six Nation Indian Reserve.
June 15. Returned to St. Thomas and remained there over night.
June 16 to 23. Surveying and subdividing Lot No. 6 of Range 6. Tp. of Caradoc.
June 24. Crossed over to Oneida Reserve and began surveying Powless estate.
June 25. Completed survey of outlines of Powless estate.
June 26. Crossed over to Caradoc again to survey the Walker drain but on examination found it too wet for the present.
June 27. Placed iron posts around lot 6, Range 6. Tp. of Caradoc.
" 29.

Diary Cont'd

1896

June 29. On platting the surrey of the Powless estate it was found that the proposed division was not commendable, and as the agent was ill and that I intended to return in the space of a month, I deemed it advisable to postpone subdivision of Powless estate until I would return and the Agent would assist me to arrange a better subdivision. I wired Dept accordingly.

June 30. Started for Ottawa.
July 1. In Brantford.
" 2. Cont'd journey to Ottawa.
" 3. Reached Ottawa.
" 4. Reported for duty.

June 25. Completed the outline survey of the Powless estate, but as there are over 40 courses in my survey of it, I am forced to postpone the subdivision survey of the estate until I have plotted my work on paper.

June 26. Returned to Caradoc Reserve to survey and lay out a ditch to drain certain lots in ranges 2 & 3, but on examination of the site I find that there is still too much water on the ground to undertake the survey.

June 27. Put in all the iron posts bounding and subdividing Lot 6, Rge. 6, Tp. of Caradoc.

June 28 — Sunday

June 29. Find the proposed subdivision of the Powless estate is impracticable, and as Mr. Agent McDougall is ill and unable to assist me in treating with the Indians regarding a new subdivision, I reported circumstances to the Dept. and am ordered to Ottawa

June 30. Left Melbourne for Ottawa.

Sir,

I have the honour to acknowledge the receipt of your communication of the 19th inst., and in reply beg to state that during the whole month of June last I was employed as an Ontario Land Surveyor — being duly licensed to act as such — and did professional work according to your instructions on the Caradoc and Oneida Indian Reserves of the County of Middlesex, and re-marked the southeast boundary of the Six Nations Reserve, in the County of Haldimand.

The number of miles run or surveyed by me during the month of June last were thirty (30), made up as follows:

	miles
S. E. boundary of Six Nation Indian Reserve ...	9.00
Con. lines run to locate said boundary —	10.00
Re-survey of lot 6 R.p.c. 6, Tp. of Caradoc	1.00
Lines run to locate boundaries of same —	5.00
Outline survey of Powless estate, Oneida Ind. Res —	5.00

I herewith subjoin a copy of my diary — the month of June last, which specifies my actions and employment for that

Sir

I have to request you to proceed to the Mount Elgin Institute and after consultation with A. J. McDougall Esq the Indian Agent, and Rev. W. Shepherd the Principal of the Institute and with the Chiefs of the bands whose lands adjoin those of the Institute to carefully retrace the limits of the lands granted for the use of the Institute.

The only records apparently to be found regarding these lands are contained in Surveys Nos. 58½ b and 58½ c.

In 58½ b a parcel of land is described by metes and bounds and is stated to contain four acres more or less.

In 58½ c two parcels of land are described also by metes and bounds and together stated to contain two hundred acres more or less, that is the lands of the Institute ~~are supposed to~~ have together an area of two hundred and four acres more or less.

I am directed by the Minister to enclose a copy of Mr.T.D.Green's Report of Survey made by him of the land at present occupied by your Institution,also a Tracing of the Plan showing the land coloured in red in excess of that included in Surrenders Nos 58½B and 58½C,copies of which are likewise enclosed,and I shall be glad to receive a reply from you,indicating what Concessions,if any,you are disposed to make in order to satisfy the Indians. It appears that the Indians desire to be secured in the land marked in red around the 22.50 acre lot,together with the Walnut Grove and Road,which leads to the ford across the River Thames and which is used by the Oneidas and Chippewas passing to and fro.

Sir:-

In reply to your letter of March 22nd. No. (131,802)1.

[illegible] the new survey of this Industrial [illegible] school lot, I wish to say that when in Ottawa I [illegible] to you a plan to you more fully my views on the matter of the re-survey. Your letter from the office of Deputy says to [illegible] me. But I [illegible] to say a few words.

I will also give you a few of my reasons why there should not be any change in the lands of the Institution farm. That is what principally [illegible] us in our [illegible] after our early surveys, should not [illegible] with after our lands [illegible]. I may say that the [illegible] the Department of the re-survey without any consultation with the authorities of the Missionary Society was to us more than a surprise. We have been accustomed to regard our affairs here within the terms of the agreement as [illegible] it is possible for a Government to alter them.

That a few of the Indians not connected with the Institution [illegible] should claim [illegible]

to our disadvantage is not to us a matter of surprise, for it is not the first time. The Department has always been our protector when any encroachment has been attempted.

It is only a few years since the Department was petitioned to have the road-way, west side of the farm proper, enlarged by taking about 4 rods off the farm from the North to the South. On investigation by Agent Dingman it was ordered that there be no change. We had hoped then that matters were settled for all time to come. Since then at large expense we have gravelled the roads and renewed fences making things permanent.

We are sure that the Department before consenting to any change from the original bounds fixed by a properly authorized survey in /84', when this was comparatively a wilderness, will consider the strength of our claim, land cleared, fenced and tiled the land and brought it to a very high state of cultivation.

One of the reasons assigned for the re-survey is the supposition that we have more then the 2o4 acres. But according to our own measurement we have not, but let that be as it may. If the new survey had shown that we had less then the 2o4 acres we would simply have been refered to our title, which calls for 2o4 acres more or less. At the same time if the new survey is correct and if we have more then the 2o4 acres does not our title allow it?

Again a glance at the map of the new survey will show you that it takes off a large strip of the North side of the farm. This strip includes our Carptenter and Shoe shops, lumber shed, Recreation Hall and one farm residence together with nearly all the boy's play ground. All of which has always been re-

garded as the property of the Institution with the exception of a road way leading to the ford and what is called the Walnut park sloping from that road down to the river about 2 acres. Would the Society and would the Department have authorized the erection of these buildings on said land if not included in our title?

I want to just here speak of what I think led to a mistake in the new survey. It is this ,the river is constantly encroaching upon the Walnut park so much so that nearly half the amount has gone away in our 16 years. How much it has changed since /840 until our time we cannot just say but the bed of the river has changed at least 35 ft. in the 16 years. This slide has necessitated moving the road at top of the hill leading to the ford back on the boy's play-ground. So that the second fence has had to be removed in /0 years. The mistake seems to me to have been made by the survey taking a point as far back from the river bank as the one that was taken in /840,while the river in that time must have moved some 75 ft.

You ask what concessions we would be willing to make in order to satisfy the indians. I have not had any conversation with the indians touching this new survey with the exception of Chief John Henry,whom I consulted privately since receiving your letter of March 22nd.-to find out what led up to the new survey and how far the indians were dsisatisfied with the present boundaries of the Institution farm. He says the indians are not dissatisfied ,but that the agitation for the re-survey was brought on just before the local elections for chief, by one who was then a member of the council and was ambitious to be elected Head Chief and thought this scheme

of curtailing the Institution property would make him popular with the band and secure his election. The other councillors did not like to oppose it on the eve of an election for fear of their seats and it carried by a small majority. Now Mr. Henry says the proof that the indians are not dissatisfied is seen in that they did not elect that man as chief, nor give him any official position in the council.

In regard to making any concessions to the indians . The road for the present will have to be continued with gates though it is moved in on the Institution property from where it was. The prospect is that in a short time a bridge will be built connecting the two reserves. It is now being agitated and will be either on the reserves or adajacent to them. When built this road may profitably be closed up. The Walnut park never did belong to us but has been used by the Institution and could not well be used by any body else as the Institution has a Government lease of the land across from it and it is included in that as a pasture. The most they could expect is rent for the 2 acres, which is not worth the name.

The fence is not on the line of the 22 acre piece across the road from the Institution proper. Whoever built the fence took in about an acre more then belongs to us. The fence should be rebuilt and it is my intention to put it on the line where it should be some time this Fall.

There can be no question but that the river on the North and East after you pass the little park and the ford for Oneida was intended to be the boundary in that direction and the road on the West side of the farm pro er the boundary in that direction. So that the only thing remaining is the slight excess in the 22.50 acre field and that on the North we hope

4 April 1897

Re Wm. Shepherd's
Pre-emption
Walla Walla

In connection with the letter of the Rev Wm. Shepherd of the 17th inst I beg to report that:

1. The present boundaries of the School Farm and Model Farm are not in accordance with the surrender, but if Mr. Shepherd can substantiate his statement to the effect that the present boundaries are what were originally given after being properly surveyed it would certainly be a strong point in his favor, as original survey marks must govern.
2. Where two parties are interested in a boundary line either party may request and have a survey made of such boundary.
3. There is no doubt that the Carpenter and Shoe shops, Lumber shed, Recreation Hall and one farm residence are on unsurrendered lands
4. The re-survey is correct to the best of my knowledge and belief, and Mr. Shepherd cannot be allowed to state, unless alleged, that there is a mistake in the new survey. If he is dissatisfied with my survey he should engage another Surveyor at his own expense to prove the correctness or incorrectness of it before making such a statement.

5. Mr. Shepherd admits that the Walnut park never belonged to the Institution and that the fences around the 2-2 acre lot are not our lines.

6. Mr. Shepherd may be correct in his contention of what part of the river was originally intended to be the boundary on the north and east side, but there is no circumventing the fact that the Institution can have no legal title to unsurrendered Indian lands.

7. I would suggest that Agent McDougall be communicated with and requested to state his views on the subject.

8. My suggestions of a settlement are contained in your memo. of the 15th inst. and if Agent McDougall is communicated with in this matter, he might also be asked to state if he thought the compromise if one suggested practicable

MEMORANDUM

Ottawa 16th March 1897.

With reference to the land held by the Mount Elgin Institute on the Caradoc Reserve, the undersigned would state that by Resolution of the Chippewa Band in Council held on the 20th January 1896, they asked that the land claimed by the Institute be ensured. Accordingly Mr. Green was sent for the purpose. His report is herewith. The land held by the Institute is 204 acres as will be seen on reference to Surrenders 5?E and 5?C attached.

It will be observed that according to Mr. Green's survey he gives the quantity of land under the Surrenders as 203.20 acres, still leaving an overplus of 30 acres, claimed by the Institute and not covered by a Surrender. Upon discussing the matter with Mr. Green, the undersigned considers that a compromise might be made with the Indians, whereby they could be secured in the land marked in red on the 22.50 acre plot, together with the Walnut Grove and Road, which leads to the ford across the River Thames and which is used by the Oneidas and Chippewas passing to and fro. This would necessitate a Surrender ~~a Surrender~~ from the Indians for the remainder of the land to be held by the Institute for the same purpose as that given under the original Surrenders, and would also necessitate changing their fences so as to secure the Indians in the other land referred to.

Ottawa 18th May, 1897.

to the Superintendent General,

In lieu of the fact that Head Chief Henry, of the Muncey Band of Indians, expresses himself very strongly in favour of the Mount Elgin Institute retaining possession of all the lands they have occupied for a great lenghh of time, and in fact states that he is in favour of adding to these lands, instead of taking from them, the undersigned has the honour to recommend that the Indian Agent be instructed to endeavour to obtain a Surrender of the lands shewn to be held by the Institute, but not included in former Surrenders, and of the privilege of closing the road referred to, at such time as the proposed bridge may be built, but should the Agent fail to obtain this Surrender, the Department will reserve its action. The Rev. Mr. Shepherd's contention that the Institute has had long and undisturbed possession, is a very strong one, although not good as against lands held by the Crown, and it is to be remembered that the Ontario statute gives title to such lands after ten years of undisturbed possession, except against the Crown.

I have the honor to acknowledge the receipt of Official letter of the 24th ultimo No 131,802/2 Enclosing Form of Surrender in Duplicate covering the Lands held by the Mount Elgin Institute but not included in former Surrenders and requesting that the matter of Surrender be laid before the Band

In reply I beg to say that a meeting of the Band in council was held on the 29th instant for the purpose of considering the matter. After several of the Indians had spoken on the subject a Resolution was passed to the effect that the Band was not willing to Surrender the lands in question. The Resolution is enclosed herewith. There were only about 25 Warriors present & do not see how this land can be of any use to the Band, or any one excepting the Mount Elgin Institute.

MEMORANDUM.

Ottawa 13th October, 1897.

The survey made by Mr. Green of the lands of the Mount Elgin Institute, which survey was made at the request of the Indians, shewed that the Reserve occupies a strip of land along the River Thames, containing 27 Acres in excess of the lands rightfully held by the Institute under Surrenders taken many years ago.

The Institute has been in occupation of the said strip of land, for over 50 years.

The Principal, Mr. Shepherd, thinks that there is no excess of land held by the Institute, but that the said excess constitutes what was formerly a tow-path along the River.

Mr. Shepherd is in error on this point, as a tow-path would not occupy 1/4 of the said area of 27 Acres.

The said strip is a steep side hill for almost the entire distance. It is very probably that the said side hill was considered, at the time of the original survey, to be of little or no value,, and the boundary of the Institute lands was then defined along the top of the bank, and not along the edge of the River.

The Indians have made no request that the said land should be vacated by the Institute, and it appears that only a small portion of the said strip could be utilized by them, but after a request made to them, they have decided that they will not surrender the land, in order that it may be legally occupied by the Institute.

It would evidently be a great hardship to compel the Institute to vacate this land, at this late date.

Under the circumstances, it might be advisable to simply let the matter drop, but as a feeling of unrest and dissatisfaction would continue, I would recommend that Mr. Shepherd be informed that the Department does not at present intend to take away the use of this strip of land from the Institute, but that he should endeavour to arrive, as soon as possible, at a satisfactory arrangement with the Indians, in order to place the matter on a proper footing.

Mr. Shepherd should also be informed that he should place the fences along the outer boundaries ~~of the Institute~~ on the correct lines, as soon as this may be conveniently done.

I would also recommend that the Indians be informed through their Agent, that the Department regrets that they have refused to make the desired Surrender, and that in view of the fact that the Institute has been long in occupation of these lands, ~~xxx~~ it would be unjust and unfair to take this land from the Institute, and would therefore advise them to come to some mutually satisfactory understanding regarding the matter, with the Principal, Mr. Shepherd.

Reverend Sir,

Referring to your letter of the 3rd August last regarding the re-survey of the lands held by the Mount Elgin Institute, I beg to inform you that the tow-path, to which you refer, would not occupy one quarter of the area of 37 Acres, held in excess, by the Institute.

This excess, as I believe, consists principally of a steep side hill, it was therefore, probably not included in the original survey of the Institute Lands. The boundary along this portion was probably along the top of the bank, instead of along the edge of the river.

The Department has decided not to take any action at present, to dispossess the Institute of the occupation of this land, but I have to request you, to come to some mutually satisfactory arrangement with the Indians, in order that the matter may be put on a proper footing.

Rev.Sir,

In regard to the excess of land held by the Mount Elgin Institute,I beg to inform you that a Surrender of the same was submitted to the Indians in order that it might be properly occupied by the Institute,which has been in occupation thereof for a great length of time,but the local Agent Mr.McDougall has just reported to the Department that the Band refuses to consent to their Chief's signing any documents for the surrendering of the 50 acres of land held in excess by the Institute,except for leasing purposes.

Before any further action is taken by the Department in this matter,I should be pleased to have your views as to whether a Lease would be satisfactory,the term thereof and what rental you consider the Institute should pay therefor.

My dear Mr. Pedley,-

In a letter just received from the Rev. T. T. George, Principal of the Mount Elgin Institute, he mentions and emphasizes the importance of securing

"the control of the lands, some seventy-five acres, from which we draw our chief water supply. Said control should be by permanent lease or through surrender so long as used for Institute purposes. . . .I am having a map of the water supply prepared which will aid the presentation of the case. It does not seem right that our water supply for fire protection, sewerage and stock, should be in its source under the control of persons who might at their will or money cut it off completely near its source. This land needed is not valuable as farming land and not improved by buildings therefore not expensive."

I am sure you will see the reasonableness of Mr. George's request in this particular and I sincerely hope the Department will take steps to secure the control of the lands in question.

Sir

Enclosed herewith you will find a map of the Mt. Elgin Industrial Institute and the lands owned by Jerry Henry and Mrs Isaac (formerly Miss Loucas) I have endeavored to show on said map the location of the Institute buildings the fencing and galvanized pipe by which the water is supplied from the south east corner of the Henry Isaac farm and also of the Institute farm. also the location of the hydraulic ram and piping by which the spring water from a hill to the north of the Institute buildings is conveyed to the main buildings and the barns. The reason for forwarding you this plan at present is because the Institute has been called to account by the Dept. of Public Works for the payment of rent for the water supplied to the Institute by the hydraulic ram and piping. The Institute has been supplied with water from the above mentioned spring since the year 1894 and no rent has ever been charged for the same. Now the Institute is in receipt of a letter from the Dept. of Public Works stating that rent for the water supplied to the Institute must be paid. I have written to the Dept. of Public Works stating that I would forward a plan of the water supply to the Institute buildings and that I would call your attention to the matter. I am not aware that any rent has ever been charged for the water supplied to the Institute and I would be glad to know if any rent is to be charged for the same. I am also writing to the Dept. of Public Works stating that I have forwarded a plan of the water supply to the Institute buildings to you and that I would call your attention to the matter.

Dear Sir;-

Mrs. Elizabeth Maskelonge an Indian woman from the Muncey Reserve has instructed me to write your Department regarding rent due her from Mr. McVettie in charge of the Muncey Institute for rental of Fifty acres of land she owns, and which rental he refuses to pay upon the ground that the Agent at Delaware has forbidden him to pay my client her rent, giving no reason. As far as I can learn the circumstances of the leasing of my clients land are as follows:

Some years ago my client leased her farm of fifty acres to Mr. Shepherd in charge of the Muncey Institute at a rental of $30. per annum he to keep up fences and she reserving the right of pasturage for two horses. Mr. Shepherd settled and paid her before his death.

After Mr. Shepherd's decease a Mr. George took charge of the Institute and my client entered into a continuation of the lease to Shepherd with this change, that George was to pay $45. and to build a wire fence to properly fence the said land, and that if my client did not use her privilege of pasturage he was to pay her extra rent.

This lease to George was in writing and signed by the parties and left in George's possession. My client did not use the pasture. George paid her $45 and left institute about June 1909. Mr. McVettie then took charge of the Institute and is occupying the said premises and has paid no rent, and as my client informs me, as I have before stated refuses to pay her upon the advice of the Indian agent.

This seems to me to be a great hardship, that her lands should be used and occupied by McVettie and he pay nothing for them. Will you therefore please inquire into the matter and let me know at your earliest convenience, and oblige,

Yours truly,

Sir-

I beg to call your attention to official letter to you of the 19th Ultimo, enclosing a communication from Mrs. Elizabeth Meakelongo, in regard to certain rental stated by her to be due and payable by the Rev. Mr. McVittie of the Mount Elgin Institute, and have to request you to be good enough to favour me, at once, with the information called for therein.

Mr. [illegible] Scatchered, Barrister of London, Ontario, has written to the Department, complaining of the delay in this matter, which would certainly seem to have been unnecessarily delayed.

Your obedient servant

J. D. McLEAN,

Asst. Deputy [illegible] Secretary.

Sir.-

Referring to your letter of 19 Oct 1910

No. 155001/12

I enclose copy of agreement made by Rev T. Wright with Elizabeth Matkaimus for rental (Spinale Lease) of land reserved by him on the Crooked

According to the agreement the rent paid for the years 1907 1908 are arrears and after a payment of $50.00 in the following years the annual rent is to be paid as follows 30.00 Jan 1st/10 20.00 Jan 1st/11 20 Jan 1st/12 Mrs Matkaimus by enclosed account claims to have paid her rental due Jan 1st/10 and $5.00 of the amount due Jan 1st/11. She has been waiting some time to make further advances but as that was due she claims to do saying that the "Dept was not in favor of advance rentals"

I have not stated to the women that we accept the Rev Wrights agreement during his absence but have written him asking him to arrange with Mrs Matkaimus to surrender the lease & get her a return from the land.

Sir-

I beg to acknowledge the receipt of your letter of the 2nd Instant, with enclosures, relative to the claim of Elizabeth Maskelonge for rental from the Rev. Mr. McVitty, and in reply to say that while, as you well know, the Department is opposed to private agreements of any kind between Indian Locatees and tenants, yet, in view of the exceptional circumstances in this case and the fact that the Lease has been in force for three years, the same will not be terminated, but the Department does not feel disposed to take any action in the matter, the same being entirely between the parties interested.

Regarding the foregoing, I may say that, at the expiration of the term covered by the existing agreement, if the parties are desirous of having the land again leased, the agreement must be submitted to the Department and a Lease issued in the usual way.

OTTAWA, 14th December, 1910-

Sir-

With further reference to your letter of the 11th October last, relative to the claim of Elizabeth Maskelonge for certain rental stated by her to be due her by the Rev. Mr. McVitty, I beg to say that the Agent has reported fully in this matter to the Department, forwarding copies of all documents in connection therewith from which is has been ascertained that the agreement was made between the Rev. T. T. George and the Indian owner of the land, Elizabeth Maskelonge, the same not being submitted to the Department and, consequently, no formal lease was issued nor the sanction of the Department given in any form. In view of the foregoing the Department has advised the local Agent that it is not disposed to take any action in connection with collection of moneys said to be due, it being absolutely contrary to the policy of the Department to, in any way, recognize agreements made between White men and Indian owners of land, when the same is not submitted for approval.

The Instute, Muncey, March 28 1911.

Duncan C Scott, Esq,-

Dear Sir, As per your instruction I urnish you herewith statement of rent of land for 1911. Muncey Instute. This does not include some large amounts already paid in advance on ten year lease.

I have just secured a competent music teacher for the pupils. We need a piano, and can secure a suitable one for $250. If the Department would complete the Laundry Machinery which is your property, by taking over the Mangle for which I paid $250 cash, I would use ~~x~~ aut. to purchase piano.

Ottawa, April 26, 1911.

MEMORANDUM:-

Mr. Orr.

The Department has decided to assume the cost of rental of lands in connection with the Mount Elgin Institute from the 1st instant. As heretofore all leases should be made out in the name of the Principal, who should conduct the business and make the payments as they fall due. The Department will then recoup him on the first of each fiscal year. We desire to make payment for the current fiscal year in advance out of last year's vote and I would ask you to be good enough to check the enclosed list of land and rentals as submitted by Rev. Mr. McVitty.

Rev. Sir,

Referring to your communication of the 28th ultimo with which you enclose schedule of leased lands in connection with the Mount Elgin Institute I beg to say that the Department has decided to assume the liability for the rental of these lands from the first of April and a cheque for $797.00 was sent you.

Your statement shows that you have land [redacted] leased from twenty Indians of which the Department has no record and I have to ask you, therefore, to be good enough to forward the Department copies of the receipts from these Indians to whom payment was made by you. These should be attached to one of the ordinary voucher forms and certified by you. I would ask you to give this matter immediate attention.

The Department regrets that it has no funds available with which to recoup you for expenditure incurred in the purchase of the mangle for the laundry.

Dear Sir

I am in receipt of your favor of April 29. in which you ask for receipts for monies paid as ant- to certain Indians Some of these receipts are on hand, some are not. Some of these Indians are widows and their ant. is their only means of support If I paid it all at once and took receipts as you seem to suppose I do, they would spend it all in a few weeks and would have to pay it again or listen to their cries for want. For instance -
Katherine Spencer is a woman whose husband has deserted her. She is old and unable to work. Dec. 1st 1910. her ant. which is $35.00 per annum was 40% unpaid I gave her 20% and placed her ant- in her own hands. She has received in Cash. I have to acknowledge the receipt of your letter of the 5th instant in reference to the procuring of receipts for money paid by you for rental of lands in connection with the Mount Elgin Institute.

In reply I beg to say that, in view of the fact that in the past you have not obtained these receipts owing to the methods of payment, the Department will accept on this occasion the vouchers properly certified by yourself and a supply of blank forms is being sent you for the purpose. In future, however, I would request you to take receipts from the Indians for all payments in order that they may be attached to the vouchers.

Rev. Sir,

I have to acknowledge the receipt of a voucher containing a statement of the amounts paid by you to the Indian lessors for the rental of land used in connection with the Mount Elgin Institute, amounting in all to $737.00.

I beg to enclose herewith a cheque for $797.00. As it was necessary to pay this account for rental out of the appropriation for the last fiscal year the enclosed cheque was drawn previous to the receipt of your letter of the 15th ultimo and for the amount of the account as first rendered by you, which contained an item of $60.00 for rent to John Winhem for land leased for your own purposes. You will be good enough, therefore, to make a refund at once to the Department of the $60.00 thus sent you in excess of the account.

Reverend Sir:-

Referring to your recent communication, I beg to transmit herewith cheque no. 1009 for $755.00, in refund of rental paid by the Mount Elgin Industrial Institute, for land occupied for school purposes. With reference to the voucher submitted, I beg to say that the receipt which you forwarded from Melinda Cornelius shows that the amount paid her was $15.00 not $17.00 as shown in the statement, consequently $2.00 has been deducted from the amount of the voucher. I have also to inform you that $82.00 has been retained for two years rental under lease No. 35, and one years rental under lease No. 280.

Your obedient servant,

Asst. Deputy and Secretary.

Rev. S. H. McVitty,
Principal,

The Secretary,
Dept. of Indian Affairs,
Ottawa, Ontario.

Dear Sir:-

Following instructions contained in official letter No. 101,281 April 9th. 1919, I have secured signatures of owners of land covered by Govt. lease 383, which expires next April. I have also handed the application over to the local Indian Agent, who will no doubt take the matter up with the Department.

On looking over the map attached to the above mentioned lease, it will be seen that all of the land lies along the opposite side of the river from Institute farm, and it would be almost impossible, owing to freshets, to keep a line fence along the river bank. We allow our stock to pasture along the river and they cross back and forth at will. We hope therefore that the Department will renew the lease, and inasmuch as the Department under present agreement with the school management provides the land, I hope action will be direct with the owners and not through the school.

The rental asked is much higher than formerly, but we would be willing to allow leases 172, 173, 175, which expire

Ottawa, Ontario.

Dear Sir:-

Following instructions contained in official letter No. 101,281 April 9th. 1919, I have secured signatures of owners of land covered by Govt. lease 383, which expires next April. I have also handed the application over to the local Indian Agent, who will no doubt take the matter up with the Department.

On looking over the map attached to the above mentioned lease, it will be seen that all of the land lies along the opposite side of the river from Institute farm, and it would be almost impossible, owing to freshets, to keep a line fence along the river bank. We allow our stock to pasture along the river and they cross back and forth at will. We hope therefore that the Department will renew the lease, and inasmuch as the Department under present agreement with the school management provides the land, I hope action will be direct with the owners and not through the school.

The rental asked is much higher then formally but we would be willing to allow leases 472, 473, 473, which expire

Sir:—

In reply to your letter No.155001-5, of the 3rd. inst. in regard to dargerous culvert on the road between the Mount Elgin Institute and the village of Murcey.

I beg to enclose herewith a rough sketch showing the position of culvert at the corner considered to be unsafe for traffic. This culvert is at the foot a hill and takes the water from a creek which overflows the road every spring causing a dargerous washout. To overcome this condition it would be necessary to have a cement retaining wall built on both sides of culvert, at an approximate cost of $250.00.

This road, from the Mission house to the village of Murcey, has always been kept up by the Institute, with the exception of culverts which have been put in by the Department, this part of the road is on the Reserve, the Municipality not being responsible for the maintenance of it.

The Mount Elgin Institute will finish the work of filling in, in the event of the retaining walls being built.

I have the honour to be, Sir,
Your obedient servant.

Sir:

I have your letter of the 10th instant, relative to a dangerous corner on the road near the Mt. Elgin Institute.

In reply I beg to state that you are authorised to arrange for a retaining wall on both sides of the culvert at the point in question. Competitive prices must be secured for the cement, and time sheets should be kept in connection with any labour that has to be hired. The Department expects the Mt. Elgin Institute to assist as much as possible, by supplying the labour of the older boys. It is understood, further, that the school will finish the work of filling in after the retaining wall has been built.

This work should be done under your supervision, and you will forward properly certified accounts when it is completed. An abstract of tenders should accompany the accounts submitted for the cement. No unnecessary expense should be incurred.

DEPARTMENT OF INDIAN AFFAIRS

CANADA

November 20th, 1924.

MEMORANDUM

MR. CALDWELL.

The Mount Elgin Institute, Muncey, Ont., has under lease a certain acreage from several of the Indians on the Caradoc Reserve. Some of these leases will expire on the 1st of January, next, and others on April 1, 1925. It will be necessary that action be taken for the renewing of these leases for a further period of five years. It would be advisable to ascertain from Rev. S. R. McVitty, the Principal, whether the school will require all the land at present under lease or what portion thereof.

Please have a statement showing the names of the lessors, the acreage leased from each, the date and term of the lease and the yearly rental paid, placed on the Mount Elgin land file (No. 7-0-9) as a reference for future information.

The files in this connection are herewith.

INDIAN OFFICE

At Muncey, Ontario.

March 19th. 1925.

Sir:-

I beg to enclose herewith voucher in favour of the Oneida Indians, whose names appear thereon, for the rental of Oneida Lands leased for the use of the Mount Elgin Institute under Lease No. 348.

An agreement is already at the Department, made by Levi T. Doxtator, whereby the rental accruing under his portion of this Lease, is to be retained and applied upon his loan of $500.00.

I have the honour to be, Sir,
Your obedient servant.

Mr. Chas. Nagle, Roadmaster,

Dear Sir;

In reply to your request to purchase from us gravel lying in theportion of the river bed belonging to the Institute, said gravel to be placed on County road leading from the Reservation to No. 2 Highway, would say that inasmuch as this piece of County Road is used so largely by the Institute and the Indian people; and said gravel is to be used on the end of the road leading up through the Village of Muncey; I feel under obligation to accommodate you, and will consent to your drawing such gravel through our premises as may be necessary to repair the end of said road. On this condition, however, that you spend in labour putting gravel on the Indian road leading from the Institute out to the Village of Muncey an amount equivalent to the regular price of $1.00 per cord for such gravel as you take from said river bed for County road purposes.

Dear Sir;

I herewith submit to you,hoping for your approval, a copy of permission granted by me to County Road Master, to draw gravel from portion of road bed belonging to the Institute Farm. Said gravel to be placed on the piece of County road leading from the Oneida bridge to No. 2 Provincial Highway.

This gravel lying in our portion of the river bed would doubtless be swept away by next Spring's freshet. The only convenience is letting them draw it through our premises. If we refuse the convenience the result will doubtless be that the road which we and nearly all the Indians are using, will be let go out of repair. Ours is the only gravel reasonably available. Hence my consent on conditions specified.

Ottawa, Ont.

Dear Mr. Pratt,

Enclosed herewith is letter received from Fred J. Dodson of the Mount Elgin Indian Residential School, Muncey, Ont., relative to improving the appearance of the Indian School by the planting of trees, shrubs, etc.

Mr. Motherwell has advised Mr. Dodson that as the trees grown on our Experimental Farms are grown for experimental purposes and for distribution to branch farms, it would be impossible to meet with his request. However, he wondered if the Department of Indian Affairs would have some solution whereby requests similar to Mr. Dodson's might be complied with.

Will you kindly write to Mr. Dodson direct advising him on this matter.

Yours very truly,

The Honorable the Minister of Agriculture has transferred to this Department your letter of the 17th. instant in which you request perennial plants, trees and shrubs for use at the Mount Elgin Institute. It is noted that Mr. Motherwell has advised you that it is not possible for his Department to meet your request. It is considered that you should have made your application through this Department, rather than direct to the Minister of Agriculture.

With Cheque.

Sir,-

With reference to your letter of the 22nd ultimo, asking that the rental payable to Solomon Schuyler for land used by the Mount Elgin Institute be paid, I beg to enclose cheque No. 7925 for $192.50. The total rental for five years is $292.50, and, carrying out your recommendation, $100.00 is being retained to apply on the purchase price of the estate of the late Eliza Yast by Schuyler.

Funds at the disposal of the Department will not permit of paying over the $100.00 until after the new fiscal year April 1st next, but, as it was thought that Schuyler needed the money a cheque for $192.50 is being sent to him. As the payment of $100.00 is guaranteed by the Department you may carry out the instructions of official letter of the 20th ultimo and place Mr. Schuyler in possession of the Yast property.

Sir:

I have your letter of the 8th instant, requesting that the rental, payable in advance, for leases Nos. 572, 573, 574 and 575 covering lands on the Oneida and Chippawa Reserves leased to the Mount Elgin Institute be paid.

In this connection I have to request that you will prepare and forward certified vouchers, in duplicate, covering the amounts due the various lessors. A separate voucher should be prepared for each of the above numbered leases. The voucher for lease No. 573 should show the individual names of the lessors and the amount of rental due each.

Relative to lease No. 572 from Mrs. Lucy Fisher, I have to say that, before paying the rental, the Department would have to be assured that she has put the line fences in good condition and will agree to keep same in shape during the term of the lease. You should state on the voucher that a deduction is to be made on account of the loan which she has from the Department.

As soon as the vouchers are received payment will be made.

Dear Sir;-

Government Lease #336 covering lands from which this school draws its water supply, expires April 1st. 1933.

Mr. Agent Moore and I called upon the present locatee a few days ago re releasing the land. He is a little "queer" and would not give us any satisfaction. We really must have the water, and the only way to make sure of it is to control the land and preserve the bush covering the springs.

It is quite useless for Mr. Agent Moore or myself to approach the locatee again. May I suggest that the Department send an Inspector to go over the matter and make a recommendation as to fair rent & etc. and arrange for a new lease. About half the land is bush and the balance is useful to the school for potatoe land, it is sandy.

Yours respectfully

S. G. Mowatt
Principal.

P.S.
Possibly purchase of the land would be the best solution.

Rev. Sir:

I have your letter of the 9th instant, regarding Lease No. 336 covering land used for school purposes in connection with the Mount Elgin Indian Residential School, which will expire April 1, 1933.

In this connection I have to say that the Department was advised by Mr. Agent Moore on August 12th, last, as follows: "The Principal of the Mount Elgin Institute has informed me that it is not his desire to renew Lease No. 336, as this land, according to him, is of no value to him at the present time." We understand that the land from which the school draws its water supply is covered by Lease No. 335. I shall be pleased if you will inform me definitely if you require a renewal of Lease No. 336. Lease No. 335, which was for a period of twenty-five years and ten months from July 1, 1907, will expire on May 1, 1933.

Dear Sir;-

Re Official Letter 7 - 0 - 9 of the 15th Inst.

In further consideration of Government Lease #335 and #336 which control our water supply and which expire April 30th. 1933, would say that Mr. Agent Moore and I have gone over this matter again and find that without a new survey of the lands concerned it is quite impossible to say if lease 336 controls one of the water basins or not. We would respectfully suggest again that as soon as convenient after the New Year the Department send up a representative to straighten the matter out. Possibly to purchase the land and add it to the School Farm would be the best course to follow. We cannot possibly give up the control of the water supply after spending thousands of dollars im developing it.

Hoping for early action in the matter I am dear sir,

Yours respectfully,

January 4, 1933.

Memorandum:

Mr. McCOOKIN.

I would request that, upon the occasion of your visit, next week, to the Caradoc agency, you consult Mr. Agent Moore and the Reverend Principal of the Mount Elgin Residential School, regarding the renewal of Leases Nos. 335 and 336, covering land used for school purposes in connection with the Mt. Elgin Residential School. Lease No. 336 will expire April first, 1933. This covers 57 acres of land, formerly Lot 13, Range 7, but under the new survey is now known as Lot 7, Range 7. Lease No. 335 will expire on April 30, 1933 and it covers 27 acres of land. This was formerly known as Lot 14, Range 6 but, under the new survey, is now known as Lot 7, Range 6.

The land under these leases controls one of the water basins from which the school obtains its water supply.

Please enquire as to whether it is necessary to renew Lease No. 336, and, if so, endeavour to make terms with the locatee for same. If necessary, a slightly higher rental could be offered. Upon your return, please report as to the land required and the arrangements that can be made for obtaining same for a further period of, say, at least 10 years.

MEMORANDUM:

Re. Williams.

The Department has certain Indian lands leased on the Caradoc Reserve for the use of the Mount Elgin Institute under leases No. 335 and 336. Lease No. 335 will expire on April 30th and 336 on March 31st.

These leases issued some 20 years ago provide for a renewal term upon terms to be agreed upon. The lands covered by these leases are absolutely indispensable to the School as the only water supply for the buildings comes from these lands and a great deal of money has been expended in piping the water to the School.

The owner of the land, Louis McCahey, covered by lease 336, apparently does not want the Institute to have this land again. I saw him personally and tried to make arrangements for another term at an increased rental but failed. He is very antagonistic towards the Reverend Principal of the School and expressed himself as preferring to let the land lye idle rather than let the Institute have it.

He complains that the Rev. McVitty refused him permission to cut wood for his own use off the leased land, he feels sore about this. He was convicted and sentenced to jail some years ago for buying grain and potatoes stolen from the Institute by some of the pupils. The Principal is blamed for this.

Indian Affairs. (RG 10, Volume 6209, file 468-9, part 1)

PUBLIC ARCHIVES

I tried in every way to show him that he was not dealing with the Institute but directly with the Department, that the School was there for the benefit of his own people, that the Department was prepared to treat him generously in the matter of rental. He was headstrong and would give me no satisfaction only to say, "There is plenty of time before the 1st of April".

Some definite action will have to be taken right away. The School officials want to start drawing manure onto the land in preparation for Spring planting and they urged that the matter be settled with the least possible delay.

The lands concerned are not of such importance to the School, but the water supply cannot possibly be done without if the School is to be kept going.

Jerry Henry was the locatee of the lands covered by lease 336 when it was issued. Some years ago he traded lots with Louis McCahey the present locatee.

Norman Seneca owns the land covered by lease 335, and I understand, is willing to agree to a further term.

Re Lease No. 335

Sir,-

Referring to letter of the 2nd instant in regard to rental in the sum of $22.50, paid under this Lease, I beg to say that it was, inadvertently, overlooked that Norman Seneca, under Location Ticket No. 2474, is locatee of the land and it is, consequently, presumed that cheque in his favour has been given to him--it has, I may say, been so entered in the records of the Department.

Sir;- re; Lease No. 335. Mt. Elgin Institute.

With further reference to the above mentioned lease and previous correspondence dealing with the objections of Norman Seneca to the renewal of this lease I would advise that this Indian appeared at this office in a very haughty attitude and objected to his lands being leased at all and once again refused to accept the cheque for $32.50 in payment of rents for this year and in the same breath demanded relief,which I have refused him untill I get instructions from the Department.

This Indian now demands that only a five year renewal be given and prefers that his lands not be leased at all and he is willing to surrender what lands is necessary to the Department so that all the water pipe line will be on school property and cancel all leases,so that the contol of his lands is placed in his own hands.

As the school is only using his lands because the pipe line runs on them at one corner and an acre of land would cover the whole area of the water line,there is much to back up this mans claim and there will always be trouble if this lease is forced through,as the man is of a spiteful nature and ignorant and in the long run the department could save many hundred of dollars if this acre was taken from him and Seneca given back the balance,which is not and has not been used by the school for a number of years.

If Mr. Inspector McGookin is to visit this Agency in the near future I would suggest that this whole matter of the lease be again reviewed with a settlement of this nature in view.

Ottawa, January 24, 1933.

Memo.

The Superintendent General,-

The Reverend Principal of the Mount Elgin Institute on the Caradoc Reserve wishes to obtain a renewal of Leases Nos. 335 and 336, which cover two parcels of land in the Caradoc Reserve, containing respectively 27 acres and 57 acres. Both these leases have been in effect for a period of twenty-one years, and in both provision is made for renewal for a further twenty-one year period, on terms to be agreed upon.

For Lease No. 335 the Institute has been paying an annual rental of $15.00. For Lease No. 336 an annual rental of $30.00 has been paid. Inspector McGookin now recommends that these rentals be increased to $25.00 and $75.00 per annum respectively, and further, that the owner of the land involved in Lease No. 336 be permitted to cut on the leasehold from year to year such firewood as he may require for his own use, but not for sale. I would recommend your approval of a renewal of these leases, subject to the revised rental and the provision with respect to wood cutting.

I may say that these lands are urgently required by the Institute owing to the fact that the only available water supply for the Institute is located thereon, and in the development of which the Institute has expended very considerable sums.

Sir;- Re; Leases Nos. 335 & 336.
Mount Elgin Institute.

With further reference to your letter 89-7F of August 30th,1932, I would report that Mr.Inspector McGookin and myself made a visit to the home of Luis McGahey,with intentions of securing his consent to the renewal of Lease No.336 and at the time of visit McGahey was reluctant to commit himself or state what terms he would agree to in case of renewal or whether he was agreeable to renewal at all. This Indian eventualy stated that there was plenty of time to consider a renewal and there was no hurry about the same and also that he was of the opinion that the Mount Elgin Institute did not need his land as it was not interfereing with their water supply and that he believed the line fence if placed in the proper position would show that the water catch basins were not on his land at all. From the fact that he holds 57 acres of land and judging from where the one catch basis is located I cannot understand his claim and would believe from viewing it with the naked eye that the catch basin is well on his property.

I am not aware what report Mr.McGookin will make in this case but would believe that it would be best that a survey be made of the lands both under lease No. 336,but also lands under lease No. 335 as these lines have long disappeared and it is not actualy known where the line fences run at the present time as they have been under lease so long and dividing line fences have been removed. When these lines have been properly established definite steps can be taken with regards renewal of these leases and McGahey would not be in a position to delay his decision longer on this pretext.

Ottawa, June 12, 1933.

Sir,-

I beg to acknowledge the receipt of your letter of the 7th instant, with reference to Lease No 335, to the Mount Elgin Institute.

Inspector McGookin will, I believe, visit Muncey in about a month's time, and he has been instructed to give some further investigation to the situation as affecting this lease and Lease No. 336. In the meantime Seneca should be very definitely informed that these leases are fully covered by an agreement entered into many years ago, and their renewal was provided for notwithstanding any change in ownership. If he refuses to accept the rental payment proper, then he should, of course, be refused any assistance in the matter of relief. No change in the terms and conditions or boundaries of these leases can be made except by agreement with the Department and the Institute. While it is possible that some changes or amendments may be made in this regard, both Seneca and McGahey should, if necessary, be informed that this phase of the situation rests entirely in the control of the Department, and that for the present at least the terms and conditions of the leases as issued must be fully observed.

December 7th.1934.

File 200-28.

Sir;- Re; Mount Elgin School. Muncey.

I would advise you that the Rev. O. B. Strapp, Principal of Mount Elgin School has consulted me with reference to a number of land leases covering lands on the Oneida and Chippewa reserves,which either have to be renewed or allowed to lapse.

Lease No. 570 covering the lands of Solomon Schuyler should not be renewed,as this piece of land of 26 acres is seperated from the rest and it is an added expense to keep up the fences for so small a tract which is the farthest distant from the school.

Lease No.572 covering the lands of Mrs Lucy Fisher on the Chippewa Reserve should not be renewed for this 56 acres for during the past 5 years very little use has been made of this land and it was an expenditure that should not have been made due to the school not keeping as much stock and only needing the land part of the time.

Lease No.573 covering what is known as Oneida lands,154 acres and it is very necessary that this land be released and I would so recommend.

Lease No.574 covering lands of W.K.Cornelius for 30 acres is also necessary for the school and I would recommend the land be released.

Lease No.575 covering the lands of Mrs Levi Doxtator for 34 acres is also necessary for the school and I would recommend the land be released.

The last leases were for 5 year terms at a rental of $2.25 an acre and all the rents were paid in advance and in my opinion this rental was some what high in comparision with other lands leased on the reserves.

The Principal of the school considers these lands of more value to the school on account of their location adjoining the River Thames for a goodly supply of water and also that the fencing is kept low on the same account,and that the lands are across the river adjoining the school and can be kept under close supervision. I would suggest that the price of $2.00 an acre at the most be paid for these lands and that the leases be renewed at this rate,which receives the approval of the Reverend Principal.

As some of the leases run out at the end of this year and others on the 28 of Feb and 31st of March next,I would wish your authority to take the necessary steps for the renewal or that entirely new leases be drawn up for the five year period.

I would beg to enclose a voucher in favour of Norman Seneca, Muncey. Ont. for $25.00 and being for rents due this Indian on lands leased by the department on behalf of Mount Elgin Institute and which covers the period of May 1st 1934 to the 30th of April,1935.

When I was speaking to seneca recently about this rents I asked him if he would now accept the same and he has continued the attitude that he had last Spring when he refused to accept last years rental and still maintains that he wishes his lands returned to him and not leased to the School. Under these circumstances I would ask that the sum now due him be held at the department,in the same manner as the rents he rejected for the year 1933-34.

Ottawa, June 8, 1934.

MEMORANDUM:

Mr. Magee. — Wpct Bn

Re Lease 345.

The above lease covers land rented by the Department from Norman Seneca, Muncey, Ont., for the use of the Mount Elgin Indian Residential School.

In payment of the rent due for the period May 1, 1933, to April 1, 1934, cheque A 1329 dated May 2, 1933, was forwarded to Indian Agent Moore. Seneca refused to accept the cheque, and I understand from the Lands Branch that the cheque was returned and deposited to his credit. I would appreciate your ascertaining if this is correct.

I am now preparing a voucher in favour of Norman Seneca for $5, covering the rent due on the above lease for the period May 1, 1934, to April 30, 1935. As the Agent states that Seneca will not accept the cheque this year, the voucher is being issued in favour of the Receiver-General for the credit of Norman Seneca.

Mr. [illegible],-

I find that cheque No. A 1329 dated May 2nd, 1933, in favour of Norman Seneca was returned to this Department and deposited to the Appropriation from which it was drawn in October last. In order to have the amount of this cheque placed to his credit it will be necessary for you to requisition for another cheque.

The rental for the current year will eventually be placed in the savings account in the name of Norman Seneca.

I would acknowledge receipt of your letter 7-0-9 of January 17th,with reference to the leasing of the lands of George E. Fisher to Mount Elgin Residential School and which lands comprise a portion of Lot E, adjoining the Model Farm.

Enclosed please find a rough sketch of the lands it is intended to lease and which lands is cut up considerable and hard to describe and from this sketch it may be possible to get the correct description.

In measuring the boundaries of this lot,I did commence at the River Road line fence,between Lot E and the Model Farm and the lands to be leased do not commence at the River Road,but 17 chains East of the road,then the fence runs South parallel with the River Road for 8 chains 40 feet;then East parallel with the boundary line 18 chains 50 feet;then again South parallel with the River Road 13 chainsto the River Thames. A short description would be the North-East 40 acres of Lot E, bordered on the East by the River Thames and on the North by the Model Farm.

Sir:- Re: Oneida Reserve Leases to
Mount Elgin Residential School.

With reference to your letter 7-0-9 of December 13th, and dealing with the renewal of certain leases covering lands at present being used by the Mount Elgin Residential School, I would beg to enclose a signed statement by those members of the Oneida Indian band, who have lands leased and who are agreeable that these leases No.'s 573, 574 and 575 be renewed for a further period of five years at an annual rental of $2.00 an acre.

There are a few changes in land ownerships in so far as the renewal of Lease No. 573 is concerned as follows,

Stephen Williams is whose named 11.9 acres of this land was formerly listed, has since died and the land is now half owned by Mrs Annie Williams and by the estate of Stephen Williams, and for which estate Lumas Phillips, the executor has signed.

That land formerly owned by Mahlon Antone and his sister Carrie Davis(nee Antone) amounting to 19 acres is now all the property of Mrs Carrie Davis, as with her portion in 1930 she did pay her brother off and is now full owner of the land.

Lazarus Schuyler is now the owner of 17 acres of land as he did buy out the 4½ acres that was formerly held by Louis Nicholas, giving him a totalacerage as above noted, instead of 12½ acres.

Isaac Antone has since died and his three heirs David and Jacob Antone and Mrs Japheth Bunn have signed in his stead.

March 22nd.1935.

Sir:-

I would be to acknowledge receipt of your letter 7-0-9 of March 18th, enclosing in triplicate leases for signature, covering lands of the Caradian Reserve, being leased to Mount Elgin School and would enclose/ these leases which have been signed by the Rev. O.E.Strapp, Principal of the school, and for final execution by the department.

Mr. Strapp asks that all leases be shown as for institute purposes and not for pasture only, as it may be the intention of the school to put crops on some of these lands during the term of the lease.

When sending forward the cheques covering these leases I would draw your attention to the debts still owed by Mrs. Levi Dextator, on the lands belonging to the estate of her late husband. Also I would ask that a list of owners of those holding the lease or what is known as Oneida lands be sent forward so that I may have the cash for their separate portions of this money, which in the past has come to the Indian Agent in trust and has been paid the seperate parties from this office.

March 26th, 1925.

Sir,-

I beg to acknowledge the receipt of your letter of the 22nd instant, relative to terms of leases enclosed, and in reply to say that the impression of the Department, supported by the opinion of Mr. Inspector McCoskin, is that the understanding of the various locatees was that the lands were to be used for pasturage purposes only.

In order that the matter may be clearly established, it is suggested that you obtain and forward the consent, in writing, of the Indians interested to the use of the lands in question for institute purposes, upon receipt of which the desired amendment will be made. As matters now stand, the Department would not consider itself justified in taking such action. Indeed, it is quite possible that the words "for institute purposes" may be eliminated from the lease in which they were inadvertently inserted, --unless the sanction of the locatees is obtained.

Referring to your request for a list of the locatees under the lease of the Oneida lands, it is considered that you are the one in the best position to know, as these lands are not covered by Location Tickets but are held under what is known as recognized title. At the same time, a list is enclosed, showing payments made to the individuals, which may be some guide in the matter of ownership.

Sir:-

I would ask owledge receipt of your letter 7-6-3 of March 26th.,dealing with the leases covering lands on the Alnwick Reserve,which are being used by the Mount Ida Residential School.

In talking this matter over with the Reverend Principal of the school in so far as the "for institute purposes",he is quite willing that the matter be left as it is and if necessary this clause be eliminted from the lease so that they will be uniform in conditions. It would at the present time take a considerable time to get the locatees to give their consent in writing as they are scattered over this contry and the United States and such action does not appear necessary,as the land has been used for pasture for many years.

The list you sent for amendment in the case of the lease owners is quite correct with one exception,that being that Carrie Davis (nee Attree) is the owner of 1 acres instead of Mahlon Attree,as Carrie did pay her brother for his share in the Spring of 1933.

I would be to acknowledge receipt of your letter 7-0-9 of April 30th,wit further reference to Lease 613,coveri land in the Oneida Reserve,that are being leased to Mount Elgin Institute and would a list giving the names of the persons or in the land and the amount they are entitled to.

In this list there are three portions of land that do belong to estates,being Stephen Williams,whose executor is a son Huron Williams; Levi Doxtator,who left him surviving a widow Mrs Sophia Doxtator and Isaac Antone,whose estate Administrator is Albert Chriejchn. In the case of Levi Doxtator's land,the revenue derived from this portion is i tru t been paid by the agent to the creditors of his estate and it is possible that I should have made out the vouchers i favor of the estate instead of the Levi Doxtator, and it was my intention to see that this should be carried these rent moneys on the customary basis.

As both the executors of the estate Williams and the Isaac Antone estates live here it was my intention to pay their respective shares to them,so that they might settle up the estates.

I therefore send that the total for this lease is 1054.00 and not 1394.00 as shown on the lease and I would ask that the amended voucher be forwarded and also that the voucher sent forward for 340.00 in favor of Mrs Levi Doxtator,covering Lease 614,be cancelled and known as being due to Estate Levi Doxtator,and trust this will clear up any errors over these vouchers.

Ottawa, April 27th, 1935.

Sir,-

I beg to acknowledge the receipt of your 200-28 of the 23rd instant, with further reference to Lease 613, covering lands on the Oneida Reserve that are being leased to the Mount Elgin Indian Residential School.

Under separate cover, you will be forwarded an accountable cheque for $1,464.00. You should pay those whose lands are being leased under Lease 613 and account for the expenditure in the usual manner.

Lease 613 includes payment of $90.00 to the estate of Levi Doxtator and this amount is being credited to that estate and is, therefore, not being sent to you.

Your obedient servant,

A. F. MacKenzie.

Sir:-

I have your letter 7-6-3 of April 7th, advising me that the rent due under Lease No. 315 was being sent for and that power of attorney would be sent to Mr. [illegible] when received.

Cheques covering rentals under Leases No. 311 in favour of Geo. J. Fisher for $60.00 and for Lease No. 315 in favour of W. H. Corfield for $60.00 have not been received as yet.

The Indians are getting restless as they are daily at the office looking for their money and are requiring the same for the purchase of seed and feed grain and I would request that these cheques be sent at an early date, as the Indians in connection with the [illegible] have not been paid.

Sir:- Re: Lease No. 335.
Mount Elgin School.

I would again draw your attention to payment of rents due Norman Seneca on the above mentioned lease, which rents total $72.50 and which have not been received by this man.

This voucher was sent forward as far back as September 25th and I have your letter 88-70 of November 7th stateing that cheque was going forward and this has not been received.

This Indian is applying daily for his rents and is very hard up through sickness and it has been necessary for me to give him relief, which would not have happened if the money due him had been sent forward and it should not take two months for the return of a cheque.

Indians have been complaining considerable in the delay in receiving their rent cheques of late and there have been times they have waited nearly a month for the return of their money after the returns go in and I am being criticized for the delay over which I have no control.

Ottawa, December 10, 1935.

Dear Sir,-

The Department is in receipt of your letter of the 29th ultimo, with reference to the amount due Norman Seneca in connection with Lease No. 335, Mount Elgin Indian Residential School.

As you are aware, a cheque for $22.50 was issued in 1933 in his favour and a cheque for $25.00 was issued in 1934. As he refused to accept both these cheques, they were returned to the Department and were deposited in a Savings Account. The amount of $1.88 interest has accrued and, on the 29th ultimo, Seneca was forwarded a cheque for $49.38 ($47.50 plus $1.88 interest). Arrangements are being made to send him, at once, a cheque for $25.00, being the rent to April 30th, next.

The delay in this matter is regretted but this was due to the fact that your letters had not been directed to the proper branch.

Yours truly,

A. F. MacKenzie.

Dear Sir:

On December 7th last I did write the Department advising that Leases No's 611,613,614 and 615 covering lands being used by the Mount Elgin Indian residential school will expire on the 31st day of March And did request the instructions of the department with regards the issue of new leases.

If it is the intention of the department to procure these lands for the schools by the issue of new leases in accordance with the recommendations made in my letter,I would wish your early reply and instructions, as it will be necessary to prepare a form to be signed by the land owners,showing that they are willing to lease their lands under the conditions that meet the approval of the department. Some of these land owners are at present resident off the reserve and it will take considerable time to get their consents to these new leases.

Dear Sir:

On December 7th last and on March 8th, I did advise the department that the lands covered by leases No's 611, 613, 614, and 615 and used by Mount Elgin Indian Residential School, did expire on March 31st, 1940 and did ask your instructions concerning the issue of new leases for a ten year period as requested by the Principal of the school.

To date this office has not been informed if these leases are to be granted or not and as stock is turned out to pasture the first week of May, Mr. Strapp will not be able to avail himself of this land unless some action is taken at an early date. Also there is the matter of having the land owners sign an agreement to lease, some of whom will be removing to distant parts when work opens up and thereby cause considerable delay in procuring their written consent for the leasing of their lands.

Your early reply would be appreciated and instructions given with regards the wish of the Principal to have the new leases extended to a ten year period.

Dear Sir:-

On December 7th last and on March 8th, and April 24th of this year I did advise the department that leases No's 611, 613, 614 and 615 covering lands used by the Mount Elgin Residential school, would expire on March 31st of this year and to date I have had no word from the department concerning new leases being issued.

This matter was also brought to the attention of Mr. Christianson at the time of his visit to this agency on May 6th, and still no word has been received concerning these leases.

In connection with these leases I would refer you to my letter of December 7th, in which I have put forward the wishes of Mr. Strapp that the leases be granted for a ten year period and that he be given the right to cultivate these lands. The rental per acre to be at the rate of $2.00 per annum.

Mr. Strapp is using the lands at the present time and the Indian owners are daily beseiging this office to know when they are to receive their rent payments and are protecting against the school using the lands, when they have not received their rent payments.

If the department is going to lease these lands for the school, which are very necessary, kindly advise this office at an early date, with your instructions as concerning the term, privilages and payments that will have to be included on the written consent that will have to be signed by the land owners. If no lease is to be granted your early decision is also requested.

..ELOCY, Ont. July 17th 1940.

Dear Sir:

On December 7th, [illegible], and in March, April, May and June of this year I have written letters to the department advising that leases 11,13,14 and 15 covering lands used by the Mount Elgin Residential School would expire on March 31st 1940 and requested your instructions concerning the issue of new leases, which letters to date have been ignored by the department.

The School is still using these lands this year, as they are absolutely necessary for pasture for the school stock and they have also cut some hay from the leases and the Indians who own the lands are demanding some action in renewing the leases or the payment of rents to them.

If the department is not going to lease this land for the benefit of the school, this office desires to be advised to that effect, so that the Principal of the school may be instructed, as he will have to take some action to get the cattle off the Indian lands, as I have run out of pasture to the Indians that some action is expected by the department.

Ottawa, Ontario,

E.D.

Dear Sir:

Your letter of July 17th, 1940, re the Mount Elgin Residential School leases, is acknowledged, and the writer is quite prepared to accept personal responsibility for the delay in replying. When the matter was first referred to this division by Welfare and Training I had hoped to be able to satisfy myself on several points with reference to these leases by perusing several volumes of files relative to them. This took a lot of time and I regret to say that the files disclosed little of value.

The leases themselves, which expired in May, contain no provision for renewal. The Superintendent General has no power of which I am aware to lease the individual holdings of Indians on a reserve without their permission. You have furnished this office with no information on which a lease can be based. You may assure the Indians, however, that the Department wishes to rent their lands on the same terms as the former leases contained and that provision for payment will be made as soon as the formal leases can be prepared. In the meantime we will require the following information:

1. A list giving the names and band numbers of all owners whose lands are included in any of the four leases, Nos. 611, 613, 614, and 615.

2. A proper legal description of each separate parcel together with its acreage estimated as closely as possible.

3. A statement from your records showing the title in the claimant as clearly as possible.

A.D. Moore, Esq.,
Indian Agent,
Muncey, Ontario.

4. A form of consent to the making of the leases signed by each individual owner, or if deceased by his proper legal representative. (This means the executor or administrator.

5. The amount payable to each owner out of the rent specified in the group lease.

I am sure that you will appreciate the fact that any consent formerly given expired with the leases on May 1st last so that new consents are essential.

Proper legal descriptions are important, and to assist you we are enclosing a sketch of the portion of the two reserves affected drawn to scale which is endorsed on the sketch. If the descriptions in words cannot be clearly worked out you could plot them in on the sketch giving measurements. Any good linen tape would be all the equipment you would require. If you have no tape you can requisition one and we will send it to you.

It would appear from the file that some of the original owners are dead and that you are dealing with the heirs. In such cases the estates will have to be administered in order to ascertain to whom the money resulting from the leases should properly be paid.

It has been suggested to the writer that the rent reserved should be paid in annual instellments rather than in a lump sum in advance. Such an arrangement would spread the income over the term and has something to recommend it. On the other hand we are not overlooking the fact that the Indians may have been assured that they would get their rent five years in advance, and if this is so it might not be practical to change it. We will be guided by your advice in the matter.

It is assumed that the land is in the use of the school for the present season. You can give the Indians the assurance that whatever happens this year's

rent.....

Muncey, Ont. July 31st 1940.

Department of Mines & Resources Indian Affairs Branch AUG 2 1940 REGISTERED

Dear Sir:

I would acknowledge receipt of your letter 7-0-9 of July 24th,1940, dealing with the issue of new leases to replace leases 611, 613, 614 which expired March 31st,1940, and lease 615 which expired February 29th,1940 and not in May as stated in your letter.

You further state that I have furnished your office with no information on which a lease could be based. In this connection I would ask you to peruse my letter of December 7th, 1939,at which time I did bring to the attention of the department that these leases would expire early in 1940 and did ask your instructions concerning the issue of new leases as the Principal of the school had asked for some changes to be made when the new leases were issued and to date I have not been advised on the points raised by the Principal.

It was for the purpose of getting these points cleared up that I took the matter up with the department long before the old leases did expire and I do appreciate the fact that the old consent given by the Indians would be in no effect with regards new leases,as stated in the last paragraph of my letter of Dec. 7th last. To confirm with the instructions of the department with regards expenditures during this period of stress on the funds available and before the consent of the Indians was secured it was necessary to know if you would pay annually, or all in advance,whether you would lease for one,five or ten years as was requested by the Principal.

Concerning the old leases I would wish to submit the following information,

Lease 611. Expired March 31-40.

No. 45 Caroline Fisher of the Chippewa of Thames Band holds this land under Location Ticket No. 6312. The legal description is contained on the old lease.

On the enclosed sketch of lands covered by lease 613 you will note that the lands of David Antone and Mrs.Japheth Bunn,who are brother and sister,are shown as one lot. Also the lands of Huron and Annie Williams,who are nephew and aunt are shown as one. The lands of Daniel Antone and the estate of Levi Doxtator are shown as one,having never been divided and this lot was the source of a lot of correspondence with your office of recent date. As these lands have been used by Mount Elgin School for over forty years these parties will not use these lands and are prepared to allow the lots to stand as they are and divide the rental.

The legal description of these lands,with the exception of the Jacob Powless lot, is shown in the plan of survey made by James M. Kennedy,O.L.S. dated October 27-1899 (File 101281) and is at the department.

Lease 614: Expired March 31-40. $68.

No. 92 Estate Levi Doxtator,Oneida Band, 34 acres, is the owner of this land that is located in Concession A, Lot 24, ~~possibly part of Lot 23,~~ Oneida Reserve. Mrs. Sophia Doxtator is the heir of this property,being the wife of the deceased Levi Doxtator,and any rentals paid are retained at the department and applied on the debts of the estate. If leased for 5 years the amount of rental would be $340.00.

Lease 615, Expired February 29-40. $60

No. 35 W.K. Cornelius of the Oneida Band is the owner of this 30 acres of land that is in Lot 24 and possibly some in Lot 23, Concession A, Oneida Reserve. If leased for five years the amount of rental would be $300.00.

If further legal descriptions are necessary it will be necessary for the department to supply a qualified surveyor or person accustomed to using a sextant to survey these seperate Indian holdings,for while the School has kept up all outside fences,there are no marks to distinguish the lots that were surveyed in 1899 as these lands have been used by the school for over forty years and all division fences have long since been removed or washed away by the Spring freshet of the River Thames.

The sketch as enclosed does show the actual lots for all lots except that of Jacob Powless in the group lease and W.K.Cornelius and Estate of Levi Doxtator in leases 615 and 614 respectivelly. In sketching these three lots it was done on my own knowledge in the case of the Powless lot and on the knowledge of the Principal of the school and local Indians concerning the Cornelius and Doxtator lots.

Pending a proper survey being made I will prepare new papers of consent for the Indian land owners to sign,which will take considerable time,as some of these owners are now in the United States and scattered over Western Ontario. With one exception they were home last Winter and early Spring and there would have been little delay in procuring their consent at that time.

Unless otherwise advised by the department the consent that will be signed by the Indian land owners will grant the Principal of the Mount Elgin Residential School the right to lease their lands for pasture and cultivation purposes for a term of 5 years from the date of expiration of the old leases,that the school shall be responsible for the maintenance of all line fences and that the lease can be renewed at the end of five years for an additional term of five years on terms suitable to the owners and the school. All rents for lands leased on the Oneida Reserve will be paid in advance for the full term of the five year lease. That if possible the lands of Mrs. Caroline Fisher will be leased for five years only and that this woman receive her rental annually in advance,which I would consider of most benifit to her.

Dear Sir: Re Residential School Lands.

Your letter of July 31st, 1940, is acknowledged, and we appreciate the trouble you have gone to in order to make the records of these holdings clear.

Will you please hold up anything in connection with these lands which you are at the moment prepared to do as the matter has been considered by this Service and the Welfare and Training Service and is now before the Director for a decision as to what should be done. Briefly our recommendation to the Director is that we regard ourselves as over-holding tenants in connection with this land for one year at $2.00 per acre per annum rental. If the Director approves the suggestion made to him cheques will be issued to the various parties at $2.00 per acre which will compensate the Indians for the loss of their property for the year now half gone. When this has been done plans are being formulated for a complete review of this whole question in connection with which we will seek advice not only from yourself but from the principal of the school.

In the meantime you will please hold the matter in abeyance.

Yours truly,

D.J. Allan,

Ottawa, Ontario,

EX'D.

Memorandum to: Director.

Re Leases covering lands used by the Mount Elgin Residential School at Muncey.

In the above connection we are renting approximately 220 acres of land from the Indians of the Muncey Reserve for the purposes of the Mount Elgin School. For approximately forty years we have rented this property by five year terms at a cost to the Department of approximately $2,200.00 every five years. The actual rent is based on $2.00 per acre per annum which, according to values established elsewhere on this reserve and other reserves, means that we are buying the property every five years. This statement may be a little extreme but there is little doubt that the rent is excessive at present day values.

At the moment all leases have expired and the Department is in the position of over-holding tenants in relation to each of these Indians who is in effect our landlord. It is just possible that some arrangement might be made with the Indian owners for the sale of enough of their holdings to meet the requirements of the school, and even ere they not willing under Section 11 of the Indian Act there would appear to be powers sufficiently wide to enable the Department to acquire the necessary land for school purposes at a valuation to be fixed by arbitration.

There are instances where the lands used by the school are subject to an interest by Indians other than members of the band, and other instances where the leased land is involved in the estates of deceased Indians in connection with which the interests of the heirs should be sought out and determined.

All of these matters require time to completely investigate them, and it is therefore suggested that the Welfare and Training Division be authorized to issue cheques to the Indian owners according to the lists filed covering rentals for the year 1940-41 without the formality of a lease. In the meantime, that is, during the balance of the fiscal year that is left to us, an effort will be made to purchase the land we require from the Indian holders on reasonable terms. If this fails the Indians could be advised that under the authority of Section 11 of the Indian Act proceedings will be taken to acquire the land necessary for school purposes on payment to them of compensation fixed by arbitration.

If you concur in the above recommendations will you be so kind as to mark the proposal approved and return the file to Mr. Phelan of the Welfare and Training Division who on the strength of your approval will issue the rent cheques for the current year as above indicated.

Dear Sir:

Referring to your letter of August 8th last, addressed to Mr. D. J. Allan, I send you herewith draft lease in triplicate, issued in favour of the Mount Elgin Residential School. I would ask you to examine this lease carefully and, if found correct, submit the three copies for signature and then return them to this Branch for final execution.

Yours very truly,

Dear Sir: Re Mount Elgin School leases.
Your file 7-0-9.

With further reference to your letter of August 12th,regarding the re-leasing of the property owned by Mrs. Caroline E.Fisher, I would advise that Mrs. Fisher is anxious to receive her rental moneys and has made repeated trips to this office and I would ask that the leases be prepared as soon as possible,so that this woman may receive her rents and not be making application to this office for relief assistance.

While cheques have been received and distributed for the season 1940 for lands that were covered by Lease 613, no cheques have been received for the lands covered by Lease's 614 and 615.

Lands covered by Lease 614 are owned by the estate of Levi Doxtator and when rental for the season 1940 is paid it should be used to pay out-standing debts against that estate. In this connection I would refer you to your file 9007-153.

Lands covered by Lease 615 are owned by William K. Cornelius and cheque for payment of rentals for the season 1940 should be sent forward to this office at an early date. Cornelius also owns lands in the group lease 613 and has received his rents for this season from that land and recently returned from the United States where he has been resident,demanding payment of rents for this additional 30 acres which was always leased under a seperate lease. Your early attention in this connection would be appreciated.

Memorandum to: Mr. Hoey.

Re Mount Elgin Residential School.

I have no desire to be responsible for an intertribal war. You are using quite a substantial acreage of the Oneida Reserve in conjunction with the Mount Elgin School, and have for many years been paying an annual rental of two dollars an acre for the land. Formerly this was rented for five years at a time and the whole proceeds handed to the Indian owners or locatees in a lump sum. You will recall that last year we changed it to a one year basis. Are you content to continue to rent this land on that basis? If you are the leases can be arranged.

I think we are all agreed that two dollars an acre is excessive. There is, however, some doubt as to whether or not we can expropriate for school purposes in the circumstances. It is also suggested that to try to do so would stir up a tremendous amount of ill feeling with the band. I am not satisfied as to the ownership of the various parcels but it will take [redacted] years to straighten out these title messes with my present staff.

It is suggested that we might have a chat about the matter and decide on what course of action we are to pursue.

Dear Sir: Re Residential School Lands,
Your file 7-0-9

I would wish to again bring to your attention the leasing of Oneida Reserve lands for the use of Mount Elgin Residential School, that has been held in abeyance in accordance with your letter of August 7th, 1940.

William Cornelius of the Oneida Band and an influential Indian of that reserve has appeared at this office desiring that action be taken at an early date to lease these lands for a period of years. He claims to represent the Indian land owners and has a large acreage of his own and is asking that the leases be put through in time that the Indians may receive their rentals earlier than last year and that this money be available to aid them in planting their crops and gardens this coming Spring.

Cornelius also advises me that if the Department do not desire to rent this land, that it is the intention of the land owners to seek a tenant elsewhere. He also states that the owners are not desirious of disposing of their holdings by sale to the department and if it was the intention of the department to expropriate this land it would receive opposition from the land holders.

Kindly advise at an early date what action the department intends to take with regards the purchase or lease of this land, which is very necessary for the Mount Elgin School.

Yours truly,

A. D. Moore, Indian Agent.

Dear Sir: Re Residential School Lands.

The contents of your letter of February 5th, 1941, has been noted and the whole problem of the Mount Elgin School lands has been considered.

It has been decided to enter into leasing arrangements with the owners of the lands affected at the established rate of two dollars per acre for another year. You should, therefore, proceed to obtain preliminary agreements taking special care that the best possible evidence of ownership in each of the alleged owners is furnished the Department. The Reserves Service is apprehensive that the title of some of these owners is not free from doubt and in any cases where there is any question as to ownership special care should be taken to report it as fully as possible in making application for authority to lease the land.

You might give this matter prompt attention.

Dear Sir:- Re: Residential School Lands, your file 7-0-9

With reference to your letter of Feb. 21st please find enclosed consent granted by Indians of the Oneida of Thames Band to lease their lands situated in Lots 21, 22, 23, and 24, Con. A. Oneida Reserve, totalling 219 and 4/10 acres to Mt. Elgin Indian Residential School for the calendar year 1941 at a rental of $2.00 per acre per annum. This consent has been signed by all Indians except the estate of Levi Doxtator and Mrs. Sophia Doxtator, the heir, is resident in Detroit, Michigan, and as rental of this estate land is always withheld at the Department and applied on debts owing by the estate, I do not consider it necessary to get the consent of Mrs. Doxtator.

The acreages listed are those that the Department have been paying for the past 25 years at least and without question are owned by the Indians who have signed the consent.

It would be appreciated if cheques could be issued at an early date so that the Indian land-owners may have this money in plenty of time to make use of it in planting their Spring crops and gardens which was not the case last year and proved a hardship on these people.

Dear Sir: Re Mount Elgin Residential School.

We acknowledge your letter of March 24th, 1941, enclosing a document signed by the Indians concerned agreeing to the rental of the property used by the Mount Elgin Residential School for a term of one year commencing January 1st, 1941, at a rental of $2.00 per acre.

If you will turn back to the expired lease, No. 613, you will find that it expired on March 31st, 1940. The vouchers for last year's rental, which you will recall were late, recited that the rentals paid in 1940 covered the period from April 1st, 1940, to March 31st, 1941. Why then should we contract for this land from the 1st of January? We have already paid the rent in advance for January, February, and March, 1941.

The Welfare Division advises me that they will pay these rentals as promptly as they can after appropriations for the year 1941-1942 have been made available by Parliament. In the meantime we would ask you to amend the enclosed document. You will have to either get a new one, or have the date changed in the present one and initialed by everyone of the eleven subscribers.

Dear Sir: Re: Residential School Lands.

I have your letter 7-0-9 of April 1st returning for correction the written authority granted by eleven members of the Oneida Band to lease their lands to Mount Elgin Residential School and will endeavour to re-sign these owners on a new authority on which the date has been changed from January 1st, 1941, to April 1st, 1941.

Last year I took the trouble to procure the signatures of these land owners at your request which the Department did not call for and you did, as overholding tenants, use the Indian land and pay the rental. Could not this rental be paid for this year in the same manner so that the Indian will have the funds in plenty of time to assist them in the Spring cultivation of their other lands?

It is hoped that the lease monies due these Indians will be sent forward as soon as available and that it will not be held up awaiting the return of their signed authority which will take some time to procure due to three of the Indians being absent from the Reserve.

FILE 95-1

Muncey, Ontario.
April 24th. 1942.

Dear Sir..

O.B.Strapp, Esq.. Principal of the Mt. Elgin Institute, advises this office that the locatees of the listed lots.

N/E portion of lot.	E. Caradoc	Reserve
Lots 21.22,23 and 24,	Con; A.	"
S/E corner of lot 24	Caradoc	"
Part of lot 24	"	"

are requesting payment of rents.

The lease file notes that these lots were covered by leases, No. 611, 613, 614 and 615. but they all expired in April, 1940. Since that time there is no record of the lands being leased, although Mr. Strapp imforms me the Institute has had the use of the lands and the locatees have received their rents. I have verified by entries in the cash book, but just how the transaction has been handled I do not know. However, Mt Elgin Institute are anxious to continue and the locatees all seem agreeable to the leasing, but would rather have them made out for a specified time. It would appear that these lands are leased by the educational services.

I would like some imforration as to how they have operating since 1940. and whether or not the locatees will receive payment this coming first of May. It maybe this office has been submitting an account for the whole amount since 1940. Please advise.

Your Obedient Servant.

Ottawa,
May 20, 1942.

Dear Sir:

I desire to refer to your letter of the 24th ultimo, with reference to land leased for purposes of the Mount Elgin Residential School.

In a letter dated April 24, 1941, the former Agent, Mr. A.D. Moore, forwarded a signed authority granted by certain members of the Oneida of the Thames Band expressing their willingness to lease land to the Mount Elgin Residential School for the year April 1, 1941, to March 31, 1942. I attach a similar form which you should have signed by the persons mentioned. This form should then be returned to this office. I am arranging to have cheques issued and all of these will be forwarded to you. You can deliver them when the persons sign the enclosed form.

In regard to the land leased from the estate of Levi Doxtator, the total rent due is $86.00. Of this amount $68.00 is being transferred to the Trusts Branch as payment against the amount owing by the estate. A cheque for the balance of $18.00 will be sent to you.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Reverend Sir:

In conversation with Mr. W.S. Arneil, Inspector of Indian Agencies, this morning he advised me of a recent interview he had with you with regard to lands leased for the purposes of the Mount Elgin Residential School. From this interview Mr. Arneil obtained the impression that you were hesitating about rotating crops on this property due to the fact that we are only operating at present on a yearly lease basis. My purpose in writing to you at this time is to assure you that, even though the land is being handled at the present on a yearly lease, there is no intention whatsoever on the part of the Department of depriving the school of its future use. The only reason for making yearly leases is due to the fact that we have in mind approaching the locatees with a view to purchasing the property and it is the opinion of our Lands Branch that we would be freer to act in this regard if we only had yearly leases.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Dear Sirs:-

I write you on behalf of Mr. Peter Seneca of Muncey, Ontario who asked me to point out to you that he has not yet received the rent cheque for $75.00 which customarily comes from your Department in May of each year.

He would be much obliged if this would be sent to him as soon as possible. Because of his inability to do a certain amount of work he is low in funds. Thanking you for your kind attention.

Dear Sir:

With reference to your letter of the 4th instant, we have no record of having received your letter of June 24. I have reviewed our file and the reason for delay is apparently due to the fact that your office did not forward vouchers. It is the usual practice to forward vouchers. In this regard I would refer you to voucher 47 and voucher 48 issued by the Caradoc Agency office on April 16, 1941, covering the rent for the period May 1, 1941, to April 30, 1942. However, in view of the delay this year I am having the vouchers for the year 1942-43 issued in the office and we will arrange to have the cheques forwarded immediately.

Muncey, Ontario,
March 6, 1943.

Indian Affairs Branch,
Dep't of Mines and Resources,
Ottawa.

I am having some slight disturbance with the Rev. O. B. Strapp in reference to leases between Oneida Indians and the management of the Mt. Elgin Institute.

He is of the opinion that it is my duty to make all arrangements. I differ. Pointing out that the contract is first a contract between Locatee and Lessee, it then becomes the business of this Office for submission to the Department for consideration.

" Right " or " Wrong " ?

I submitted copies of enclosed sample form, which is a duplication of your last year's form, to Mr. Strapp, asking him to please have the necessary signatures appended and return to this Office, when it would be submitted to the Department for consideration. He promptly returned them with the explanation that it had always been done at this Office. I again returned them to him, pointing out that if he intended renewing the contracts, the form was the requirement of the Department of Indian Affairs and not this Office, and that the signatures were necessary for the locatees' consent. To date, I have heard nothing from him direct. The writer's object in writing is to point out that I do not intend to take the abuse that I took last year from Indian locatees, in connection with these

leases. Nor do I intend travelling around for signatures when that duty rightly belongs to the locatee or lessee. And as far as I am concerned, the leases will not be in operation until Mr. Strapp is ready to co-operate.

Co-operation is a personal ruling I have in my Office and I think , with your support I have the right to enforce it. If I am to administer this Office, no person other than the Department of Indian Affairs is going to dictate the procedure.

Application for renewal of these leases may by-pass this Office with a formal application, or they may arrive in proper form. In any case, I would request that they be returned to Mr. Strapp for presentation through the proper channels.

Dear Mr. Hoey;

In 1940 when the matter of the renewal of the Oneida Indian land leases was up for consideration I suggested that the term be for the period of ten years with the rental being paid annually, and pointed out that there was a strong possibility that in a few years we would have our whole program upset by the refusal of one Indian to renew his lease on the yearly basis. However in spite of my protest the leases were drawn on a yearly basis.

This year when the application for renewal of leases was being circulated by the owners of the various parcels Mr. Jacob Powliss refused to apply for renewal.

The situation now is that the portions B.B.B. on the rough sketch will not be of any use to for pasturage purposes because the only access is by way of the ford across the Thames River which is located within the parcel of land withdrawn from lease. This also means that the individual owners have no access to their land. I have marked the parcels that Mr. Powlis is not willing to re-lease A.A.

I understand that Mr. Powlis intends to lease these parcels to his son, who is at present living in the U.S.A., to be worked up and cropped this year.

I remain,

Yours truly,

Principal.

Dear Mr. Hoey;

With reference to the Oneida Land Leases, Last year upon receipt of your letter informing me that it was you intention to continue these leases for the use of the school,I broke up about 80 acres of the high land and worked it as summer fallow. Mr.Agent Downs informa me that unless I obtain signatures to applications for renewal of these leases he will not forward an application to Ottawa for the renewals. I have obtained as many signatures as possible,and, yeaterday I returned the list to his office,giving his secretary the information that I did not know who, or where, the people were that held the balance of the land and that I felt that the best thing to do would be to leave the list in his office so that those who had not signed could do so if, and when,they called to inquire about the leases.

I am in receipt of a letter from Mr. Downs in which he says " I must now tell you very plainly.Until the application form is complete, or the names without signatures erased, this office definitely refuses to accept it."

I am at a loss to understand the change in policy. Previously the whole matter has been handled by the Indian Agent as agent for the people and for the Indian Affairs Branch and the matter has been handled to the general satisfaction of all concerned. The Indian Agency is located in the village of Muncey and centrally located for all the parties concerned , it therefore seems to me to be the logical office to handle the matter.

I shall be pleased if you could give me permission to proceed with the work planned for this land,as it does not include the portion referred to in my letter of March 27th. owned by Mr. Jacob Powlins,who refuses to continue to lease his portion for the use of the school.

I wish to refer to lands of the Oneida Reserve now under consideration for lease, to the management of the Mt. Elgin Institute.

In this connection it becomes apparent that one man at least, does not wish to renew his contract. I understand this decision has been made because he wishes to establish his son and crop the land. Before operations can commence it will be necessary to fence this particular acreage. For the same reason it is also necessary that we know where the lines are. It is said, and I know it to be correct, that there is a plan of the said lands drawn by Kennedy in 1899. For reference, and establishing boundary lines of the individual holdings it would be appreciated, providing such a plan is in existence in Ottawa, if you would forward one to this Office.

Memorandum:

- Welfare and Training -

Returning file 7-0-9, Mount Elgin School.

If Mr. Jacob Powlis does not wish to lease the 18 acre parcel indicated on the Principal's sketch the writer does not see how he can be compelled.

Please examine the sketch. If it is accurate, the ford across the river, or rather the river bank to the ford, is on a road allowance there would appear to be no reason why the ford and the road allowance could not be used to get the cattle across to the available land, which comprises the balance of the sketch without trespass on the land which Powlis refuses to lease.

On the other hand, Powlis might be willing for a consideration to permit a lane being fenced from the ford to the nearest point on Lot 21 marked AA making access for the cattle to the balance of the land under lease.

It appears to the writer to be a matter for local adjustment which the Principal with a little ingenuity could solve for himself without shouting for help.

MEMORANDUM:

Re - Property of Estate of Levi T. Doxtator
under lease to Mount Elgin Res. School.

With regard to the above, I would draw to your attention the fact that the Mount Elgin Residential School is at present leasing 43 acres of the Estate property at an annual rental of $2.00 per acre.

In previous years the 43 acres in question was covered by two leases but since 1942 one lease covers the entire acreage and accordingly when vouchers are being prepared for payment of rental, only one voucher calling for payment of $86.00 to be deposited in the Levi T. Doxtator Savings Account at the Department should be prepared.

Mr. G.W. Down, Indian Agent, Muncey, Ont.

I have your letter of the 15th instant, with reference to payment due David Antone for rental of land used by the Mount Elgin Residential School.

On the occasion of his last visit to your Agency, Mr. Arneil took the cheque for Antone and was informed by you that you were not aware of his address. Apparently this man is living quite close to the reserve and the Department is surprised that you were not able to advise Mr. Arneil regarding his address. A cheque is being sent to him immediately.

Re: David Antone

I have your letter of May 29th, and note that the Department was surprised to learn that I could not advise Mr. Arneil as to Antone's whereabouts.

To my mind there is nothing very surprising when you realize that we have a population of approximately two thousand people who are continually on the move. One of our most difficult problems is to locate persons or families for interrogation. It is quite common for parents not to know where their children are and vice versa. Therefore I can hardly be expected to keep check on their movements.

As a matter of fact, Antone has gone again and no person seems to know where. However, he will more than likely turn up, some time, for his cheque.

Ottawa,
May 15, 1944.

Mr. C.W. Down, Indian Agent, Muncey, Ont.

The Department is in receipt of a letter from Norman Seneca, requesting $25 rental for Lot 14, Range 6, Township of Caradoc, which he states is leased to the Mount Elgin Residential School. We have reviewed our files and the last payment we made for the lot mentioned above was in 1939 and presumably this particular parcel of land has not been used by the school since that time. However, I should appreciate it if you would discuss the matter with the Principal and advise this office.

For your information I may say that recently the Department forwarded Seneca a cheque for $25 rental for 87 acres of Lot F, Range 7. Our records show that we have paid this amount yearly.

Re Complaint, Norman Seneca
Mt. Elgin Lease

Your letter of May 15th is acknowledged. After contacting Mr. Seneca I have to report that he made a mistake in the lots quoted. The old survey describes the property as Lot 14, Range 6, whereas to-day it is described as Lot F, Range 7. As advised in your letter, he has received rental covering the property. We may therefore consider the matter closed.

Wm. K. Cornelius and other Indians, having lands rented by the Department for farm use of the Mt. Elgin Residential School, have requested that rents be forwarded one month earlier. Usually these rents come through in May. It is suggested that one month earlier would be greatly appreciated, and give all concerned money to buy seeds for early garden and farm planting. If this can be arranged I would recommend the request.

Dear Mr. Phelan: Re: Mount Elgin Residential School

As you know, the School is ceasing to operate as a residential school on June 30th. I wonder what plans have been made to look after the farm and garden. It would be a great pity if this land were not cultivated this year, especially, in view of the world food shortage. I should appreciate knowing what your plans are.

I attach hereto a copy of a self-explanatory letter from Dr. Dorey in connection with the land until recently operated as the School Farm.

The Director has referred the matter for whatever action we deem necessary. I personally think Dr. Dorey's point regarding world food shortage is well taken and I hope we can come to some arrangement to operate the arable land. I am sending you a copy of this letter so that you may give the matter consideration and we will thrash it out during my next visit.

I hope to see you early in April and will notify you as soon as possible on what date I can be at Muncey.

Dear Dr. Dorey,-

I have received a copy of your letter concerning the operation of the arable land attached to the Mount Elgin Residential School.

I am hoping to complete arrangements by mid April to have all available land cropped to advantage. I will be pleased to advise you later when plans have been completed and the operation under way.

Dear Sir,-

I have received your letter of March 27th and note that you expect to visit the Agency early in April. I also have been thinking of the Lands surrounding the Mount Elgin Reserve, but I have received no official information as to final disposition of the same, either in part or as a whole. However, there are many things to iron out and if I am not too rushed within the next week or two I hope to have a plan ready for Debate

I should point out that we are experiencing summer weather in Western Ontario and if it continues seeding will commence. You should therefore arrange your visit as early as possible.

re Agricultural Programme - Caradoc Reserve

The Agricultural programme for the current year at the Caradoc Agency has been discussed at length with Mr. Down and jointly a land inspection has been made. This programme has included 547 acres which reverts to the Agency on the termination of the Mt. Elgin Residential School on June 30th, and in addition approximately 200 acres throughout the Reserve being operated on an improvement basis to place the farmer occupant or future owner on a basis whereby he will be established in full time Agriculture. The operation of the above acreage is exclusive of other Agency agricultural activities such as partial cultivation of lands for individual farmers, the preparation of garden lands, the threshing of grain, clover and cash crops, the pressing of hay and straw and land drainage.

The 547 acres reverting from the Residential School can be broken up as follows:-

210.5 acres, Government-owned, on which the buildings are located.
219.4 acres, pasture land, on the Oneida side- present lease terminates April 1, 1947. The rental of $ 2.00 per acre is chargeable to Schools. This land may be

pastured by the School herd until its disposal prior to June 30th.

117 acres on the Chippewa side adjoining the 210.5 acres. This area is also rented until April 1, 1947. It is largely arable and under crop, and is essential to the School farming unit. The entire School water supply is derived from a parcel of this land (the Seneca lot) which should be permanently acquired. The $ 2.00 rental for the current year is also chargeable to Schools.

The following plan is recommended for the operation of this land for the current season pending a decision being reached regarding the future operation of the School farm with its spacious outbuildings:

That 40 acres be summer-fallowed and sown to Fall Wheat.

That 25 acres be planted to late Potatoes.

That 40 acres be sown to Oats and Oats and Barley with 20 acres being seeded to Timothy and Clover.

That 120 acres be retained for Hay.

That 10 acres be partially summer-fallowed and sown to Buckwheat to be turned under to clean and improve the land.

This suggested programme is considered essential and the most economical, having in mind the present condition of the land and the rotation in practice at the School. The potatoes are required and with the fall wheat and coarse grains, are in keeping with the necessity of production on the Reserve. The School staff is at present seeding the 40 acres to Oats and Oats and Barley and they

have been requested to continue. A suggested arrangement has been reached to reimburse the School for the sowing and seeding of this 40 acres for the sum of $ 200.00 plus $ 40.00 for 2 tons of fertilizer being sown with the Oats. In this arrangement we are supplying the seed for 20 acres of Oats otherwise the School is supplying all seed and grass seed. This nominal sum was suggested by myself as the minimum that could be offered and saves us at least an equal amount were they to cease operations. It represents around 25% of returns at present prices from an average crop. A good seed bed has been prepared and the work is being well done. From a financial point of view the operation of this land is largely to our advantage as the extensive hay land is average in seeding and with an average season should result in approximately 150 loads of mixed hay and alfalfa. We have the machinery for pressing hay and straw if necessary.

To effectively carry out this programme on the School farm and the ambitious programme on the Reserve some expenditures are essential. It will be recalled that our Welfare Power and Machinery has not been replaced during the war years. We have at present two tractors in operation. A 10.20 International 9 years old and urgently in need of replacement. To keep this tractor in operation we are losing much time and needless expense. It is definitely in its last season. An International Farmall light tractor also about 9 years old and in similar condition to the 10.20. A third tractor, an Oliver 70, is beyond repair and valued only as junk. We have never owned any haying machinery although it is urgently needed on the Reserve. I would recommend the immediate purchase of a light tractor, a six-foot cut mower, a side delivery rake, a wagon and rack and a hay loader. This recommendation covers minimum requirements for this year's operations. When it is

recalled that this 17,000 acre Reserve is entirely an agricultural one where 75% of the Indian families' revenue should be derived from this source it will be realized the absolute necessity of having adequate machinery in our endeavour to assist Indian land owners to become successfully established as full time farmers. The purchase of this machinery can be arranged by Mr. Down as soon as authority is received. In the case of the tractor which is a scarce commodity at present it may prove necessary to purchase the School tractor (a Farmall) at their auction sale. It appears serviceable but a new tractor is preferred and more economical in the long run.

I find a major problem confronting our administration of this Agency at present and one that should be corrected forthwith if confusion and loss of time and effort is to be avoided. It is the unfortunate absence of our Farming Instructor, Mr. Ryckman. I visited Mr. Ryckman and find him ill and preparing to go to Hospital for a rather serious operation. He will undoubtedly be absent for a long time and in view of his age it is my opinion that he will not return; nor in any case at his age can I recommend his return to the heavy duties of Farming Instructor at this Agency. He has accumulated considerable Sick Leave and I presume will remain on pay for a good portion of the present growing season making the usual replacement at too late a date for current work. Mr. Down is at present putting in long hours and has succeeded in getting his spring work in splendid shape and well under way but it is impossible that he alone can carry the load.

I find an opportunity to temporarily replace Mr. Ryckman, on possibly a 90-day emergency payment on voucher basis, by a competent farming instructor already

in residence in one of the apartments at the Residential School. I refer to A.E. Bush the herdsman at the School. Mr. Bush is married, 53 years of age. He was born and raised on a dairy farm in Haldimand County near Hagersville. He has spent his life on the farm with the exception of some three years while employed in the Cockshutt factory at Brantford. He has owned his own farm and held responsible jobs as herdsman in pure-bred Holstein herds in central Ontario. Mr. Bush has been at the School for some 18 months and has continually impressed me with his capability and practical common sense. In my opinion he is well qualified to take over the farming instructor's duties here and tide us over this emergency. He is willing to continue as long as required when his School contract ceases, at a very early date, or as soon as the herd is sold possibly in May. If this can be arranged I would suggest a salary of $ 125.00 per month, plus house, fuel and light. He would simply remain on in the apartment. It is my strong recommendation that he be engaged on a temporary basis to permit this worthwhile programme to proceed without disruption. In addition to the School farm and agricultural programme he would be required to assist in our land drainage and roadwork activities.

I would appreciate consideration of these recommendations at as early a date as possible with advice to Mr. Down to enable him to lay his plans for the necessary implements and outside supervision.

W.S. Arneil

Inspector of Indian Agencies

These recommendations have resulted from discussion with Mr. Down who fully concurs. He is aware of all details of proposed operations.

Ottawa, April 20, 1946.

G. W. Down, Esq., Indian Agent, MUNCEY, Ontario.

The Branch has received a memorandum from Mr. Inspector Arneil outlining a proposed agricultural program for the Caradoc Reserve.

For the present, at least, it will be necessary to farm the property formerly occupied by the Mount Elgin Residential School. Before next year we will have to decide whether we are prepared to run this as a demonstration farm, or reduce our holdings to that portion of the farm which belongs to us by allowing rented lands to revert to their Indian owners.

In order to carry on this summer it will be necessary to purchase certain farm implements, namely, tractor, side-delivery rake, six foot cut hay-mower, hay-loader, a wagon and a rack. In connection with the tractor, we understand that it may be necessary to purchase the one belonging to the school, because of the difficulty of obtaining a new one. In view of Mr. Arneil's report on the mechanical condition of your present tractors we hesitate to add to the "old machinery troubles" by buying an old tractor. Delivery of a new tractor will take some time. Do you consider that you can manage with the present tractor until we can obtain a new one and turn in the oldest of the present trio? If you can we will order a new one. Please submit requisition, in duplicate, covering your machinery requirements. If you can attach quotations from local dealers and give us some idea of delivery date, this information will enable our Purchasing Agent to place his orders sooner.

Mr. Arneil has recommended that Mr. Bush, of the Residential School, be engaged in a temporary capacity to replace Mr. Ryckman, the present Farming Instructor, during his illness - possibly for a three months' period. This suggestion is tentatively approved. Payment for Mr. Bush's services should be made on monthly vouchers showing the following information:

..... days' service at $..... to make up an amount of $125.00 per month.

Your suggested program for operating this land for the present season is approved. The Branch also concurs in the proposed arrangement to reimburse the school for sowing and seeding 40 acres by paying them $200.00 plus $40.00 to cover the cost of 2 tons of fertiliser sown with the oats.

It is suggested that a separate account be opened in your books to cover the Residential School Farm so that expenditure on it may be segregated. It will be in order for you to requisition funds you may require to cover labour, etc.

I wish to draw attention to the individual annual land rentals in connection with the Mt. Elgin Residential School.

You are aware, of course, that this School closes on the 30th day of June, 1946. The various parcels of land, however, have not been returned to the Indian owners. It is therefore assumed that the rentals for 1946 are payable by the Branch. It would be appreciated if you would attend to the matter by forwarding cheques accordingly.

Muncey, Ontario,
May 8, 1946.

Reference is made to your letter of April 20th with regard to farming operations at the Mt. Elgin Residential School. I have made enquiries of the dealers in the Mt. Brydges area, and the Massey Harris dealer is the only one who will guarantee delivery in time for this season's harvest. I have attached, hereto, requisition covering the pieces mentioned in your letter which are all very necessary; and it is hoped that the order will be placed without delay.

There is very little difference in the set up and manufacture of the various types of recognized farm equipment, but there is an important factor which all good farmers consider. I refer to the readily accessible repair and parts service. The Massey Harris has such a shop in Mt. Brydges, 8 miles distant. It is therefore desired that the order be placed with them. There is also the consideration that they guarantee delivery in time for this season's operations which is a most important factor.

With regard to the tractor, please do not change the order to a small size. It must also, on account of the excessive roading from farm to farm, be on rubber. 25% of our repairs may be attributed to roading with steel lug wheels. Massey Harris will guarantee delivery of this piece of equipment within three months. I must therefore manage with our present equipment until delivery is made.

I am now faced with the problem of a hay-rack which, if secured, will complete the requirements. This piece of equipment can only be secured through a local carpenter and is usually made to size. I am therefore requesting that I be given authority to have one made. The approximate cost is somewhere between $ 75.00 and $ 100.00.

If I am to receive this equipment in time to harvest this season's crop, please give the matter urgent consideration.

The dealer's name for the Massey Harris equipment is:

Mr. Blake Steer,
Mt. Brydges, Ont.

Reference is made to your letter of April 20th, last paragraph. In this connection a separate file covering operations at the Mt. Elgin Residential School has been set up, which at the end of the crop season will reveal a financial and crop return of the undertaking.

To do this, however, it will be necessary to set up a ledger account. I am therefore requesting, as suggested in your letter, sufficient funds to carry on with immediate labour operations. I have no way of estimating the entire season's requirement. I am therefore, at this time, suggesting $ 250.00. If this amount is forwarded in the form of an advance it will be accounted for in the usual manner.

In connection with the $ 200.00 plus $ 40.00, mentioned in the pemultimate paragraph of your letter, is it your wish that a voucher made payable to the Principal of the Mt. Elgin Residential School be forwarded for payment?

Memorandum-

- Departmental Purchasing Agent -

The attached requisition covers implements and a tractor required for use on the Muncey Reserve.

The prices quoted were obtained from the Massey-Harris dealer, Mr. Blake Steer, Ft. Erydges, Ontario. Mr. Steer's firm is the only one that can guarantee delivery in time for this season's harvest. The tractor must be on rubber because it is moved by road from farm to farm on the reserve, and the agent states that 25% of all the repairs required for his tractors can be attributed to roading with steel lug wheels.

May purchase be made at the earliest possible date.

MEMORANDUM:

- The Purchasing Agent -

With further reference to our memorandum of May 13th, File # 7-0-9, with attached requisition for implements for the Muncey reserve, I attach hereto a requisition covering - 1 Wagon, ½ -ton capacity with tractor hitch.

Mr. Down explains that this wagon is necessary to handle the hay crop on the Mount Elgin Residential School farm lands which are being operated by this division this summer. He states that in order to have the wagon in time to handle his hay crop he has placed the order with E. Giles, Christian, Ontario.

It is strongly recommended that a purchase order be issued in accordance with the Agent's request.

Operations in connection with the Mt. Elgin Residential School farm land are progressing but many difficulties are presenting themselves. It is not my intention to criticize but in all my experience I do not think I have ever encountered such a dirty, mismanaged tract of land. To continue with the work I am requesting a further advance of $ 500.00 to be accounted in labour costs in the usual manner.

Ottawa;

Dear Sir;

I understand from conversations with Mr.Arneil that the Department of Indian Affairs is to pay to the Mount Elgin School the sum of two hundred dollars for ploughing and seeding done previous to the Department taking over the land also the sum of forty dollars for fertilizer used.

As I have to close the books by Saturday and there will not be time to receive this settlement , may I trouble you to take the matter up with Rev,George Dorey, 299 Queen St W. Toronto.

Yours sincerely.

Mrs. Sophia Doxtator, a member of the Oneida Band of the Caradoc Agency, reports that she has not yet received her rental cheque covering her property leased to the Mt. Elgin Residential School. A check of the records reveal that 43 acres are under lease. It would therefore be greatly appreciated if you would check and if the rental has not been forwarded please arrange to do so as soon as possible.

Re: Tractor for Caradoc Agency.

Further to our conversation of August 13th -

On June 6th Purchase Order # 11337 was issued to Blake Steer, c/o G.E. Steer, Mount Brydges, Ontario, to furnish the following equipment to you:-

1 Hay -loader.
1 Side Delivery Rake
1 Mower
1 Tractor, #102 Senior.

It is understood that a copy of this Purchase Order was sent you. It was specified on this order that the tractor was to be delivered as soon as possible. Therefore, could you please check with Mr. Steer regarding this matter.

Because of suspension of work in the Massey-Harris plant it may be impossible for this tractor to be supplied at present. Mr. Steer will be able to give you specific information about this.

In view of this situation the Department intends, if you concur, to leave this purchase order outstanding with a view to delivery as soon as available.

Original on 10-7

Muncey, Ontario,
Sept. 18, 1946.

You will recall with the closing of the Mt. Elgin School that Mr. Bush, the School's herdsman, was retained for our services, as farm manager of the Mt. Elgin Operations, for a period of three months. See Dep'tl letter, File 7-0-9, dated April 20, 1946.

Mr. Donald Fraser was also appointed Reserve Farm Instructor. He did not remain in the service. Mr. Bush therefore assumed the obligation temporarily. I now find myself asking the question, "What is to happen after September 30th?" Would you please advise on this important matter as the set up of operations at present going on at the Caradoc Agency calls for outside supervision.

Yours truly,

G. W. Down

Indian Agent.

Dep't of Mines & Resources,
Ottawa, Ontario.

Mr Armstrong - The appointment of a Farming Instructor at this Agency is at present under consideration.

I advised Mr Down verbally that Mr Bush's services would not be required after Sept 30th.

Muncey, Ontario,

March 12th, 1937.

Sir;

Mrs Stanley Dolson, a member of the Muncey Band of Indians at this Agency, has been under treatment from this office for some time. She suffers with an unresolved Pneumonia, and possible early Pulmonary Tuberculosis, although the latter disease has not been detected at the London Chest Clinic by the use of X Ray. This woman has a sister, Eva Doxtator, aged 17 years, who is a pupil at Mount Elgin Residential School, and she has repeatedly requested Indian Agent A.D.Moore and myself to obtain the latter's discharge from school so that the sister may care for her two children, and housework, while Mrs Dolson rests in bed as instructed by me.

Rev. O.B. Strapp, Principal of Mount Elgin School is loathe to discharge Eva Doxtator, assuming the view that with her domestic science course completed this summer, he will endeavour to place her at suitable employment in a private home. The girl herself is not anxious to leave school, but expressed a willingness to do so as a helpful duty to her sister.

Mr. Moore, Mr. Strapp and myself have discussed the situation, and the Principal of the school suggests that permission be sought for one month's leave of absence for Eva Doxtator to care for her sister, in lieu of discharge. Mr. Moore and myself concur in this proposal and the former has requested that I write for authority to have this girl granted leave of absence from Mount Elgin Residential School. I am, Sir,

Approved

Your obedient servant,
J Raymond

Dear Sir:

I have your letter of the 12th instant, requesting that one month's leave of absence be granted Eva Doxtator, a pupil of the Mount Elgin Indian Residential School, in order that she can care for her sister, Mrs. Stanley Dolson, who has been under your treatment.

In reply I have to say that the Department is communicating with Rev. O. B. Strapp, Principal of the School, and instructing him to allow Eva Doxtator one month's leave of absence. It is understood that this girl will be returned to Mount Elgin after that time.

Yours truly,

Philip Phelan,

Ottawa, March 16, 1937.

Rev. Sir:

The Department has received a communication from the Medical Superintendent of the Caradoc Agency requesting that Eva Doxtator, a pupil of the Mount Elgin Indian Residential School, be granted one month's leave of absence in order that she can care for her sister, Mrs. Stanley Dolson. We are informed that the Medical Superintendent, Mr. Agent Moore and yourself have discussed the matter and that you were in favour of this girl being granted the leave requested.

The Department will approve of your permitting Eva Doxtator one month's leave of absence. She should be returned to the school after that period. No per capita grant can be allowed for her during such absence, and in preparing your returns covering the period of her absence you should make a note after her name on the return stating the date she left the school, and, later, the date she is returned.

The Medical Superintendent is being informed that you are [illegible] to grant this girl leave of absence

Yours truly,

Philip Phelan,

REV O B STRAPP PRINCIPAL

March I9th. I937.

Mr. Philip Phelan.
Chief. Training Division.
Indian Affairs Branch.
Ottawa.
Ont.

Dear Sir;

I am in receipt of your circular letter re preparation of the quarterly returns for residential schools.

Reference paragraph # 4.

Very rarely do Indian Agents send even a copy of the application forms to the principal of the school. With the exception of Mr. A.D.Moore the Agents do not even send a note with the pupils giving authentic information as to age,whether attended school previously,and grade. When the pupils are brought to the school by their parents we can obtain the necessary particulars but many are brought by someone who can only guess at ages and grades. It would greatly facilitate the recording of necessary information if the Agents were instructed to forward the application forms to the Principal of the school who would then record the information and send the forms on to Ottawa. If you prefer to have the forms come directly to your office then the Agents could be instructed to send with every new pupil a note of introduction giving the necessary information. If something like this idea was in operation it would be possible for the Principal to be sure that the application of the child had been made through the proper channels. In the past we have had children brought to this school and only after they have been in school for some time have we discovered the Agent had not received an application for them, the parents of course say that they have authority from the Agent and we have no proof to the contrary.

With reference to the "Discharge" form.

As far as the records of this school are concerned it would appear that the former Principal discontinued the use of these forms in I922. We would appreciate a new supply.

I remain,

Yours truly,

Oliver B. Strapp

Principal.

Dear Mr. Strapp,-

I have your letter of the 19th instant and will keep in mind what you say and arrange to have you forwarded copies of the application forms for those pupils entering the Mount Elgin Indian Residential School who come from reserves other than the Caradoc Agency.

I note from your letter that Mr. Moore supplies you with full information regarding the children from his agency.

A supply of admission and discharge forms will be sent to you.

I trust that everything is going well at the Mount Elgin School and extend kind personal regards.

Caughnawaga, Que.,
April 9, 1937.

ENCLOSURES.

Dear Sir;-

I wish to transmit you herewith three applications for admission to the Mount Elgin Institute,Muncey,Ont., on behalf of the children of Mrs.Ls.Williams.

Mrs.Williams and her children have been abandoned by the husband who is at present away from this Reserve,for the last six months. Previous to his lawt departure Louis had on two more occasions,sinee a few years,left his wife and children penniless had obtained work but never sent any money to his family. He is a heavy drinker has almost never supported his family, the wife and the children having been helped by her family and also by this office. They have four children, aged, 9, 8, 6 and 4 years.

I would recommaad to your consideration the application for Edna Joyce, 9, and Myrna Ann 8, as it is considered that it is possible for mrs. Williams to take care of Orvel 6, this with the help of her relatives.

Yours very truly,

Indian Agent.

Ottawa, April 15th, 1937.

Dear Sir,-

The Department is in receipt of your letter of the 9th instant, with reference to the admission of three children of Mrs. L. Williams to the Mount Elgin Indian Residential School.

At the present time, this school has its full quota of pupils and accommodation cannot be provided for the Williams children. It may be possible to have them placed in that school after the summer holidays. You might bring their case to our attention about the middle of July.

Yours truly,

Philip Phelan.

Reverend Sir,-

Inspector McCoskin has brought to our attention the case of Shirley Jane Keeshig, formerly a member of the Cape Croker Band and who is, at present, in the Mount Elgin Indian Residential School.

The Keeshig family were enfranchised last Fall and, consequently, this Department is not responsible for the education of the children. You should, therefore, discharge the girl from the Mount Elgin School at the end of the current academic year, viz., June 30th, next.

Re: Herman Henry, Herman Thomas, Indian Juveniles, Truants from Mt.Elgin Indian Residential School, Muncey, Ont.

Headquarters

(1) In the p.m. of the 11th instant, Reverend O.B.Stropp, Principal of the Mt.Elgin Residential School, telephoned the Detachment and complained that the two above named boys were Truant from the School.

(2) An immediate patrol was made of the Reserve, per Police Chevrolet, code #2296 and every effort made to locate them without success. A thorough search was made of all the barns and sheds on the school property as it was believed that they might stay in one of the buildings until dark and then make their way out of the school grounds. Members of the School Staff, assisted by older boys, searched the bush surrounding the School but failed to locate them.

(3) Herman Henry is a member of the Muncey Reserve and likely places for him to visit have been searched. His parents and Grandparents have been interviewed and state that he would not return home as they are anxious for him to remain in the school and would immediately retun him if he did come home.

The following is a description of the Boys:

Herman Henry - Residence Muncey Reserve: age 15 years: Height 5 feet 9 inches: Weight about 150 pounds: Wearing dark blue suit with pin stripe. Dark blue windbreaker with Zipper fastener: Dark grey felt hat: Black oxfords: White shirt with brown stripe.

Herman Thomas - Residence Kettle Point Reserve: Height 5 feet 5 inches: Age 17 years: Weight about 150 pounds: Black coat and trousers which do not match: Dark grey felt hat: Black oxfords; White shirt.

(4) It is requested that enquiries be made at the Kettle Point reserve as it appears that they will have gone there.

Re: Douglas DELEARY and Herman THOMAS (Indian Truants).
Mt. Elgin (Indian) Residential School, Muncey, Ontario.

Headquarters

1. The two above mentioned truants were picked up on Kettle Point Indian Reserve by Indian Constable Dan Bressette of Stoney Pt., Indian Reserve and brought to this Detachment on the evening of April 26, 1937.

Sub-Division

2. Owing to the rain storm and flooded condition of the highway between here and Muncey I placed these two truants in the local jail until the following a.m., when at the request of the Indian Agent here they were escorted back to Muncey by me. Leaving Sarnia Detachment per Pol., Ford V8, Code #1478 we arrived within two miles of the above mentioned School after making two detours around bridges washed out by the flood. The remaining two miles were made on foot and the truants turned over to the School Principal.

Sir:-

On April, 26th. 1937, Dan Bressette, Jr. the Constable of Kettle and Stony Pt. Reserve brought two Absentees, and delivered them to the R.C.M. Police. Corp. Chisholm took the boys back to Muncey. The boys were Herman Thomas and Douglas Delarey.

Constable Bressette has asked me to forward his account for mileage of 40 Miles, one way at 15¢ per mile, a total of $6.00. Corp. Chisholm informs me that Bressette should have phoned them and they would have gone to Kettle Pt. for the boys. I have advised Bressette to do this in future.

I am enclosing vouchers for Constable Bressette account, and if these are approved by you will you kindly forward his cheque in care of this office.

Dear Sir,-

The Department is in receipt of your letter of the 4th instant, enclosing an account from Constable Dan Bressette for transportation of two boys who had truanted from the Mount Elgin Indian Residential School.

In this connection, I would refer you to the travel regulations authorized by P. C. 3-1415 of June 11th, 1936. Section 11 (a) of these regulations only permits our allowing mileage at the rate of 7¢ a mile and a copy of these regulations was forwarded to you.

The voucher you submitted is, therefore, returned in order that you may have it prepared on the basis of the mileage rate mentioned above.

Dear Sir;

Herewith please find recommendations concerning pupils 16 years of age for discharge, and to continue studies, also certain pupils whom it is deemed not to be in the best interests of the school to continue in attendance.

The forms concerning pupils graduation are being forwarded to the Agents concerned. It is frquently difficult to predict a year in advance as to whether a certain pupil will graduate at the close of a given year, but, as far as we can we will advise the Agents concerned.

In the matter of certain pupils 18 years of age recommended to continue for another year. These pupils have been placed in the school because of very unsatisfactory home conditions or the death of their parents and we feel that with another year of training it would be possible to place them in positions where they would be able to provide for themselves and not be a burden upon relatives who in most cases would not be able either to control or provide for them.

Because of unsatisfactory conditions we are not permitting the following pupils to go out for the holiday period;
0709 Helen Schuyler. 0711 Elsie Martin. 0714 Amy Cornelius. 0735 Tena George
0761 Christine Henhawk. 0793 Vivian Stonefish. 731 George Henhawk.
We hope that you will approve our action in these cases.

June 21st. 1937.

Dear Mr. Phelan;

Your letter of the 17th. Inst. to hand. In reply would say that we have not a pupil on our register by the name of Mervyn Lunham but I believe the boy referred to is Mervyn Bressette. If this is the case I shall be only too pleased to agree to his discharge.

With reference to Herman Thomas,in my recent letter to Mr. Hoey I recommended this boy for discharge.

Since sending in my recommendations I have received an application for the discharge of # 0751 Eulah Stonefish of Moraviantown. This girl will be sixteen years of age this summer,has passed the entrance to high school examination and has completed the domestic science course satisfactorily. I would therefore recommend that she be granted discharge at the end of the school year.

I remain,

Yours truly,

Principal.

June, [illegible].1927.

Sir:-

I am making application for admission of Florence [illegible]trice River, age, 11 years, of this Agency, for admission to the Mount Elgin Residential School, at Muncey.

This child has been attending the St.Clair Indian Day School for the past [illegible] years, but her [illegible]te have now gone to Canada. The parents are unable to support her at present, and rather than have her [illegible] their control on the reserve, wish to have her placed in a Residential School where she could be under strict control.

I would recommend her admission to the Mount Elgin Institute in September, if there is accommodation for her.

Ottawa, June 24th, 1937.

Dear Sir,-

The Department is in receipt of your letter of the 22nd instant, enclosing an application form and certificate of health for the admission of Florence Beatrice Oliver to the Mount Elgin Indian Residential School.

It is noted from your letter that the parents are able to support her and that she is only eleven years of age. Under these circumstances, there does not appear to be any real reason why she should be placed in a residential school at the present time. Her admission to Mount Elgin cannot be approved and she should continue to attend the St. Clair Indian Day School.

I am in receipt of your letter of the 5th instant with reference to the children of Mrs. Louis Williams. Owing to the many applications for admission to the Mount Elgin Indian Residential School, it will not be possible to favourably consider placing the Williams children in that school.

It is felt that they should remain with their mother for the next month or so, and, if conditions do not improve before the cold weather sets in, you should make enquiries around Montreal with a view to ascertaining if there is some institution near their home in which they could be placed. If so, you should advise the Department where you recommend sending them, and the rate per month for their maintenance.

Leonard Beeswax Age 12 years; height 4' 10"; weight 90 pounds; Black hair; freckled face; Indian features; Wearing black bib overalls and smock, generally known as school clothing.

Alfred Schuyler Age 13 years but looks a little older; height 4' 11" weight 95 pounds; large protuberant eyes; Large head; would pass for a white boy; dark brown hair; Wearing School clothing.

(1) In the a.m. of the 13th instant a telephone call was received from Mrs. J. Cook, Melbourne, Ontario, stating that the above named boy had arrived at her home the night before and asked that he be allowed to remain there overnight. Questioning the boy she learned that he was a pupil of the Mt. Elgin School and was on his holidays from the school. His mother, the lad claimed had been abusing him and he wished to return to the School. Mrs. Cook requested that the Police take charge of the boy.

(2) Before proceeding to the Cook farm the Assistant Principal at the School was interviewed and it was learned that Temigo was anpupil from the School. It appears that in 1936 he was released to his mother for the summer vacation period and shortly after returned to the school and asked that he be allowed to stay there as his mother beat him.

(3) His mother came for him when the holidays started this year and he was turned over to her. The School authorities requested that the Police return the lad to school and stated that he would not be released for summer holidays in the future.

(4) A patrol was then made to the Cook farm where Temigo was picked up and returned to the School. Questioning him it was learned that his mother had gone to Melbourne in the late pm. of the 12th instant and had left him to take care of the other children, one being only two months old. During her absence he had knocked a cupboard over and broke some dishes. On her return she had beat him with a poker. The boy is only 9 years old and could hardly be expected to take care of the other children. The mother of this boy has been advised of his return to the School.

I beg to acknowledge the receipt of Departmental letter No. 17-8, dated July 21st, ult., in which it is noted the Department states that the Mount Elgin Indian Residential School is prepared to accommodate five Cape Croker children during the approaching school term.

Relative to this matter, I beg to refer to Circular Departmental letter, dated July 22nd, ult., with reference to the matter of pupils who have any tuberculous infections, and the examination of same by a recognized medical authority on Tuberculosis, before the pupils be admitted to a Residential school, and in reply, beg to report to the Department that Doctor Scott, Band doctor, arranged for these pupils to be examined at the Queen Alexandra Sanatorium, London, Ont., as the parents of the pupils had agreed to take them down for the examination, I being at the time away on vacation. On my return however, I discovered that the parents had not taken the children to London, and I shall be glad to be advised by the Department if it will be in order for the Band doctor to examine these children in the usual way, when forms will be submitted for this purpose, as the School re-opens in the near future.

Dear Sir:

In reply to your letter of August 26 it is asked that you secure the very best examination available at Wiarton of the five children proposed to be sent to the Mount Elgin Indian Residential School. If Doctor Scott has any doubt of any of them being free of active tuberculosis, those particular children should not be sent to the school until there is an opportunity of having them examined by one of the travelling tuberculosis clinics which, I have no doubt, visits your district from time to time. Those passed by local examination will be admitted subject to further examination.

Dear Dr. Stewart:

Re: Marjorie Snake, Age 4 years

The above noted child was examined at recent chest clinic held in Chatham on August 18th, 1937.

This child had no symptoms.

Physical examination revealed a few enlarged, hard, posterior cervical glands on the right side.

Intracutaneous tuberculin test repeated and again found to be negative.

Conclusion: The only suggestion of tuberculous infection in this child was based on the enlarged glands mentioned above. It is improbable but nevertheless possible that these glandular enlargements may have a tuberculous origin. I think, however, she may be allowed to go to Boarding School but would recommend her returning to the clinic for a check-up in one year's time.

We trust this report is satisfactory.

Dear Dr. Stewart:-

The above noted child was examined at the Chatham Clinic on August 19th.

Examination of the child revealed grossly enlarged cervical glands. There is a history of these glands having become more enlarged and quite painful following an intracutaneous tuberculin skin test. This occurrence we believe is paramount to a positive intracutaneous tuberculin skin reaction, although the skin test itself was negative. In view of this we feel that this patient should be admitted to Sanatorium for special study.

We trust this report will be satisfactory.

Highgate August 10th. 1937.

Dear Sir?-

Reporting on the application of Lindy Noah attached hereto, She is the illegetimate daughter of the late Mrs Peter Noah Band No.256, her step father Peter Noah, had been very abusive to her, and after the death of her mother, June 9th, 1937, I took her to her Grandmother with the understanding she would be placed in a Residental School if possible.

This child seems very intelegent, with a noticable personality, and I would be pleased with the approvel of this application.

Your obedient servant,

Stuart Spence.

Sir:-

The Department is in receipt of your letter of August 10th enclosing applications for the admissions of Lindy Noah and Henriette Snake to the Mount Elgin Residential School.

These two children appear to be in good health and we are prepared to approve their admission to the Mount Elgin School, provided there is accommodation for them. Please communicate with the Principal, Reverend O.B. Strapp and if he states that he can accept them within the number for which grant is provided, you may make arrangements to send them to Muncey.

If, however, Mr. Strapp cannot accept these children owing to the large number of applications that he has already received, you should so advise me and an endeavour will be made to have them placed in the Mohawk Institute.

Yours truly,

Sir:-

I beg to report to the Department that George Elliott, of the Cape Croker Band, No. 318, has requested me to apply to the Department for the admission of his oldest child, a girl, to the Mount Elgin Indian residential School at Muncey.

Relative to this case, I beg to report that Elliott states he is unable to care for this child - as his wife has deserted him, and he wishes her to be placed in a Residential school if possible, although she is only 6½ years of age. As there are other Cape Croker children who possibly may be going to the Muncey School, I beg to submit to the Department an Application Form for this child, for your consideration, and enclosed please find same.

Sir,-

I have the honor to enclose herewith application for admission of [illegible] to the Mount Elgin Residential School.

[illegible] the boy, the mother of these children died in [illegible]. There are three children, a girl sixteen and these two boys, the father, Jerry Arsenot, is unable to care for the boys and send them to school properly. Mr. Stringer, Principal of the Mount Elgin Residential school, is willing to have these two boys admitted. As there is no tuberculosis clinic nearer than London these boys could be taken there for examination before entering the school, this would save an extra trip.

I have the honor to remain, Sir,

Dear Sir:-

With reference to your letter of September 6th, the Department approves the admission of Fred Anequet and Ormond Anequet to the Mount Elgin Residential School.

It is understood, of course, that you will have them examined by the tuberculosis clinic, of London, and if they are free of tuberculosis they may be taken into the school. Otherwise they should be returned

Yours truly,

Philip Phelan,

The Department is in receipt of the following letter from Mrs. Lola M. Altiman, 1035 Neary Street, Detroit, Michigan:-

> "In as much as they are letting my son, Fletcher Fisher go from Mt. Elgin Institute at Muncey, I should like to have him transferred to Shingwauk, Sault Ste. Marie, until such time as he can care for himself as I have no home and am only doing housework. Please advise me at once."

The above letter apparently refers to pupil No. 712 - Mount Elgin Institute - who is shown on their return as thirteen years of age. We do not appear to have any correspondence with reference to his discharge.

I would appreciate receiving a report from you regarding this boy, stating whether or not you desire to discharge him at the end of September.

In the meantime I would appreciate your advising if you know this woman and whether or not she is in a position to look after her son in the event of his being discharged. As you are aware, there is no chance of having him placed in the Shingwauk School, as this school has its full quota of pupils.

Re: Edward NOAH, Mount Elgin Institute.(Indian) Muncey, Ontario.

Headquarters

1. At about 8.p.m.on the evening of the 7th, inst, a phone call was received from A/L/Cpl, Bella, J.M. of the Muncey Detachment, informing me that two boys had ran away from the Mount Elgin Institute, Muncey, Ont, and that he had received information that these boys were heading for the Walpole Island Indian Reserve, Ont.

Sub-Division

2. As a result of this message a patrol was made by Cst, Needham, W.E. and the writer to Walpole Island, at 9.a.m. of the 8th, inst. One of these boys Edward NOAH.(Indian) was located at the home of his adopted mother at Walpole Island, he was accordingly escorted back to the Mount Elgin, Institute, in Pol, car Code #1674.

Detachment

3. While in conversation with Edward NOAH, he was questioned regarding the whereabouts of the second boy Garnet WILLIAMS,(Indian). NOAH stated that WILLIAMS, was with his parents at the Sarnia Indian Reserve, further that the Indian Agent at Sarnia, Ont, had allowed this boy to remain at home until such times as final arrangements could be made allowing WILLIAMS, to remain home permanently. This statement was verified by phoning the Indian Agent, at Sarnia, Ontario.

Sir:

Stafford Rogers, [illegible], Sarnia Reserve, has three children at present attending the Point Edward Residential School. Since he has moved to Sarnia Reserve, the St. Clair Indian Day School, Sarnia Reserve, is within easy reach of his home and I would like these children transferred to this school and attend the St. Clair School.

The teacher informs me that he has classes which these children could attend.

The children are: Wilda Virginia, age 15 yrs: Genivieve, age 13 yrs: [illegible], age 10 yrs.

As Rogers has [illegible], in regard to supporting the children, and lives close to the St. Clair School, I would recommend that these children be allowed to return home and attend the local school.

I would appreciate early reply, as I want these children to start [illegible] at the opening of the school.

Reverend Sir:-

The Department is in receipt of a letter from Indian Agent Tremouth, which reads in part as follows:-

> "Stafford Rogers has three children at present attending the Mount Elgin Residential School. Since we have a new teacher at the St. Clair Indian Day School on the Sarnia Reserve he wishes to have these children returned to his home and attend the St. Clair School.
> " As Rogers has a good home and is capable of supporting the children and lives close to the St. Clair School, I would recommend that these children be allowed to return home and attend the local school."

The above letter refers to Hilda, Genevieve, and Maynard Rogers. In view of the information given by the Indian Agent, the Department considers that it would be advisable to discharge these three children at once. We have numerous applications for admissions to the Mount Elgin School and there should be no difficulty in replacing them.

I would appreciate your writing Mr. Tremouth advising him when the father should come to the Mount Elgin School for the children.

Dear Sir:- Attention Mr. Philip Phelan

Your letter 7-0-10 of Sept. 21st. with enclosure from Mrs. Ethel Abram has been forwarded to this office by the Acting Indian Agent at Sarnia.

Mrs. Ethel Abram requests her daughter Lila to be discharged claiming that she is 16 years of age, whereas this girl is 15 and upon speaking to the principal of the school, this girl is recognized as a good pupil and would be best left there for at least two more years.

The character of Mrs. Abram and the home kept by her is not of the best as this woman was in receipt of a Mother's Allowance and lost the same through immorality and to assist her I did place her 11 year old girl in Mount Elgin School this fall.

Mrs. Abram is living with one Albert John by whom she has had another child and on this account it would be best to leave Lila in Mount Elgin School as long as possible.

Mrs. Abram's letter is returned herewith.

Your obedient servant.

September 27th. 1937.

Dear Sir;

Further to our letter of the 25th. Inst. The action of your Agent at Sarnia in the Rogers and Williams cases has led to a wholesale exodous of pupils mainly from that reservation during the last few days. Both the Rogers and Williams families have visited the school and the garbled versions of their interviews with their Agent has given the children the impression that if they run away from school he will give them permission to attend school on the reservation and apply for their discharge from this school. Naturally the life of the reserve,with its freedom to do very much what ever they may wish to do, is more appealing to the child mind than is the carefully regulated life of the residential school.
I sincerely trust that your Branch will give us all possible assistance to put a stop to this unrest and notify the Agent at Sarnia to have all truants returned to this school immediately.

I beg to report that we have three cases of Chicken Pox and therefore our pupils are at present in quarrantine.

I am,

Yours truly,

Oliver B Strapp.

(2) The pupils left the School during the p.m. and late p.m. of the 26th instant. Upon receipt of this information an immediate patrol was made of the Reserves, per Police car code #2296, accompanied by Constable H.J.Paquet. Mr Stropp, accompanied by the School staff, assisted in the search and were successful in locating Melva George, Blanche Henry and Emma Gray.

(3) When it became obvious that the balance had made good their escape a long distance telephone call was made to the Port Lambton Detachment and they were asked to be on the look-out for those from the Walpole Island Reserve and to notify the N.C.O. i/c Sarnia Detachment of the ones from Kettle Point and Sarnia Reserves.

(4) In the p.m. of this date Constable H.J.Paquet patrolled the Oneida Reserve and endeavored to locate missing pupils from that Reserve without success. It is more than likely that they have accompanied pupils to other Reserves.

(5) Corporal W.V.C.Chisholm, i/c Sarnia Detachment arrived at the Detachment in the p.m. of this date and returned Charity Fisher, Clayton Fisher and Ervin Williams to the School.

In reply to your letter of the 13th ultimo file 7-0-10 in reference to Fletcher Fisher,son of Lela M.Altiman being discharged from Mt.Elgin Institute., I would beg to say that Lela Altiman has no home on the Reserve,but Miss Altiman is a single woman who has a steady position in Detroit Mich, with reasonable good pay, and if nesecary should be able to support her son,

I would consider the boy much better off if it can be arranged to remain in Mt.Elgin Institute untill he is 16 or 18 years old. I have heard nothing of this boy being discharged from Mt.Elgin Institute, It may be personal desire to have this boy transfered to Shimgwauk,

September 25th. I937.

7-0-IO September I6th. September I8th.

Dear Sir;

I reply to your letters as above noted would say that in the case of the Williams girls who are registered as Gladys and Velma George it is simply a matter of the mother thinking that they now are old enough to do some work and they could therefore perhaps be of use at home. While they were younger she was quite satisfied to have us look after them and now they are old enough to make a contribution to the life of the school she would like to have them at home. I beg to point out that it is imperative that we should have a percentage of pupils old enough to carry on the work of the school without any one of them being at all burdened. These two girls are not yet fitted to go out to work and would only become a liability upon the reservation without anything to really occupy their time. Mrs. Williams mentioned the matter some time ago and when I raised the question it was admitted that there was someone around the house most of the time who could do the necessary chores etc. I would strongly recommend against their discharge.

Reference the Rogers children.

Mrs. Rogers visited the children at the school on Wednesday the 22nd. Inst. on that occassion she informed the Lady Superintendent that she had not known of the application made by Mr. Rogers for the children to be discharged from school. She stated that she was opposed to their discharge on the grounds that they would not receive the vocational trainipg at the reserve day school and also they would not have the benefit of the discipline of the school which she felt they very much needed. I beg to point out that if they are discharged at this time the efforts already expended on their training will be largely wasted and it will have an unsettling effect upon the other pupils in the school. The older girl, Hilda, has definitely expressed her resentment at the suggestion from her father that she be discharged and the other two are not yet old enough to know what they do want. Mr. Trenouth's letter is merely a matter of following the line of least resistance and certainly is not considering the welfare of the children nor the unsettling effect their removal would have upon other pupils. I beg to recommend that they be not discharged at this time.

Yours truly,

Principal.

Dear Sir:-

With further reference to your letter of the 14th ultimo regarding the application you received for the discharge of the children of Stafford Rogers from the Mount Elgin Indian Residential School, the Principal reports that Mrs. Rogers recently visited the school and stated that she had no knowledge of the application made for the children's discharge. She further stated that she was opposed to their discharge.

The Principal also points out that these children have reached the stage where they can greatly benefit by further training, while, if they were discharged, the efforts already expended on them would be largely wasted.

Under these circumstances the Department is not prepared to grant the discharge of these children at the present time.

Dear Dr. McLeod:

re: [illegible]

The above noted child was examined at chest clinic held at Victoria Hospital on September 30th, 1937.

On examination her temperature was 99.3; pulse 88; weight 56-1/4 pounds. A palpable gland was noted at the angle of the jaw probably due to a tonsillar infection. Chest: Nutrition fair; good expansion. No adventitious sounds heard. A slight systolic murmur heard at the apex.

X-ray Report as follows: "Examination of the chest shows that there is thickening of the hilum [illegible] with increased density in the linear markings throughout."

Intracutaneous tuberculin test reported negative.

Conclusion: This girl has not been infected with tubercle bacilli.

We trust this report is satisfactory and thank you for referring this patient to us.

Mr. Philip Phelan,

Dear Mr. Phelan:

Following up our conversation during the teachers' convention with reference to transferring certain pupils from this school to Chapleau, I would like to say that I have made inquiries in the following cases.

No. 708 Irvin Johnson--Age 15, Sarnia Agency--this boy is sometimes known as Irvin Williams. He generally stays with grandparents or aunt when on the reservation during summer holidays. He was placed in school in 1932 as a neglected child.

No. 709 Clayton Fischer--Age 15, Sarnia Agency. The parents of this child are separated and the mother living part of the time with another Indian named Cotterill. The boy was placed in the school in 1932.

No. 739 Eddie Noah--Age 10, Walpole Island. This boy was being looked after by an Indian family--as he is a non-band member--and because of extreme neglect was placed in this school in 1934.

No. 0711 Elsie Martin--Age 12, Cape Crocker. This girl's mother has been dead for a number of years. She was being looked after by other relatives and on petition of her reputed father, because of her neglected condition was placed in the school in 1930.

No. 0715 Julia Sickles--Age 15, Caradoc Agency. Nothing is known about the parents of this girl. She has, however, been looked after partly by two brothers and a sister who usually work out in wood-cutting camps. She has no settled home on the reservation. She was admitted in 1930.

No. 0747 Josephine White--Age 13 Walpole Island. This girl's mother, Lena White, has been seperated a number of years from her husband, and is employed in the United States. She has been making her home with a married sister who has been ill for some time. I am informed by Mr. Daley, the teacher at Walpole, that donditions in the home are very unsatisfactory.

I have submitted these names for your consideration as I believe them to be the ring leaders among the truants.

I would appreciate it very much if you could see your way clear to issue definite instructions to your acting Agent at Sarnia with reference to the immediate return of truants from this school and also

inform him of the section in the Indian Act providing for attendance at residential schools after age 16. Sarnia is still the 'Mecca' for runaways. Two from the Six Nations agency and one from Caradoc left us yesterday after informing some of the other boys that they were going to Sarnia, and the Agent there would get them out of school. Much of this I believe is hearsay amongst the Indian children, but from information received from the police, I am afraid there is some basis in fact for their assertions.

Dear Canon Vale:-

I was at the Mount Elgin Indian Residential School at Muncey, Ontario, last week and I found that three boys and three girls have been truanting. Their actions are affecting the other pupils and it is considered advisable to place them in another school.

Instructions are therefore being issued to send them to Chapleau.

As mentioned above, there are no other complaints against these children other than truancy and as you require additional pupils, I felt that you would be pleased to receive them.

The following particulars regarding these children have been received from Rev. O.B. Strapp, of the Mount Elgin Residential School:

"No. 708 Irvin Johnson - Age 15, Sarnia Agency.- This boy is sometimes known as Irvin Williams. He generally stays with grandparents or aunt when on the reservation during summer holidays. He was placed in school in 1932 as a neglected child.

No. 709 Clayton Fischer - Age 15, Sarnia Agency. The parents of this child are separated and the mother is living part of the time with another Indian named Cotterill. The boy was placed in the school in 1932.

Reverend Sir:

With reference to your letter of October 20th, the Department approves the transfer of the following pupils from the Mount Elgin Indian Residential School to the Chapleau Indian Residential School:-

Irvin Johnson,	No. 708	Elsie Martin,	No. 0711
Clayton Fiepher,	" 709	Julia Sickles,	" 0715
Eddie Noah,	" 729	Josephine White	" 0747.

You can, no doubt, make enquiries regarding train connections. The children should be taken to Toronto and from that point there a daily train via Canadian Pacific Railway to Chapleau.

The cost of transferring these children should be kept as low as possible, but payment of the expenses incurred will be met on receipt from you of properly certified account, in triplicate, to which receipts should be attached.

Mr. R. A. Hoey,
Superintendent Of Welfare & Training,
Indian Affairs Branch,
Ottawa, Ontario.

Dear Mr. Hoey:

I am enclosing an application form received from Mr. Randle, superintendent of Six Nations, Brantford, Ontario. As the medical certificate did not contain the particulars required under new regulations, I have not admitted this girl. I have written to Mr. Randle and informed him that I would consult your office as to the sufficiency of this certificate under the new regulations. As we have a vacancy for this pupil I would appreciate your decision in this matter at your earliest convenience.

Following the transfer of pupils to the Chapleau Indian Residential School, it will be necessary to fill the vacancy so caused. I would appreciate your notifying Indian agents who have applicants, to this effect.

Three of the pupils mentioned in letter 7-0-10 of October 22nd, have not yet been returned by the police. I presume that action on my part should be deferred until the return of these pupils.

Yours truly,

Oliver B. Strapp.

Ottawa, November 8, 1937.

Dear Sir:-

The Principal of the Mount Elgin Indian Residential School forwarded the Department the application of Eva June Hamilton for admission to the Mt. Elgin Indian Residential School. This year it is required that all new applicants for admission to Mount Elgin School be examined by a T.B. Clinic.

Our medical superintendent states that the girl can be examined at either Hamilton or Brantford with no delay. Please arrange for this and, if she passes the Clinic, she may be sent to the Mt. Elgin School.

Dear Sir;

I beg to report that we now have five of the pupils referred in the above noted letter back in school. Irvin Johnson and Clayton Fischer were returned by Constable Dawson of the R.C.M.P. on November 1st.

Owing to the epidemic of chicken pox and a number of cases of what Dr. McLeod now diagnoses as Flu it will not be possible to spare a member of my staff to accompany these children to Chapleau. I therefore beg to suggest that a constable of the R.C.M.P. in plain clothes be requested to accompany them. We could provide sufficient food for the children for the journey and they would be less likely to try to run away en route.

I notice by press reports that a new Agent has been or is to be appointed for the Sarnia Agency. I would appreciate information as to his name etc. so that I may write him and invite him to visit the school and inform himself as to general conditions here at first hand.

Dear Dr. McLeod:

Re: Julia General, Age 13 yrs.

The above noted patient was examined at chest clinic held in Victoria Hospital on September 23rd, 1937.

No history of exposure to tuberculosis. Tonsils and adenoids had been removed at a previous date.

On examination her temperature was 99.2; pulse 92; weight 79-1/4 pounds. Examination of the chest showed good chest expansion. Nothing abnormal found.

Intracutaneous tuberculin test reported negative. X-ray report as follows: "Examination of the chest shows definite thickening of the hilum areas on both sides with calcified nodes and old healed lesions which are small and sharply circumscribed in the parenchymatous tissue. These are more marked on the right side and there is some interlobar pleural thickening on the right side. Apparently there is some pleural thickening of the left apex. Diagnosis: Chest-healed tuberculosis."

Conclusion: Although this girl had a negative tuberculin test we feel that she has had a childhood tuberculous infection. However, this is well healed at the present time. We also noticed a number of scars and infected areas on this girl's hands suggesting previous scabies infection.

We trust this report is satisfactory and thank you for referring this patient to us.

Yours very truly,

Dear Dr. McLeod:

Re: Levi General, Age 11

The above noted little boy was examined at chest clinic held at Victoria Hospital on September 21st, 1937.

No history of exposure to tuberculosis. No childhood illnesses.

On examination his temperature was 99.2; pulse 90; weight 95½ pounds. Examination of chest showed good general expansion. No abnormal sounds.

Intracutaneous tuberculin test was reported as negative. X-ray report as follows: "Examination of the chest shows that the left dome of the diaphragm is slightly higher than the right, possibly due to the great quantity of gas within the splenic flexure. Both lung roots show some calcified nodules and in the left lung at the level of the third rib in front there is a calcified area about the size of a pea in the mid-zone. The peribronchial markings leading to the left apex are somewhat increased. Diagnosis: Calcification of lesions due to pulmonary tuberculosis."

Conclusion: Although this boy has a negative tuberculin test we feel that he has, at some time, had a childhood tuberculous infection. However, he is in good physical condition at the present time.

We trust this report is satisfactory and thank you for referring this patient to us.

On examination her temperature was 99; pulse and weight normal. Examination of the chest showed bronchovesicular breathing in both bases posteriorly. Otherwise, nothing abnormal.

Intracutaneous tuberculin test reported positive. X-ray report as follows: "Examination of the chest shows marked thickening of the hilum areas on both sides with thickened nodes and increase in the broncho-vascular markings throughout. There are some apparently old healed lesions as indicated by the small calcified areas in the parenchyma of the lung."

Conclusion: This girl has received a childhood tuberculous infection but her chest condition is good at the present time.

The above-noted was examined at the chest clinic, Victoria Hospital, on September 21, 1937, and we report as follows:

Temperature 98.4°, pulse 84, weight 64½ lbs. The boy has a cold at the present time. Cervical glands are palpable on both sides, tonsils cryptic. Nothing abnormal was found in chest.

Intradermal tuberculin skin test positive to 1/10 dilution of O.T.

Victoria Hospital Chest X-ray Report No. 36688, Sept. 2/37
Examination of the chest shows that both lung roots are quite dense and the left lung root shows numerous calcifications with involvement of the peribronchial markings leading to the first and second interspinal spaces. The apices and outer lung fields are clear. Impression: Calcification of nodules due to primary tuberculosis.

Conclusion: This child has been infected, but has no symptoms of active pulmonary tuberculosis.

We trust this report is satisfactory and thank you for referring the case to us.

Ottawa, November 30, 1937.

Dear Mr. Strapp:-

Enclosed is a statement showing the reports received from the R.C.M.P. in connection with truants from the Mount Elgin Indian Residential School. In several cases since the beginning of October, reports have also indicated that some of those who ran away in September also truanted again on one or two occasions.

As the truancy is apparently continuing, the matter is giving the Department some concern.

I would therefore appreciate if you would write me fully in connection with this matter. No doubt you have very carefully investigated all conditions around this school with a view to determining whether or not there is any real reason for truancy.

Pursuant to your telegram of November 21st, the R.C.M.P. were immediately written and requested to arrange an escort for the pupils whose transfer to Chapleau school had already been approved. I understand from the R.C.M.P. report that one of these is now in the United States, but you might let me know if the others have been sent to Chapleau and, if not, the approximate date on which you think they will go.

Dear Dr. McLeod:

Re: Eva J. Hamilton, aged 12
Muncey, Ontario

The above-noted was examined at the chest clinic, Victoria Hospital, London, on November 2, 1937, and we report the following:

There is no history of exposure to tuberculosis.

This girl has had measles twice and whooping cough. She has an occasional slight cough. Temperature and pulse were normal. Weight 96½ lbs., which is seven pounds over weight. Examination of chest revealed nothing abnormal.

Intracutaneous tuberculin skin test was negative to 1/20 milligram of O.T.

Victoria Hospital Chest X-ray Report No. 37134 of Nov. 3/37
Examination of the chest shows marked increase in the hilum areas with many calcareous nodes and marked increase in the peribronchial thickening throughout.

Sgd. George McNeill

Conclusion: This girl had a negative intracutaneous tuberculin skin test but her X-ray shows evidence of previous tuberculous infection. However, she is in good general condition.

We trust this report is satisfactory and thank you for referring the case to us.

Yours very truly,

Dear Doctor Stone:

The enclosed report concerns Eva J. Hamilton of Hagersville, Ontario, who was admitted to Mount Elgin Residential School as a new pupil this Fall. Her papers included a certificate from Dr. McCracken of Hagersville, that she is free of Tuberculosis.

It was felt here that as a general practitioner Dr. McCracken's opinion was not sufficient under the new regulations , and that an X-ray was required. This has been obtained and the girl is fit to be in school.

I have arranged for Dr. Crombie of Queen Alexandra Sanatorium to X-ray the positive I.C. pupils of the day schools this week. Mr. Moore and I will transport them in on two days schedule, and you will be acquainted with the results as quickly as possible.

Re: Eddie NOAH and Howie GREENBIRD, Truants from Mt. Elgin Indian Residential School, Muncey, Ontario.

Headquarters

1. Information was received that Eddie NOAH was attending the Indian School at Moravian Reserve. In company with Cst. J.M. FAHIE I patrolled to Moravian on the 29th ultimo via: Police Car Code No. 4-96.

Sub-Division

2. Eddie NOAH was located attending the School so was taken into custody and escorted back to the Mt. Elgin Indian Residential School at Muncey, Ont. where he was handed over to the Assistant Principal. About an hour later the boy again deserted the School whil'st returning from his lunch. An extensive search was conducted by us and also the Principal of the School but nothing could be found of the boy at this time.

Detachment

3. On the 30th ultimo I communicated with Cst. A.W. KING i/c Port Lambton Detachment requesting his assistance in locating this truant as his home is at Walpole Island. After telephoning Cst. KING I continued the search with the result that on the afternoon of the same day the boy was picked up by the Ontario Provincial Police Constable stationed at Glencoe, Ont. I was communicated with by phone and proceeded to Glencoe from Moravian Reserve and took the boy into custody escorting him back to the Mt. Elgin School where he was again handed over to the Principal.

P C R

4. Eddie NOAH is one of the pupils included in the draft that is being transferred to Chapleau Ontario on the evening of this date under the escort of Cst. J.M. FAHIE of the Detachment.

5. From what I can learn from Eddie NOAH, Howie GREENBIRD is remaining at the I.A. with relatives.

THE UNITED CHURCH OF CANADA

MUNCEY · ONTARIO

December 6th. 1937.

REV O B STRAPP PRINCIPAL

7-0-10 Nov. 30th. 1937.

Dear Mr. Phelan;

In reply to your letter of the above date and file number would say that the six pupils were transferred to the Chapleau school on December Ist. The only outstanding truant at this date is Howie Greenbird and he is apparantly staying with relatives in the U.S.A.. He will probably return to the reservation at some later date and can then be apprehended and returned to school.

Several things seem to have contributed to the general unrest amongst them being the fact that during the holidays so many of the pupils were able to get work and earn money,pupils working for a short while earning as high as $2.50 per day and living with relatives who did not charge them for board.

Upon investigating the home conditions of # 0794 Gladys LaForme I find that she has been in the habit of leaving home at intervals and wandering about the country for a while and then,when she felt like it,returning home and carrying on as if nothing at all had happened and she apparently felt the urge to wander again. I have only received a definite complaint from one pupil, Eddie Noah, and it was to the effect that he had to carry in wood for the fires in the Laundry. As we operate our laundry only one day per week I felt that he certainly was not overtaxed as he had two helpers and was only responsible for the job from 8 A.M. to Noon.During that time the three boys would have to bring in about 2½ to 3 single cords as required.

From time to time we do have complaints that we do not serve meat often enough. Unfortunately we are compelled to purchase all our meat from the butcher as we have no facilities for cold storage. If we had a meat refrigerator we could kill our own cattle and provide meat on the menu more frequently.

May I express my sincere appreciation of the action of your department in transferring the six pupils to another school,it has had a marked effect upon a number of the other pupils who have truanted and I believe has settled the matter at least for this year.

I beg to enclose the vouchers for the expenses incurred in connection with the transfer of the six pupils.

I remain,
Yours truly

Mr. Philip Phelan.

I am in receipt of the enclosed letter in which Mrs. Bear expresses her desire for the discharge of her son from the Mt. Elgin Residential School. As a general rule, the Department does not look favourably on discharging pupils at the present period of the year unless there are some very strong reasons for taking such action.

Please let me have your opinion regarding Mrs. Bear's request and, at the same time, return her letter.

Reverend Sir:-

At the Department's request, Indian Agent Down has made a very careful survey of the circumstances of the Indian parents residing on the Stony Point Indian Reserve, who have placed their children in the Mount Elgin Indian Residential School.

He states that the parents of Bernice and Eileen George, also the parents of Lloyd, Hazel, Nelson and Eugene Bressette, are in a position to properly care for their children and send them to the Day School on the Stony Point Reserve.

At the end of the current academic year, viz: June 30, 1938, you should apply for the discharge of these children from the Mount Elgin Indian Residential School.

Philip Phelan,

Dear Mr. Strapp:-

I dislike bothering you again, but we are today in receipt of a report from the R.C.M.P. with reference to the following pupils in the Mount Elgin Residential School who have apparently truanted:

Howie Greenbird
Phyllis Plain
Lillian Peters
Tina Elm
Melva George.

Apparently the truancy is continuing and I would appreciate your advising me what reasons have any given for leaving the school.

In view of the unfortunate happening in the West a year or so ago, we are quite concerned about truancy from residential schools, especially during the winter.

I feel certain that you were also concerned about this matter and that you will, no doubt, write me very fully regarding the recent truants.

Philip Phelan,

Rev. O.B. Strapp, Principal,
Mt. Elgin Institute.

Dear Sir:

Yours of the 14th inst. received advising me of my daughter, Phyllis's mis-conduct, this is really shocking to me.

I believed that she was quite contented to stay there at school till she finished her term, and I am sorry she is giving you some trouble and I cannot think of any reason why she would run away. The only thing I can think of, is the rumour I heard early this fall, that a group of girls were punished for something they had done and Phyllis was one of them, and my opinion is this, that she resented being punished for something she was not entirely to blame for, and it is likely that she will never forget the offence given her by some unsuspected offender and I doubt whether I could persuade her to tell me where the trouble lies, I am speaking from my own experience when I was there, more than once I was punished for some things that I didn't do. I will never forget those who gave me the punishment, in spite of my protests, and this is the general experience of most of the ex-pupil.

So, I would suggest that you try to win Phyllis by kindness and perhaps she will tell you where the trouble is. You must consider that she is at the age now that she will appreciate a treatment accorded to an older person, and will respond to any confidence given her.

I am enclosing one dollar for her and I am leaving it entirely in your care. Tell her that she is causing me a great deal of anxiety, and ask her if she wants me to be happy, to promise that she will be a good girl. Anxiously awaiting a favourable report.

Dear Dr. McLeod:

Re: Margaret Doxtator, Muncey, Age 12 yrs.

The above noted patient was examined at chest clinic held at Victoria Hospital on November 16th, 1937.

This girl's grandmother died of pulmonary tuberculosis.

She had measles and pneumonia in infancy, and is subject to frequent colds.

At time of examination her temperature was 99; pulse 80; weight 109 pounds which is 16 pounds overweight. Examination of the chest showed slight impairment of resonance in the left base with an occasional rale to be heard in this area.

Intracutaneous tuberculin test was reported negative. X-ray report as follows: "Examination of the chest shows thickened hilum areas with small thickened nodes and an increase in the linear markings throughout both lungs. The paravertebral trunks extending upward can be traced to both apices."

We find no evidence of tuberculosis in this case but there appears to be some degree of unresolved pneumonia in the left base. It would be advisable for her to have another examination in the course of three or four months.

We trust this report is satisfactory and thank you for referring this patient to us.

Yours very truly,

Dear Dr. McLeod:

Re: Reta McGugan, aged 10 years
Muncey, Ontario

The above-noted was examined at the chest clinic Victoria Hospital, London, on November 2, 1937. We report the following:

This girl lived in the same house with her aunt and grandmother both of whom died of tuberculosis.

There is no history of any childhood illnesses.

Temperature and pulse also weight were normal. Examination of chest revealed nothing abnormal.

Intracutaneous tuberculin skin test was positive.

Victoria Hospital Chest X-ray Report No. 37135, Nov. 3/37
Examination of the chest shows thickened hilum areas, calcareous nodes and an increase in the linear markings throughout both lungs. The heart is somewhat dilated with accentuation of the pulmonary artery.

Signed George McNeill

Conclusion: This girl has received a tuberculous infection but is in good general condition.

We trust this report is satisfactory and thank you for referring the case to us.

Yours very truly,
Lois E. Kent

File # 7-0-I0 Dec. 20th. I937.

Mr. Philip Phelan,
Chief of Training.
Indian Affairs Branch.
Ottawa.
Ont.

Dear Mr. Phelan;

I have ypur letter of the above date and file and in reply would say that I have given a great deal of attention to this matter. I have to confess that I am somewhat baffled by the attitude of Phyllis Plain who appears to be the leader in the group. She insists that she 'just took the notion' and 'has been in school too long'. The other girls say that they 'just went with her'. I think that Lillian Peters was feeling rather blue as since she came to school three years ago her people have not bothered very much about her and have neither arranged for her to go home for her holidays nor visited her at the school. She is rather a moody type of girl and neglect on the part of her relatives does not help her at such times. Melva George is like a little wild animal and has given us considerable trouble. Tena Elm has been an exceptionally well behaved girl and has made good progress in the vocational classes but is at a standstill in her public school work.

Some time ago I wrote to Chief Nicholas Plain of Sarnia suggesting that he pay a visit to the school but he replied that he would leave the matter to me and enclosed a dollar bill for his daughter Phyllis. I felt that if I could get him to pay us a visit and spend some time amongst the pupils he might be able to make some suggestions as to the real cause of the unrest.

These girls were absent from the school for about four hours from the time that they left until their return by the R.C.M.P. Howie Greenbird was returned after being absent since September 26th. and informs us that he has been at home at Walpole Island during that time helping his father.

Howie and the four girls seem to have settled down and I do not anticipate any further trouble from them.

I beg to make the following recommendations;

Re.Phyllis Plain; This girl very evidently is at the age when she needs sympathetic supervision and kindly but firm discipline. I believe that if we can carry her along until the end of June it would then be advisable to arrange for her discharge. But for the fact that I am afraid of a re-action similar to that following the discharge of the George girls of Sarnia last October I would be glad to be relieved of any further responsibility for her.

Phyllis Plain;

I am sure that her discharge at this time would provoke unrest and possibly further truancy.

Tena Elm; I believe it would be wise to release this girl from attendance at public school classes and arrange for her to devote full time to the vocational training. If at all possible she should be placed in a position and discharged at the end of this academic year.

Lillian Peters;If at all possible arrangements should be made for this girl to go home to Christian Island for her holidays in I938.

Melva George; As the home conditions are not at all good we will have to give this girl closer supervision and hope that she will respond a little better as she grows older.

With reference to your letter of the same file and date re the children from the Stoney Point Reservation. I beg to suggest that as Hazel Bressette is I6 years of age and making good progress in her vocational work that she continue to attend this school. I quite agree that the discharge of the other pupils mentioned will help to provide sufficient pupils to warrent the continuation of the Stoney Point School. I beg to suggest that as the home of Eileen,Gordon and Clayton George is not very far from the school they be included with the other pupils listed in your letter. These pupils are the children of Mr. Simpson George.

Youre truly,

Oliver B Strapp

Dear Sir:-

With reference to your letter of the 27th ultimo, you may inform the Principal of the Mt. Elgin Residential School that the admission of Mildred Fisher and John Ninham is approved.

With reference to Reta McGugan and Margaret Doxtator, the Medical Superintendent, Dr. Stone, recommends that their admission be left to the consideration of Dr. McLeod. He may either accept or reject them.

As Dr. McLeod may not have copies of the report received from the Queen Alexandra Sanatorium, I am enclosing copies of these.

Dear Mr. Phelan;

Re Phyllis Plain. I made reference to this girl in my letter of December 30th. I am still of the opinion that it would not be wise to armange for her discharge at this time. She was successful at the entrance to high school examination last June but owing to her age and the fact that she did not at that time expect to go on to the high school course I felt it would be better for her to spend a year in the vocational work before being discharged. Her standing in the practical work of the course is good and in the theory is fair. I quite agree that she is at the age when she should have careful supervision and I doubt very much whether,if she went home,her father or her step-mother could do very much to control her. She seems to have gotten over her moodiness for the present and so will probably run along for a couple of months or so without any trouble. I think perhaps Chief Plain would be willing to agree to her staying until the end of the school year and then receiving her discharge.

I remain,

Youre very truly,

Principal.

Dear Sir:

With reference to your letter dated Dec. 29th, F.7-0-10, re Chief Nicholas Plain's request that his daughter Phyllis be discharged from Mount Elgin Residential School, I have made inquiries as to why Chief Plain, # 164, Sarnia Band, asks for this girl to be returned, and after careful study I would not recommend her discharge.

At present there is a slight family dispute and he is asking for this child to be returned for purposes which I do not approve of. Chief Plain, at present, is living on the Reserve by himself and is planning to have Phyllis keep house for him. I do not think this is necessary. I have the family dispute well in hand and hope to bring about a reconciliation.

At this time I would ask that Chief Plain not be informed as to why we are not returning Phyllis, but simply told that we do not think it advisable.

Dear Dr. McLeod:-

Re: Dorothy Danford, Muncey

The above named was examined at the Victoria Hospital Chest Clinic on January 15th, 1938.

The history was not obtainable.

On examination temperature 100.4, pulse 82. Nothing abnormal was found in the chest.

X-ray examination of the chest shows very definite increase in the hilum areas with many calcareous nodes and a great increase in the broncho-vascular markings throughout both lungs including the paravertebral bronchus on each side. The apices and costo phrenic angles are clear, but there are several old healed lesions.

We are unable to find any evidence of active pulmonary tuberculosis in this case. This girl's fever may be due to an upper respiratory affair.

Yours very truly,

Dear Dr. McLeod;-

Re: Hazel Brown, age 11

The above noted was examined at the Victoria Hospital Chest Clinic on January 4th, 1938.

Pneumonia one month ago, apparently good recovery. She has had cough for the past week with slight expectoration.

No contact with tuberculosis established.

On examination temperature 98, pulse 80, weight 85 lbs. which is normal.

Chest - Fairly well nourished, good expansion. Slight impairment of resonance the left base posteriorly. An occasional rale is heard in this area.

X-ray examination of the chest shows thickened hilum areas and increase in the broncho-vascular markings with some thickened nodes in the mediastinum.

We are unable to find any evidence of active pulmonary tuberculosis but believe that the findings at the left base are due to her previous pneumonia.

Yours very truly,

Dear Dr. McLeod;-

Re: Victor Ninham

The above named was examined at the Victoria Hospital Chest Clinic on November 18th, 1937.

There is no history of exposure to tuberculosis.

No history of any past illnesses. She was examined as a pre-requisite to attendance at school.

Temperature at time of examination 99.2, weight 66½ lbs. which is normal. Complained of no unusual symptoms.

Examination of the chest showed good expansion. An occasional rhonchus was heard in right chest but otherwise the chest was normal.

X-ray examination of the chest shows very definitely thickened hilum areas with thickened nodes and marked increase in the broncho vascular markings.

We find no evidence of any pulmonary tuberculosis in this boy.

We trust this report will be satisfactory and thank you for referring the case to us.

Dear Sir:- Attention Mr. Philip Phelan.

With further reference to your letter 7-0-10 of the 21st instant with enclosures from Mrs. Sam Simon requesting discharge of her daughter Rachael, who is a pupil of Mount Elgin Residential School, I would report that I have discussed this case with the Principal and it is agreed that it would not be to her interest to allow her to return home at the present time.

This girl who is listed on the school records as 17 years of age has been receiving treatment from Doctor McLeod, Medical Superintendent, for some time for a condition of arthritis. Both her parents have syphilis and the daughter is a congenital case. Doctor McLeod disagrees with the statement that he has seen her 3 times since the onset of her illness and estimates that a dozen attendances would be more in order which statement is borne out by the Principal.

The family reside in a small shack on the Chippewa Reserve which has recently been enlarged with lumber provided by the Department. Sole subsistence this winter has been by relief supplied by the Department. An older sister, Kathleen, discharged from Mount Elgin School last Spring has done no gainful work since and according to a report received by Principal Strapp is now believed to be pregnant.

In the opinion of this office, including Doctor McLeod and Principal of the school, Rachael Simon can be much better cared for at the school under a trained nurse and supervisor. She has been placed in bed near a radiator and is being given special food to improve her condition.

There is a slight suspicion that this girl may be pregnant following a visit to her home during Christmas vacation from which she returned with an ample supply of cigarettes, seized by the school authorities.

Doctor McLeod is investigating the pregnancy angle and it may be necessary to admit her to hospital for a few days to confirm or dispel this condition.

Mr.Strapp informs us that since his refusal to discharge this girl from school she has become unruly, disobeying orders and refusing at times to take food. Such action usually follows a visit from her parents whom he blames for the girl's behaviour. Morals in the Simon home are open to question and it is no fit place to return a girl whose health is under par.

There is no record here as to whether the application for Residential School was signed and Principal Strapp believes that if there were no signature, such was due to the fact that Indian Agent Thomas McCookin peremptorily removed this child from intolerable surroundings in 1928. Mr. McCookin is quite familiar with the home conditions and could amplify this report if such is desired.

If this girl is as old as her mother claims, she could be discharged from Mount Elgin School at the end of the term next June, in the meantime, she will receive adequate medical attention as heretofore and Mr.Strapp is in favour of this recommendation.

Headquarters

1. On the 15th ultimo, the above named truants were returned to Mt. Elgin Residential School, by L/Cpl. TRUSCOTT of Oshweken Detachment.

Sub-Division

2. On the 27th ultimo they again escaped from the school and I was informed of this fact by the principal Rev. Mr. O.E. STRAPP, on the same evening. A patrol was made by Const. FAHIE and myself to St. Thomas and District and No. 3 Highway was patrolled in an effort to locate the boys, but without success.

Detachment

3. It was learned from Mr. STRAPP that the boys had been inquiring the route to Windsor, during the day. L/Cpl. TRUSCOTT of Oshweken Detachment was notified by telephone and requested to be on the lookout for the boys. A telephone call was put through to Windsor, Ont. and D/Sgt. WEEKS notified. Inquiries made there revealed the fact that two Indian boys had crossed the border early in the morning. D/Sgt. WEEKS had these boys brought back to Canada and escorted them to Muncey, Ont. arriving in the early a.m. of the 1st instant.

Dear Sir:

With reference to previous correspondence regarding Rachael Simon, a pupil of the Mount Elgin Residential School, I enclose another letter which has just been received. I presume this girl is receiving every possible care and attention at the Mount Elgin School. However, you might show the letter to the Principal and the Medical Officer and possibly the latter or yourself could assure those interested that the school authorities are acting in the girl's best interests. When replying to this letter you should return the letter from Chief Deleary.

March 15th, 1938.

Dear Sir:-

With reference to your letter 7-0-10 of March 11th enclosing correspondence regarding Rachael Simon, a pupil of Mount Elgin Residential School, I would report that I have shown the Chief's letter to the Principal of the School and the Medical Superintendent. Both Mr.Strapp and Dr.McLeod have already attempted to assure those interested that the School authorities are acting in the girl's best interests.

Doctor McLeod reports that this girl is suffering from a condition of arthritis and that it would be very inadvisable to discharge her to the deplorable home conditions under which her family exists. With the services of a graduate nurse at Mount Elgin School and constant medical attention she has shown some improvement, although her mental attitude, abetted by her parents, is not one of co-operation in an effort to get well.

Last week when a Dental Clinic was conducted at the School, this pupil was examined by Doctor Ackland, who recommended three tooth extractions and several fillings. This girl, who is practically an adult, refused to permit the Dentist to work on her teeth and carried on to such an extent that Doctor McLeod advised that no force be used in view of the attitude already assumed by her parents. The dental work indicated would assist in combating her arthritis materially.

When shown the letter of Chief Deleary, Principal Strapp affirmed that this girl is receiving every attention both by the Medical Superintendent and the Institute Staff. Although special menu was prepared for her by the dietitian, the girl went on a hunger strike, which was successfully broken by the Principal, who is of the opinion that advice from home has a bearing on her stubborn attitude.

Doctor McLeod states that if this girl were removed to hospital, it would be a long, drawn out and expensive care and that her welfare can be equally protected at the School.

With reference to Chief Deleary's statement that the parents are not on relief, our records show that the father of this girl received, since November, 1937, seven rations. The pension received by him was inaugurated in December and amounts to, approximately, $3.50 per month.

In view of the fact that this pupil is receiving special care at the hands of Doctor McLeod and the Mount Elgin School staff, I would recommend that no action be taken in this case.

Chief Deleary's letter is returned.

Dear Sir:

I am in receipt of your letter of the 13th instant with reference to the request that you have received from Mrs. Bert Ashkewe asking you for the admission of four of her children to the Mount Elgin Residential School.

Has Mrs. Ashkewe's husband left recently and is there no possibility of his returning? Are there any other children in this family than those mentioned in your letter? It is felt that the mother should assume some responsibility, at least, for her children and we are not prepared to place them in a Residential School unless we receive definite information that no other course is possible. Please give the matter further consideration and let me have the information requested in the first part of this letter. Dear Sir:-

I have the honour to acknowledge receipt of your letter of the 19th instant, addressed to the Officer in charge, Chief Indian Agency Office, Fort William, Ontario, and dealing with the case of [illegible], a fifteen year old pupil of the Pelican Lake Residential School.

Recently, this boy reported sick, and Dr. Boland found him to be suffering from pneumonia and upon questioning him as to where he had obtained the cold, he denied receiving it from a canoe trip he had undertaken with one of the pupils at the Institute. This course of infection was disproved, although the boy stuck to his story, and it has been proved beyond the shadow of a doubt that the child was charged under the Criminal Code with perjury.

This boy is at present [illegible] hospital in order to have his tonsils and [illegible] removed, and I [illegible] that he should not be returned to the Pelican Lake Residential School. Dear Sir:

Attention Mr. Phillip Nelson,
Re: Peter Myers, Walpole Island Indian.

I would acknowledge receipt of your letter 7-0-10 of May 27th, with reference to the disposition to be made of the above noted Indian, pupil of Mount Elgin Residential School, and would advise you that I did inform Major Bradshaw of the Juvenile Court of your decision and have this day received the enclosed letter informing me that they have committed Peter Myers to Bowmanville to the Ontario Training School as a sixteen year old delinquent, whereas your letter states that the boy must be eighteen to nineteen years of age.

Enclosure 1.

Should it be proven this boy is over eighteen, he could be sent to the reformatory or penitentiary, but very little deterrent is gained and I would consider this the proper action of the Court rather than to be committed to the Ontario Training School at Bowmanville at a charge of seventy-five dollars to the Department.

Your early reply would be appreciated and also instructions what any accounts on behalf of this boy be sent through his Indian Agent at Walpole Island, so that I may inform the Juvenile Court of your decision.

Re- Peter Myers.

Dear Sir:

Replying to your letter of the 30th. ult., file No. 33, I am directed by His Honour, Judge D.B. Menzies, to inform you that the above named boy was charged in this Court with a serious offence of"committing buggery with a living creature, to wit: a sow", while a pupil in the Mount Elgin Indian Residential School, and acknowledged the charge. He is an Indian belonging to the Reserve at Walpole Island. It was further found that he was suffering from V.D. and was admitted to Victoria Hospital for a clear certificate.

All the facts laid before this Court pointed to the necessity of Peter being under strict supervision for sometime to come. Principal O.B. Strapp, of the Mt.Elgin Residential School, was present at the Court hearing and declined to take the boy back to the School on account of the nature of his offence, and also stated he was of the opinion that this boy needed supervision beyond the age of 16 years. His Honour, the Judge, has, therefore, committed Peter to the Ontario Training School at Bowmanville,and in accordance with the Juvenile Delinquent Act, the municipality to which the boy belongs has to bear the cost of maintenance and, therefore, this boy belonging to the Indian Reserve, the Judge has named the Department of Indian Affairs be so responsible at the rate of 75¢ per day.

As in previous cases, this Court will forward the monthly accounts for this boy and Edwin Waucoush, to the Department of Indian Affairs, through you.

Yours truly,

Chief Probation Officer.
London & Middlesex Juvenile Court.

Dear Sir:

I am in receipt of your letter of the third instant, with further reference to Peter Myers.

It is noted from the letter from Mr. Bradshaw that the Judge has committed this boy to the Ontario Training School for Boys at Bowmanville. Under these circumstances the Department is not prepared to interfere with the decision of the Judge.

The information given you in official letter of May 27th regarding this boy's age was taken from our file. In order to be certain of the boy's age, it would, of course, be necessary for you to communicate with Mr. A. Highfield, Indian Agent, Walpole Island, Ont.

Dear Mr. Phelan;

Herewith please find the recommendations for discharge of certain pupils at the end of this school year, also recommendations in the cases of these 16 years of age whom we consider should remain at school for further instruction.

You will note that I have listed on a seperate sheet these from the Sarnia Agency that you suggested should be discharged so that they may attend school on their reserve. I do feel that as #0779 Hazel Bressette will be 16 years of age during the holidays it would have been better for her to have returned to this school for the benefit of the vocational training as she will not in all probability attend school on the reserve after she is 16.

I remain,

Sir:

Re - Peter MYERS,
Juvenile Delinquents Act,
Walpole Island Reserve, Ont.

Attached hereto is copy of our complete file received from the Officer Commanding at Toronto in connection with the captionally noted case.

2. It will be observed that this Indian was proceeded against in accordance with Section 3 of the Juvenile Delinquents Act for the reason that his age was given as fifteen years by the Principal of the Mount Elgin Residential School, Muncey, Ontario. There remains some doubt as to his correct age and as will be noted in paragraph three of memorandum from the Officer Commanding dated June 7th, a search of the records at the Department of Vital Statistics, Toronto, brought no results.

3. It is possible that you have in your Department record of this boy's birth. If so, we would appreciate being advised as to what further action, if any, you desire to have taken.

Yours truly,

MEMORANDUM:

To - The Commissioner, R.C.M.P.

Re: Peter MYERS (Indian) Walpole Island, Ontario - Section 202 C. C. of C.

1. In regard to the above case, there is attached hereto Form 264B report in conclusion.

2. It will be noted from Muncey Detachment report of the 19th ultimo, that the Guardian of this accused, the Rev. O. B. Stranp, Mount Elgin Residential School, Muncey, Ontario, gave the age of this lad at the time of his arrest, as fifteen years, with the result Myers was charged and convicted under the Juvenile Delinquents Act.

3. It will be seen from remarks to attached report, that Mr. A. D. Moore, Indian Agent at Muncey, advises that he has now been informed by the Indian Affairs Branch, Ottawa., that Myers is between the ages of 18 and 19 years. In view of the apparent discrepancy in the age of this Indian, inquiries have been made at the Department of Vital Statistics, Toronto, and a search of the records made for the years 1919 to 1924, both years inclusive, but no trace of his birth could be found.

4. May I please be advised if the Indian Affairs Branch desire any further action taken in this matter.

Re: Peter MYERS (Indian) Walpole Island, Ont.
"Buggery" Section 202 Criminal Code of Canada.

1. On the afternoon of the 18th instant in an interview with the Rev. Mr. O.B. STRAPP, Principal, of Mount Elgin Indian Residential School at Muncey, it was learned that the above named, a boy of fifteen years of age and a student at the school, had contracted gonorrhea. The boy had been questioned thoroughly by both Mr. STRAPP and the Medical Superintendant Dr. T.R. McLEOD but stoutly maintained that he had not had contact with a woman or girl. He stated however that he had had sexual connections with a sow in a barn at the residential school, about a month previous to this date. Dr. McLEOD states that the boy must have at some time or other had connections with a female human being to have contracted the disease.

2. On the afternoon of the 18th instant I proceeded to the Mt. Elgin Residential School and in company with the principal interviewed the boy Peter M[illegible] S. The lad denied absolutely having anything to do whatsoever with a woman. But readily admitted his intercourse with the sow. He went so far as to take us to the barn and point out the sow in question from amongst several others. He stated that he had had these connections on two different occasions. Mr. STRAPP stated that he wished me to take the necessary action in having this matter attended to.

3. On the afternoon of the same date whil'st in London, I interviewed Major A.G.N. BRADSHAW, Chief Probation Officer at the Juvenile Court and was advised by him to lay a charge. This was done under Section 202 of the Criminal Code of Canada, before Major BRADSHAW. I was instructed to bring the boy before Juvenile Judge D.P. [illegible] I.S at London on the afternoon of the 20th instant. The boy is at present in the custody of his guardian, The Rev. Mr. O.B. STRAPP, at Mount Elgin Residential School , Muncey, Ont.

4. The accused in this case was charged as Juvenile Delinquent.

Dear Sir:

I am in receipt of your letter 38D 149-K-2 of the 18th instant enclosing copy of report from the Officer Commanding at Toronto regarding the placing of Peter Myers in the Training School for Boys at Bowmanville.

At the time Peter Myers was first admitted to the Mount Elgin Residential School an application form for his admission was forwarded to this Department. This form stated that he was 10 years of age on September 11, 1929. It is possible, however, that this information may not have been correct. The only way to trace the boy's age is to communicate with A. Highfield, Indian Agent, Walpole Island, Ontario. Possibly he could obtain definite information regarding this boy's age.

Dear Sir:

On your recommendation, Peter Myers was placed in the Mount Elgin Residential School in September, 1929, and has remained there since that time. In the latter part of May, Peter was brought before the Judge of the Juvenile Court on a charge of a grossly indecent nature and, owing to medical evidence given at the hearing, the Judge remanded Peter to Victoria Hospital for treatment.

As soon as he was released from hospital he was again brought before the Judge, who decided that it would be in the best interests of all parties concerned to commit Peter to the Ontario Training School for Boys. This institution is located at Bowmanville, Ontario, and is operated by the Ontario Government. This Department will be responsible for his maintenance there.

I have recently been informed that a relative, D. W. Osahgee, of Wallaceburg, has been making enquiries about Myers, and I would appreciate your seeing Osahgee as soon as possible and explaining to him the contents of this letter. You should also inform him that the Department considers the action taken is in Peter's own interests. The Ontario Training School for Boys is a well conducted institution, where Peter can learn a trade.

Dear Sir:

I am in receipt of your letter of the 8th instant enclosing applications and certificates of health for admission of Ivan Clause, Courtland Clause, and Lucille Clause, to Mt. Elgin Indian Residential School.

The two last named children are under age for admission. Is there any special reason why these children should receive institutional care? Application forms state that both parents are living.

I would appreciate hearing further from you before making a final decision on these applications.

Dear Dr. McLeod;-

Re: Nellie Chrisjohn, age 7

The above noted child reported at the Victoria Hospital Chest Clinic on July 5th, 1938, for routine examination to secure health report preparatory to entering Residential school.

The child is apparently in good health at the present time. She has had no illnesses of note over the past four or five years. There are no complaints at the present time. There is no cough at present. Appetite is good. The child is quite active.

Physical Examination - 1. Enlarged cervical glands bilaterally with quite large inflamed tonsils.
2. Pulmonary fields - A few fine rales were noted over the base posteriorly along the spine.

Diagnosis of bronchiectasis has been made. There is no evidence of basal disease at the present time.

Summary - There is no evidence of clinical tuberculosis noted at this examination and we feel that it is safe for this child to attend school. There is no danger to her class mates.

We trust this report will be satisfactory to you.

Dear Dr. McLeod:

Re: Jane Dockstader, Age 7 yrs, Muncey, Ont.

The above noted seven year old Indian child was referred to chest clinic at Victoria Hospital on July 5th, 1938 for check-up previous to entrance to a Residential School.

Family History: Father died about four years ago of typhoid fever. Mother well - in jail. Three sisters and five brothers living and well. No known contact with tuberculosis.

Past Illnesses: Typhoid fever at five years; an occasional head cold.

Physical Examination: Temperature 99.4; pulse 96; respiration 20; weight 55-3/4 pounds. This girl appears well nourished. Tonsils are quite large and protuberant. A few small cervical glands were present.

Chest: Nothing abnormal found.

Intracutaneous tuberculin test reported positive. X-ray report as follows: "Examination of the chest shows enlarged hilar areas with increase in the broncho-vascular markings."

Conclusion: Although this little girl has had a tuberculous infection with a positive intracutaneous tuberculin test there does not appear to be any active parenchymatous disease at this examination.

We trust this report is satisfactory and thank you for referring this patient to us.

Dear Dr. McLeod;-

Re: Madeline Dockstader, age 9

This patient reported at the Victoria Hospital Chest Clinic on July 5th, 1938, for routine examination.

No significant history was elicited. There is no knowledge of childhood diseases apart from measles. The child has no cough at present and has very few chest colds as a rule. There have been no recent illnesses.

No known exposure to tuberculosis.

Physical Examination - pulmonary fields - nothing abnormal found. Heart - nothing abnormal found.

Provisional Diagnosis - Apparently healthy chest.

We were unable, at this examination, either from the history, physical examination or radiographic study, to demonstrate any evidence of significant pulmonary disease in this patient. We feel that she is perfectly safe to attend school regularly.

We trust this report will be satisfactory to you.

Yours very truly,

Re: Vano Dockstader, age 10.

This patient reported at the Victoria Hospital Chest Clinic on July 5th, 1938, for routine examination.

We were unable to get any history of important childhood diseases.

There is no known exposure to tuberculosis. The father died of typhoid fever.

Physical examination - Pulmonary fields - nothing abnormal found. Heart - nothing abnormal found.

Diagnosis - Apparently healthy chest.

Although, as seen by the positive intracutaneous tuberculin test, this child has been infected with tuberculosis we were unable to find evidence of clinical disease from the history, physical examination or radiographic study. We feel that it would be safe for her to attend school regularly.

We trust this report will be satisfactory to you.

Sir:

I beg to enclose herewith the application for admission to the Mount Elgin Residential School of three children [illegible] Brantford, whose parents have been [illegible] Mt. Elgin Residential School.

These children were at the Mohawk Institute until the end of the recent school year. The mother feels they are too near the Six Nations reserve and certain influences which are not in their best interests and there are reasons as to their transfer to Mt. Elgin Residential School.

Reverend Sir:

A requisition has been received for the admission of Nelson Murdock aged 12, Dorothy Murdock aged 14 and Franklin Murdock aged 10, of the Six Nations Reserve, to the Mount Elgin Institute. These children have been attending the Mohawk Institute but the Indian Superintendent at Brantford advises the mother feels they are too near the Reserve and certain influences which are not in their best interests and would, therefore, like to have them transferred to Mount Elgin. Please let me know as soon as possible if you would be prepared to accept these children after the summer holidays.

1. On this date while in Sarnia, Ontario, on other police duties, the Rev. F.G. Weir, was interviewed at his home on the Sarnia Indian Reserve, regarding the correct age of the above mentioned boy.

2. From the Church records it was ascertained that Peter MYERS, is an illegitimate child, and was registered as Peter Edwin Osahgee, date of birth July 8th. 1920.

3. It will be noted that this child was registered under his Mother's maiden name which was Winnifred Osahgee. This woman was later married and now uses the name of Mrs. Levi Sturgeon, and resided on the Walpole Island, Indian Reserve.

1. With reference to the correct age of the above mentioned I would report that enquiries have been made from the Indian Agents of the Sarnia and Walpole Island Indian Reserves. No records are available from this source.

2. Enquiries were also made from the mother of this boy, who gives his date of birth as August 8th, 1920, and advised me that Peter was Baptised in the Methodist church, on Walpole Island. An effort was then made to locate the records of this church, and it was found that owing to a recent change in Ministers, the records are now in the possession of the Rev. F.C. Weir, Brantford, Ont. The Rev. Mr Weir, is not expected to take up residence on the Sarnia Reserve until July 17th, 1938.

3. In order to avoid unnecessary delay, could this enquiry be completed by our Ohsweken Detachment.

4. The mother of this child is Mrs Levi Sturgeon, whose maiden name was Miss Winifred C'Shagee, it is possible that the registration of this boy is in his mother's maiden name.

Dear Sir:

Enclosed please find Application for Admission of Jennie May George, daughter of Moses George, # 252, Kettle & Stony Point Band.

George has three other children returning to Mount Elgin Institute at the termination of the summer holidays. This is a very hard case as Moses is very poor and unable to support his family as he should. In addition the children have to travel 1½ miles through swamp to get to the Day School. During the winter months this is almost impossible.

George is very anxious for his children to have an education and as his other children are returning, I would recommend this child be admitted.

Dear Sir:

I am in receipt of your letter of the 8th instant enclosing an application for the admission of Jennie May George to the Mount Elgin Indian Residential School. While the Department would prefer all children on the Kettle Point Reserve attending the Day School it has been decided, owing to the special circumstances in this case, to approve the girl's admission to the Mount Elgin School.

It should be understood, of course, that this permission is being granted only for the reasons given in your letter.

Dear Sir:

At the end of June the Principal of the Mount Elgin Indian Residential School recommended the discharge of Fletcher Fisher. This was approved. I am today in receipt of the following letter:

"Dear Sirs:

Please advise me what can be done in regards to my son Fletcher Fisher. Mr. Strapp let him go from Muncey and I have no home as I only do house work for a living. I thought maybe I could get him in at Shingwauk Home if they had room.

Please advise me at once what can be done.

If the facts are as stated by his mother it might be possible to have the boy return to the Mount Elgin School. Of course, he is 15 years of age and if any of his other relatives on the Walpole Island Reserve would be willing to accept him it might be the best solution of the matter.

Dear Sir:

With reference to your letter of the 9th instant the Department approves the admission of Theresa Diabo to the Mount Elgin Indian Residential School.

This school will re-open after the summer holidays about September 1. You should get in touch with the Canadian National Railways with a view to ascertaining train times and you should also write to Rev. O. B. Strapp, Muncey, Ont., to ascertain the best manner of sending the girl to the school. I believe that the best way would be to send her from Montreal to London and arrange ahead of time with Mr. Strapp to meet her there and drive her to the school. In view of her age it is not considered necessary to have an escort accompany her. She could be placed in charge of the train officials. Payment of her transportation will be made on receipt from you of a properly certified account in triplicate.

LABORATORY - I.C.; Sputum; Sed. Rate;
Chest X-Ray; attached Fluoroscope; Other Ex's;

EXPOSURE & SOURCE: CONTACTS:

COMPLAINTS & DURATION: None

HISTORY, Including past & present illness;

One year ago the patient was found to have gross enlargement of the cervical lymph glands and was advised to return to the clinic for re-examination, which is the occasion of her visit today.

Past Illnesses: Measles, mumps, chickenpox and whooping cough.

Physical Examination: The child is well-nourished, well-developed. Cervical glands show no gross enlargement, but small hard nodules are palpable in both posterior cervical chains. These show no signs of activity.

Chest: Nothing abnormal found.

Diagnosis: Tuberculous adenitis, quiescent.

Conclusion: Inasmuch as a year has passed without further deleterious activity of these glands, we feel that the infection has probably quieted down. However, she should return to the clinic for a check-up in six months.

We trust this report is satisfactory and thank you for referring the case to us.

Dear Sir:-

Reverting to the application attached hereto from Mrs. [illegible] for assistance in behalf of her family, I beg to say that the writer has had the pleasure of visiting this woman's home and finds her family under very destitute conditions, and the approval of this application would be greatly appreciated.

Phyllis is a bright intelligent little girl, and institutional care for her would undoubtedly make her a strong and loyal woman.

Dear Sir:

Attention Mr. Philip Phelan.

In acknowledging receipt of your letter 7-0-10 of August 23rd with regards Fletcher Fisher, 15 year old Indian boy of Walpole Island, who was discharged from Mount Elgin School last June, I would advise that I took this question up with the Rev. O. B. Strapp, Principal of Mount Elgin School, on his return from vacation, and he informs me that Fletcher Fisher is somewhat of a mental case and that his being at the school and by his actions, he was a menace to the school and to the pupils both morally and physically and it is Mr. Strapp's opinion that the best place for him is a Training School for Boys such as Bowmanville or that he be kept at home and he would not consider his re-admission and from what Mr. Strapp tells me, I quite concur in the final discharge of this boy.

Dear Mr. Phelan;

In reply to your letter file 7-0-10 of the 30th Ultimo, would say that we can accept the girls mentioned at once.

I wish to again thank you for remembering us when the metal working tools were available from Christie Street Hospital. The tools are in excellent condition and make a very welcome addition to our manual training equipment.

The increase in our per capita grant has made it possible for me to bring in a graduate of the London Technical School as an instructor this year and we are hoping that it will be possible to do something really worth while in this line. I found during the past year that my own time was too much taken up with the general supervision of all departments to give the attention that I felt should be given to this department.

We have had good average crops this year, our dairy herd is in good shape and we are looking forward to a good year in school.

We will be very glad to have you pay us a visit at any time that you may find convenient.

Yours very truly,

Principal.

P.S. If the Bladder girls are coming by train they should come to Mount Brydges. C.N.R. & we will meet them.

Sarnia, Ontario
Sept. 7, 1938

Dear Sir:

With reference to the enclosed Minute of the Regular Monthly Council of the Kettle & Stony Point Band held Sept. 6, 1938, this family has been a source of trouble for some time. Simpson George is not a member of the Band, but his wife Mrs. Simpson George, # 248, now deceased, was a member of the Kettle & Stony Point Band. Since her death there has been no care taken of the younger children.

There are seven children in the family; one boy 22 years of age, one girl around 20 and the rest are of school age and younger. The three of school age are attending Mount Elgin Institute. This leaves two samll children at home.

The older girl also has a baby about one year old. This girl is a very bad character and will not stay at home, even to look after her own child. The son simply refuses to help in any way and the father is almost blind.

The Band feels it is not their responsibility but at the same time realizes something must be done with the two younger children, age five and six. Would it be possible to have these children sent on to Mount Elgin School, or are they too young? The Council feels that if they (the children) have to be taken care of, the Band should not be called upon to pay the expense out of Band Funds, when the family are not members of the Band, and the older children refuse to help.

Please advise as soon as possible.

BARRISTERS, SOLICITORS, ETC.
NOTARIES

P S SHILLINGTON W. HUFFMAN

BLENHEIM, ONT September 6, 1938.

Superintendent of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

Mr. Nelson Peters, an Indian living on the Muncey Reserve, whose address is Melbourne, Ontario, has consulted us regarding his son Ronald Peters. It appears that this boy was attending the Industrial School at Muncey for the past two years and that in the first part of July of this year he became ill. The father first became aware of the illness on the 12th of July and after having him examined by a doctor he was immediately placed in Victoria Hospital, London, and remained there until the 23rd of August of this year. The boy was suffering from an infection of the kidney and was in very serious condition and as yet has not fully recovered.

The boy has been examined by the resident physician on the Reserve and also by a physician in private practice. When the boy left the hospital the father was advised that he would have to be very careful for a year at least, as the condition might reoccur. The physician on the Reserve wants the father to send the boy back to the industiral School but the father feels that in view of the fact that half of the day is taken up with work and half with school that the Industrial School would be too much for him in his present condition and has refused to send him back until his physicial condition has improved.

There seems to be a controversy between the father and the physician on the Reserve as to the advisability of sending the boy back and the father wanted his side of the story placed before you, as he states positively that he will not consent to the boy going back at the present time. We do not know just who has authority in a matter of this kind and the father has, therefore requested that we write to you giving you the circumstances and it may be that you can perhaps do something in regard to this.

Dear Sir:-

The Department has a letter from Mr. M. Huffman, of Blenheim, Ontario, to whom Nelson Peters has appealed for advice as to whether their son, Ronald, should return to Mount Elgin Indian Residential School. Doctor Huffman goes only so far as to convey to the Department the views of Nelson Peters as expressed to him.

It would appear that the father has refused to have the boy returned to the school on the ground that "halfof the day is taken up with work and half with school and that the school would be too much for him in his present condition". The recent medical history of the boy is known to the Department; at least to the extent that he was a patient in the Victoria Hospital in London last summer suffering from kidney disease. It is not known what advice or instructions have been given to Nelson Peters by yourself and Doctor McLeod, nor whether he has expressed to you the views he gave Doctor Huffman. Perhaps the best immediate measure would be to defer any measures you might have in mind to secure his attendance at school until Doctor McLeod, with such outside professional advice, if any, as he may think necessary, can have an opportunity to furnish you with a medical certificate, which you can send to the Department with your own report.

Indian Agent Lumsden has forwarded to the Department your letter to him of the first instant, with reference to Lillian Peters. The Agent advises that this girl is now working at Georgina Island. He also states that, as far as he is aware, the grandmother had no intention of providing the money that would be necessary to pay the girl's return fare to the Mt. Elgin Institute.

As the girl is now 17 years of age and is employed, I do not feel that there would be any advantage in having her returned to the school. She should be considered discharged. You will not likely have any difficulty in obtaining another pupil to replace her.

DEPARTMENT OF INDIAN AFFAIRS

File 29-

7-0-10

Muncey, Ontario.
Sept. 15th, 1938.

Dear Sir: Your file 7-0-10

With reference to your letter of the 12th instant regarding Ronald, son of Nelson Peters, member of the Muncey of the Thames Band of this Agency and his proposed return to Mount Elgin Residential School, I would advise that Dr. McLeod informs me that this case was discussed with Mr. Moore some time ago and it was decided not to return him to the Residential School at the present time.

This boy suffered a serious attack of acute nephritis or kidney disease in July and was in hospital for several weeks during which time his recovery was not expected. He is still under the attention of the Medical Supt. but has progressed to such an extent that he has been able to walk about daily and there is no trace of kidney infection.

Dr. McLeod proposed to Mrs. Peters that it would be to the advantage of her son to return to Mount Elgin Residential School where he would be given proper rest with no work at all and would have a warm bed and shelter, much more favourable than his home conditions. The proper diet available at the School was also drawn to her attention and the Principal of the School expressed his willingness to cooperate.

Mrs. Peters quite definitely refused this suggestion declaring that she was determined to keep her boy at home.

In view of the fact that for some time this boy will remain a semi-invalid and that there is a possibility of the kidney condition returning with tragic results, Mr. Moore and Dr.MCLeod concluded that it would be advisable to allow this boy to remain at home and not expose the Department to possible unfair criticism.

At no time was it stated to the Peters family that their son would be forced to return to school and the consultation with Mr. Huffman appears to have been rather premature.

It is interpreted from your letter that a medical certificate would be necessary only if this boy returned to the school against the desires of his parents. If a certificate is necessary to absent himself from residential School, Dr. McLeod is prepared to furnish same.

The family is quite anxious that he continue his education and arrangements have been made with the Day School teacher of the Bear Creek School to provide him with lessons to be done at home during his convalescence.

Dr.McLeod reports that he saw Ronald Peters at his home on Sept. 13th and at that time assured Mrs.Peters that it would not be necessary for her son to return to Mount Elgin Residential School.

Dear Sir,-

With reference to your letter 7-0-10 of September 7th, I regret to inform you that Wallace S. Blaker of the Alnwick Band, who requested that his two daughters be placed in the Mount Elgin Indian Reserve school has now changed his mind and wrote me to this effect about a week ago. I today called at his home and he is still of the same mind. The children were medically examined and pronounced physically fit and all arrangements were made to take them to Mount Bridges as directed by you. With this being the situation the accomodation will no longer be required for them.

Dear Mr. Spence;-

Re: Clifford Noah

We have your letter of September 15th regarding the above noted and are enclosing the Certificate of Health, completed, as requested.

We might say that this boy entered Queen Alexandra Sanatorium on June 6th, 1932, and a diagnosis of minimal pulmonary tuberculosis made with evidence of previous right pleurisy. He has been a patient with us since that time and during his residence on no occasion have we found evidence of tubercle bacilli in his sputum.

Radiographic study from time to time showed improvement of the chest disease, at the present time this being considered as well healed.

In September 1932 the patient showed suggestive evidence of synovial disease of left hip joint. Immobilization in plaster was carried out until June 1934 when radiographic study showed suspicious tuberculous disease of the right hip joint. Plaster spica was continued until January 1937 when the patient was allowed up and around in a left calliper splint. Since that time the patient has been up and around the ward with considerable exercise outdoors daily, enjoying perfect health. At the present time there is practically no signs on physicalexamination of disease in either hip joint, this being confirmed radiographically.

In our opinion this boy, who is remarkably bright and co-operative, should do well at school, and we heartily recommend his application for approval.

Yours very truly,

For Medical Superintendent

Ottawa,
October 5, 1938.

Reverend Sir:

I am in receipt of the following letter from Indian Agent Spence:

"I am herewith enclosing for the approval of the Department, application and medical history of one Clifford Noah, an illegitimate Moravian boy, for admittance to Mount Elgin Residential School.

"This boy for the past six years has been a patient of Queen Alexandra Sanatorium, London, Ontario, and now is ready for his discharge from that institution. I feel that with the amount of money and care he has received during his stay in the sanatorium he should not be neglected in any way now and I am at a loss to find a suitable home for him on the Reserve, his mother having died a number of years ago, and his father lives alone on the Reserve, whom I could not recommend as one who would give the boy proper attention."

With the application for the above-mentioned boy the Agent forwarded a letter from the Queen Alexandra Sanatorium a copy of which I enclose.

The Department would appreciate it if you could accept this boy. In that event you should notify Indian Agent Spence, Highgate, Ont.

Dear Dr. McLeod:

Re: Filbert Brown, Muncey, Ont., Age 10

This ten year old Indian boy was examined at Victoria Hospital Chest Clinic previous to entrance to school.

Family History - Mother alive and well. Father alive and well. Three sisters alive and well. No sister died. Two brothers alive and well. No brother died. No contact with tuberculosis.

Physical Examination - This boy appears well developed and moderately well nourished. Tonsils present but not remarkable, and there are few cervical glands present.

Chest - No abnormal findings found.

X-ray [illegible].

Conclusion - This boy has evidently had a primary infection, but at this examination there does not appear to be any active tuberculosis present. We would consider him to be able to fit to attend school

We trust this report will be satisfactory to you.

Dear Dr. McLeod;-

Re: Clarence Charles, Muncey

This young Indian boy was examined at the Victoria Hospital Chest Clinic on August 11th, 1938.

The intracutaneous test was reported as positive and a routine examination was made before his entrance to school.

Physical Examination - The boy appears somewhat thin and undernourished. There are many firm shotty bilateral cervical glands.

Chest - There is good general expansion with normal resonance to percussion. No adventitious sounds heard.

X-ray report of August 11th - Both hilum areas appear somewhat heavy. No clearly localized disease noted over either lung field.

In view of his positive intracutaneous test this boy has had a primary infection. However, there does not appear to be any active tuberculous involvement in this boy's chest at this examination.

We trust this report will be satisfactory to you.

Muncey, Ontario.
October 4th, 1938.

Dear Sir:

Please find enclosed application for admission, physical examination and tuberculosis test reports for seven children of Caradoc Agency who have been admitted to Mount Elgin Residential School.

✓ Clarence Charles 7 years of age Oneida Band

This boy is the illegitimate child of a Six Nations Indian whose mother is Rachael Charles of the Oneida of the Thames Band. Clarence has been living with his grandfather, Lyman Charles, for years and as this man is now unable to work, he could not support or care for this child who was deserted by his parents. He was a very needy case and was admitted on September 1st, 1938.

✓ Wilfred Antone, 10 years of age Oneida Band.

Wilfred Antone is the illegitimate child of Lydia Doxtator whose father was Henry Antone. The mother of this boy is an invalid and unable to give him proper attention and being a needy case, this boy was admitted on September 14th, 1938.

✓ Wilbert Brown 10 years of age Oneida Band

The parents of Wilbert Brown have a large family and live a long distance from the Day School and the education of this boy was being neglected and he was admitted to school on September 17th, 1938.

✓ Ina Henry 14 years old Chippewa Band

Ina Henry is the illegitimate girl of William Burch and Jemima Henry and has been reared by her grandmother, Mrs. Fred Elm, as both her parents had married and the grandmother was not in a position to further care for the girl and she was admitted to the school on September 21st, 1938.

Ruth Waucosh 11 years old Chippewa Band

The parents of this girl have been living at Dutton, Ontario, and, having a large family and being without property on the Reserve, were finding it hard to make a living and to assure the girl getting a good education, she was admitted to the school on September 28th, 1938.

✓ Alma French 9 years of age Chippewa Band

This girl is the illegitimate child of the late Hilda French and has been reared by her grandfather, Isaac French, who is on permanent relief and is unable to support this child in a proper manner and she was admitted to the school on October 1st, 1938.

✓ Helen Brant 9 years of age Chippewa Band

The mother of this girl is in Queen Alexandra Sanatorium and her father is a shiftless Indian who spends three quarters of his time in gaol. This girl has been sadly neglected since the mother was removed from the home and was placed in Mount Elgin School on October 1st, 1938.

Mr. Strapp, Principal of Mount Elgin School, informs me that he has no further vacancies and it is not expected that any more pupils from this Agency will be sent to Residential School unless in a case of very urgent necessity.

Dear Sir:

I am in receipt of your letter of the 23rd ultimo applying for the admission of Adelaide Elliott to the Mount Elgin Residential School. This school has its full quota of pupils and, therefore, it will not be possible to place the girl there. However, we might be able to place her in some other residential school. Before doing so I would appreciate it if you would let me have more detailed information regarding Adelaide Elliott. Was her mother an Indian and a member of the Cape Croker Band? For what length of time has the girl been living with Stephen Elliott? Is her mother living and why is she not looking after the girl?

PLEASE QUOTE
FILE 29

OCT 13

Muncey, Ontario.
October 11th, 1938.

Dear Sir:

Maitland French, No. 358 of the Chippewa Band who has ten children, is protesting the return of his daughters, Iris aged sixteen and Beulah aged fifteen years, to Mount Elgin Residential School after the summer vacation period claiming that Iris is old enough to work and had a position and that Beulah was not receiving the proper medical attention at the School for an infected toe. Iris was allowed out in December, 1937, to assist at the serious illness of her mother and from that time has not returned to the Residential School as promised by her parents.

I did take the case of Iris up with the Reverend Principal of the School as I was of the opinion that Iris, having a good position in the home of Clarence Trott, ex-reeve of Caradoc Township, could be discharged and allowed to remain there but Mr. Strapp was very determined to have the girl return to the School which she did on October 8th. This girl is sixteen years old and is not nearly ready for her Entrance examination and has not shown any great progress in her book studies and if only returned to the School for domestic training purposes, she would have gotten that at Mr. Trott's home and besides would have been earning money to help her family, also making room for a needy child at the Residential School.

I would ask your opinion and instructions as to this girl being discharged to which Mr. Strapp will not agree although he admits with her return, he will have exceeded the 150 pupil allowance at his School.

With regard to Beulah, I would advise you that this girl has an ingrown toe nail and was let out at summer vacation with it not being cured and during her term at the Residential School this toe was never reported to Doctor McLeod although it was treated by the school nurse.

At the time for this girl's return to the School it was found to be infected and had been opened by an outside Doctor and French protested his girl returning to the School claiming she was being neglected. Doctor McLeod now knows of this ailment of Beulah's and advises me he will have it attended to and if necessary have a surgical operation after the infection has subsided and in Dr. McLeod's opinion this ailment at no time assumed serious proportions. This girl also returned to the school on October 8th and her continuance there as a pupil is recommended.

Maitland French claims he can support his large family but I would advise you that this man has always received some relief assistance in the way of food, fuel, clothing and building materials every winter in the past and I am doubtful if he can escape again as [illegible] for assistance this winter.

Dear Mr. Strapp:

I am in receipt of a letter from Indian Agent Moore with reference to the 2 children of Maitland French.

I am sorry that this matter has been brought to my attention as it appears that it could have been settled between Mr. Moore and yourself.

In view of the fact that Iris French had a position I do not, at the moment, see the necessity for having returned her to the school. However, possibly you had good reasons for taking this action. I should appreciate it if you would discuss the matter again with Mr. Moore and as both of you are on the ground you will be able to decide what is the best course to take in regard to the two girls.

Dear Sir:

I am in receipt of your letter of the 21st instant with reference to Mary and Annie Anderson. We have completed arrangements for their admission to the Mount Elgin Indian Residential School where they will receive vocational training including housework, weaving, spinning etc.

You should have the girls examined and if they are in good health you may arrange for placing them in the Mount Elgin Institute at the earliest possible date. The Principal of this school is Rev. O. B. Strapp, Muncey, Ont. If you took the girls to Toronto you could place them on the C.N.R. train for London, Ont. You should previously advise Rev. Mr. Strapp the date and time at which they will arrive at London and he will meet them at that point and drive them to the school.

Reverend Sir:

I understand that the last time Miss Moodie visited Mount Elgin she discussed with you the case of Mary and Annie Anderson of the Rice Lake Reserve. These girls are aged 14 and 16 respectively and have passed their entrance examinations. The parents are very anxious that they be placed under discipline and training. We thought that it would be very suitable to teach these girls weaving and housework. I understand from Miss Moodie that you expressed willingness to take these girls and I am, therefore, arranging with the Indian Agent at Kenora to send them to the Mount Elgin school. If necessary we will allow a supernumerary grant for them. If you think it advisable you can give them some academic work but the main part of their training should be vocational.

1. In the p.m. of the 13th. inst. information was received at this detachment to the effect that one of the above named truants, namely Abner Elliott, had been seen about the Cape Croker Reserve on that date. Accordingly, a patrol was immediately made to this Reserve when it was ascertained that Abner Elliott had been about the Reserve on the afternoon of the 12th. of October but it was also learned that he had gone out on The Georgian Bay for the purpose of fishing and that he would no doubt stop over at one of the numerous small islands off Cape Croker for the night and return to the Reserve during the following day.

2. A patrol was again made to Cape Croker in the a.m. of the 13th. inst. when Abner Elliott was accosted when he landed on shore from his fishing trip. He was very closely questioned concerning the other truant, Leonard Beeswax, and maintained that when they left Muncey on Oct.2nd. they remained together and went to Ingersoll, St. Thomas and finally to Woodstock, Ont. That on Oct.4th. he and Beeswax became separated at Woodstock, and that he had not seen him since. From Woodstock, young Elliott went to Brantford and then made his way towards the Cape Croker Reserve, arriving there during the morning of Oct.12th.

3. Elliott was conveyed back to the Mt. Elgin Residential Indian Scholl by the writer on Oct. 13th. and handed over to the Principal thereof, the Rev. C. B. [illegible].

4. Due to the fog which settled in the Muncey, Ont. district in the evening of the 13th. inst. it was deemed advisable not to endeavour to return to Owen Sound Detachment until the following day and the writer put up at the Muncey Detachment Quarters for the night and returned to this Detachment the following day.

5. Expenses - Meals, $1.50, Truants Meals, 95¢, Gas. $2.24, to be included on Forms 93 for the period ending 15-10-38.

Dear Sir;

In reply to your letter of the above noted date and file would say that we will accept the Anderson girls on the understanding that the supernumerary grant will be paid for them.

I beg to call your attention to the fact that Supernumerary Grant for the Doxtator and Chrisjohn children for the months of July and August authorised in your letter 7-0-10 July 18th. to Mr. Indian Agent Moore has not been paid. I shall be glad if you will arrange to have this amount forwarded as soon as possible.

Yours truly,

1. On the 9th. inst. a patrol was made from this Detachment to the farm of J. J. SHAW on No.6. Highway, near Kenilworth, Ont. where Leonard BEESWAX, a truant from the above noted Indian School, was located. Beeswax stated that he had been working for this farmer since about the first week of October last; that he and young Elliott had left the school together and had both applied for work at this farm; that he was hired and young Elliott had continued on, going north on No. 6. Highway and that he had never seen him since that date.

2. Beeswax was returned to the Mt. Elgin Residential Indian School on the 9th. inst. by the writer and handed over to Mrs. Erratt, the woman Supervisor, the Rev. O. B. Strapp being absent from the School on this date.

3. Although continued enquiries have been carried out, to date, no information has been received concerning the whereabouts of the other truant, Abner Eliott. Although a patrol to the Cape Croker Reserve is not possible at present, owing to road conditions, on the 6th. inst. the writer was conversing with the Indian Constable of that Reserve at Wiarton, Ont. and he advised that young Elliott had not as yet returned to the Cape Croker Reserve. This matter will be borne in mind and should Elliott be located the necessary action will be taken and report submitted.

January I3th. I939.

Dear Mr. Phelan;

Enclosed please find the returns for the December quarter.

With reference to # 0794 Gladys Laforme, this girl was recommended for discharge as at September Ist. but wanted to try for her Entrance Certificate so we allowed her to continue. Her work was very unsatisfactory and as her mother was very ill again we allowed her to return to her home and have not reported her on the current returns.

With reference to # 704 Morris Antone, this boy was a truant and while away from school was arrested upon a warrant charging him with theft of a watch from a farmer by whom he was employed during the holidays. He has been sentenced to the Training School at Bowmanville and I would recommend that he be considered discharged from this school.

July 13

I beg to again call to your attention the Supernumerary Grant owing from the September quarter for the Doxtator and Chrisjohn children from the Caradoc Agency. I accepted these children upon information from Mr. Agent Moore that the grant was authorized.

I remain,

Yours truly,

Reverend Sir:

With reference to your letter of the 13th instant the discharge of Morris Antone, No. 704, from the Mount Elgin residential school is approved.

I cannot find any record on our file of a promise being made that supernumerary grant would be allowed for the Doxtator and Chrisjohn children. I understand these children did not enter the school until some time in July and it is not usual for us to authorize supernumerary grant at that period of the year.

During the past two months we have received several reports from the R.C.M.P. regarding truancy. Possibly it is the same children that are truanting but in any case I have no doubt that you have fully investigated conditions leading up to the truancy of these pupils and that you have taken whatever steps are necessary to prevent it in the future.

Dear Sir: Attention Mr. Phillips Helen.

I would draw your attention to my letter of July 15th last and your reply 7--1- of July 18th concerning the removal of three Toxtater on three Christian children who were placed in Mount Elgin School on July 6th and 7th respectively.

Mr. Trapp has informed me that he has not received any grant from the Department for their maintenance during the holiday period of July and August and he has now written the Board should receive grant for these two months claims, he would not have accepted the during this period unless grants were given.

As explained in my letter of July 15th., the mothers of these children were receiving Mother's Allowance and left them into trouble, one being committed to jail and they were engaged when I would ask your reconsideration of their cases and grants be given as they were all small children, and had no educational possibilities at the school as it would have been necessary to supply them with relief during the months if not placed in the School.

Dear Sir:

With reference to your letter of the 24th ultimo I have reviewed my letter of July 15 and as you will note from that letter no promise was made that supernumerary grant would be allowed for the children whose admission was approved at that time. I have noted the information contained in the last paragraph of your letter of the 24th ultimo regarding the urgency of placing these children in a residential school. I regret that it is not possible to allow supernumerary grant for the September quarter at the present time as the grant due has been computed and cheque issued and present regulations do not permit our reconsidering it. However, the matter will be kept in mind and I feel certain that an adjustment satisfactory to the Principal will be made when we are paying the grant for the March quarter.

Extract from Mr. Tuffnell's letter dated February 8, 1939:

Note:

I beg to report to the Department the above motion passed by the council in regards to the two Ashkewe children now in the care of Mrs. Walter Johnston. As these two children are growing up and require more clothes etc., Mrs. Johnston feels that the responsibility is too great and would like to have them placed in Muncey Residential School as soon as there is a vacancy. I would be glad to be advised by the Department if they would consider her entitled to the sum of two dollars per week towards the upkeep of these children and as stated by the Council money to come from Trust Funds.

Dear Sir:

I desire to refer to that portion of your letter of the 8th ultimo in which you mention the two Ashkewe children.

At the present time there is no further accommodation for pupils at the Mount Elgin Indian residential school and it is unlikely that it will be possible to place these children in that school between now and the end of the current academic year, June 30 next. You might apply again for their admission early in July and quite likely we can place them in the school for the academic year 1939-40.

Dear Mr. Hoey;

I regret very much to have to report that Vera Martel of the Rama Agency has proven very unsatisfactory as a pupil in this school. When she first came to us she said that she only intended to remain here for a month or two and only wanted to take cooking classes, I had a talk with her and suggested that it would be very much better for her to at least stay until the end of the school year and learn all that she could in the practical departments and in the meantime take the matter up with her Agent. She wrote to Mr. Featherstone and he replied in what I thought a very nice letter and suggested that she was very much better off in school where she would have an opportunity to learn much that she could not learn at home. Since then despite every effort on our p rt to make her comfortable and change her viewpoint she has done nothing but complain and at present is proving a very disturbing influence in the school.I very much regret that I have to request that arrangements be made to return her to Rama at as early a date as may be possible.
The Anderson girls and Elsie St. Germain seem to be happy and are proving apt pupils.

I remain,
Yours truly,

I have your letter of the 2nd instant with reference to Vera Martel of the Rama Indian Agency.

In view of the information contained in your letter you may send this girl home immediately. Payment of her transportation will be made on receipt from you of a properly certified account in triplicate.

You should write the Agent a very frank and detailed report regarding her conduct at the school in order that he may show the letter to the parents.

ALDERSHOT, Ontario,
Feb. 15 - 1939.

To Department of Indian Affairs,
OTTAWA, Canada.

Sir:

I beg to submit this letter for your immediate and favorable consideration on behalf of Mrs. and Mr. John Noah in relation to a boy (Norman Stonefish, Jr.), Member of the Moravian Town Band of Indians, age 6 years. Who was deserted by his mother, Mrs. Norman Stonefish, Sr, and left here at the home of Mrs. and Mr. John Noah on the 22nd of April, 1938, and has been kept by Mr. Noah ever since, with no help from any source. Mr. Norman Stonefish, Sr., father of this boy, has been working in this neighborhood all last summer of 1938, but refuses to contribute anything towards the support of this boy. As Mr. and Mrs. John Noah are none-members of the Band, and they feel they are unjustly treated when they are doing their best for the boy - they buy clothing and fit him out, so he could go to school every day, and all they get during the whole time is $4.40 in clothing from S. Spence, Indian Agent,with instructions to send him a receipt for any clothing bought for the boy, which they have done. But they did not get anything for it yet, as you will see by the letter written by Mr. Spence, Indian Agent. Also they requested Noah to bring the boy to the Reserve, but they did not offer or provide any funds for that purpose. As Mr. John Noah cannot go to any further expense as he has his own family to look after.

Mr. Norman Stonefish, Sr., was here on the night of Feb. 4, 1939 in an intoxicated condition, and making a disturbance with Mr. Noah's family. County Police had to be called to take him away from there, and he came over to my home that night, and I know he was very much intoxicated and he admitted to me he was drinking, and he was in no condition to look after a child that time of the night. I understand Police instructed him to come after the boy the next day when he was sober, but he left and never came back. Mr. Stonefish, I understand, has rented his home to someone on the Reserve, and he would have no place to take the boy, but to be left here and there, and to be knocked about. So I would humbly suggest that action should be taken at once to place this boy in a Boarding school - Mt. Elgin School, Muncy, and further, Mr. and Mrs. Noah wish to ask the Department to remunerate them for the keep of the boy at the very small rate of Two ($2.00) dollars per week, which would include all they have bought in clothing for the boy - ten months to 22nd of Feb. 1939. This could be paid for by the Department, and interest money of both Mr. & Mrs. Stonefish be retained until this is paid back in full, and after that the money of the parents' should be kept for the children for their future use by the Department of Indian Affairs.

In reply to your letter of the 7th instant re the above noted, I must say that I informed Mrs. Noah that I would pay her an account, not exceeding $3.60 for clothing supplied this boy, upon the receipt of store receipts showing the goods purchased, and receipted paid.

I would suggest that Mr. and Mrs. Noah return this boy to his father on the Reserve, where we will be in a position to look after him, and furthermore he would be available for making arrangements in his behalf for admittance into a Residential School where he would no doubt be now if Mrs. Noah had carried out arrangements as she and I discussed.

Dear Friend:

No doubt you have been waiting for an answer all this time. The Agent was to have sent an order ($3.60) lately, for the boy. I hope you have rec'd it by this time.

It was the ruling of the Inspector, McGugan, that we send the boy to some residential school. We are acting on the advice of the Inspector, knowing that it is to the welfare of the boy.

There is an opening for the boy at Brantford. If you can make arrangements to have him here before the 21st of December he can have a tubercular test at the clinic in Chatham.

Hoping you will co-operate with me as soon as possible.

Hoping this finds you and the family in the best of health, and wishing you a Merry Christmas, I am,

Re: [illegible]

Gentlemen:

I have been requested by the parents of the above named children to make application for their release from the institution wherein they are now confined. I believe these two boys have now been detained thereon about two and one-half years.

The application is made solely by the parents primarily due to the fact that the father was taken sick for about a year and being janitor of the Oliver settlement school, required their assistance in the work that he is doing.

He also feels that the treatment they have had now has been such that they will certainly appreciate what has been done for them and will be of material assistance to him.

I would appreciate your giving this matter your favourable and considered attention.

Dear Sir:

I have your letter of the 4th instant with reference to Norman Stonefish Jr.

In view of the information contained in your letter it is felt that it would be in the best interests of this boy to be placed in a residential school. You should, therefore, write to Mr. John Noah and direct him to return the boy to the Reserve in order that you may have him medically examined. At the same time you should write to the Principal of the Mohawk Institute with a view to ascertaining if he can provide accommodation for him.

In the event of the boy being pronounced physically fit and the Principal of the Mohawk Institute being willing to accept him you may take him to that school.

Dear Sir:

I am in receipt of your letter of the 6th instant with reference to Martin and Clayton McCahey, pupils of the Mount Elgin Indian residential school. These boys are 13 and 15 years old respectively and as they have only been in the Mount Elgin school since 1936 the Department is inclined to feel that further training would be of considerable benefit to them.

However, both the Indian Agent and the Principal of the school are being requested to report on the boys and as soon as replies are received your request for their discharge will have careful consideration.

Dear Sir:

The Department is in receipt of a letter from A. B. Siskind, Barrister, London, requesting the discharge of Clayton and Martin McCahey from the Mount Elgin Indian residential school. Mr. Siskind states that this application is being made by the parents primarily due to the fact that the father has been sick for about a year and being janitor of the River Settlement school requires their assistance in this work.

The reason given in Mr. Siskind's letter hardly seems sufficient to justify the discharge of the boys who are comparatively young and who have only been in the school since 1936.

Please let me have a full report from you regarding this family and state what action you consider should be taken in connection with the request of the parents for their discharge.

Re- Norman Stonefish

Sir: Please note. the enclosed letter from Mr Stuart Spence Indian Agent. Highgate. Mr John Noah would like very much to comply with this order. But means of Transportation, for this order, is not provided by the said Indian Agent. As Mr Noah has been put to. considerable expense's to-date, that any further expense's on his part is unreasonable as he has his own family to look after. If the Boy's transportation is not provide soon, Mr Noah will place the Boy in a Children's Home here in this County. As he has provide Board & Clothing for this Boy, now eleven (11) months, and he cannot continue this good work. As soon as transportation is provided, the Boy will be sent Mr Spence Highgate. Ont.

Respectfully yours
E Emerson Snake.

On the a.m. of the 13th instant I was informed by the Principal of the Mt. Elgin Indian Residential School, Rev. O.B. STRAPP, that the above named pupil, who had been returned the day previous from truanting, had left the school again and on this occasion had stolen a quantity of clothing, belonging to the school, from other pupils in his dormitory. I immediately called at the home of this pupil but found that although his mother had left shortly before I had arrived. The mother no doubt encouraging the boy to truant. On the 14th instant I again called and on this occasion found the child at home. He comes from a very poor and filthy type of Indian neither of his parents are married and therefor he goes by both the name of his mother Pearl WEEKS or his father Gordon TOMEGO. The principal of the school stated, when the boy was returned, that he could do nothing with him. That he would pay no attentionn to him and in many cases was very rude in his replies. The principal proceeded to London with me on the p.m. of the 14th inst. and laid a charge as mentioned above. The case being dealt with as mentioned above.

Remarks: The above named Indian boy appeared before the Judge of the Juvenile Court at London Ont. on this date. Due to the lack of intelligence of the boy he was not asked to plead. The Court took the complaint from the Principal and then called the mother of the child. This individual, an Indian woman of rather low calibre had very little to say outside of admitting that she had harboured the boy when he truanted from the school. The Judge spoke to her severely about this and also reprimanded the boy, who promised faithfully that he would attend school without giving any trouble in future. The Principal of the Mt. Elgin Institute stated that he was willing to give young TOMEGO another chance to behave. The Judge then instructed the boy to return to school with the Principal. This was done and it is thought that the appearance in Court of this student will act as an example to the other students in the school as well as having a desirable effect on young TOMEGO.

PLEASE QUOTE
FILE 29

Muncey, March 17th, 1939.

Dear Sir: Attention Mr. R. A. Hoey.

I would acknowledge receipt of your letter 7-0-10 of March 9th advising that A. B. Siskind, Barrister, London, Ontario, had written to the Department concerning the discharge of Clayton and Martin McGahey from Mount Elgin Residential School.

To supplement the report made by this office on August 8th, last, and your reply of August 11th, I would advise that Doctor McLeod informs me that Andrew McGahey, father of these boys, is a chronic case of heart trouble and is unable to do any work. He is in receipt of $15.00 a month soldier pension which has been granted since the children were placed in the school and also receives $6.00 a month salary as caretaker of the River Settlement Indian Day School which janitor work is done by his wife. Besides the two boys in Mount Elgin School, there are three small children under school age.

On consulting the Rev. Principal of the School I was advised that both boys are good pupils and that the elder, Clayton, is in Grade 8 having a 7[illegible]% standing on his year's work so far and that the younger boy, Martin, is in Grade 6 with a 50% standing which is lower due to his being a runaway truant part of the term.

Mrs. McGahey is a woman much younger than her husband who has had a number of affairs with other men and if this woman would remain at home she could well carry on the duties as janitor of the school and provide the needs of the house with the exception of cutting fire wood.

It is the recommendation of this office that, if Clayton McGahey, the elder boy, passes his Entrance examinations in June when he will be 16 years of age, he receive his discharge and, failing that, to be kept in the school another year. The younger boy, Martin, should remain for at least two more years.

Mrs. McGahey has been very abusive with the Principal of the School in threatening the removal of the children, hence her visit to Mr. Siskind. I would ask that the Department's decision be made known to Mr. Siskind and thereby conveyed to her as I believe this would carry weight and possibly stop her interference at Mount Elgin School.

Your obedient servant,

A. D. Moore, Indian Agent.

Dear Sir:

I desire to refer to your letter of the 6th ultimo and my reply of the 9th ultimo with reference to Martin and Clayton McCahey, pupils of the Mount Elgin Indian residential school.

The father of these boys has a chronic case of heart trouble and is unable to do any work. Besides the two boys in the Mount Elgin school there are three small children under school age at home. It is reported that Mrs. McCahey does not stay at home and attend to her household duties as she should.

Both the boys in the Mount Elgin school are good pupils, the elder, who is in grade 8, having a 70% standing on the current year's work. The younger boy is in grade 6 and only has a 50% standing. This is due in part to the fact that he truanted for part of the term.

Mrs. McCahey has been very abusive with the Principal of the Mount Elgin residential school in threatening the removal of her children.

In view of the progress being made by the boys and the further fact that home conditions cannot be considered totally satisfactory this Department considers that it is in the best interests of these two boys to remain in the Mount Elgin Indian residential school and we are, therefore, not prepared to approve their discharge at the present time.

With reference to the enclosed resolution that John St.Germain's request that his daughter Elsie be permitted to return from Mt.Elgin Institute,owing to the illness of her mother,I would say that I have been in touch with the doctor and he doesn't consider that there is much the matter with the mother.For some reason the girls sent to Muncey do not seem to be very well satisfied.It may be nothing other than an Indian characteristic.I am not prepared to say.

Dear Sir: Attention Mr. Philip Phelan.

This will acknowledge receipt of your letter 7-0-10 of April 15th,enclosing a communication received at the Department from James Cornelius of the Oneida of the Thames Band who desires that his daughter Cassie be discharged from Mount Elgin Residential School so that she may keep house for him.

Cassie Cornelius was admitted to this school in September 1930 at which time her age was given as eight years and she must be seventeen years of age at this time. This girl has just recently been promoted to the 8th grade in her classes but will not try her entrance this Summer, which proves that she is not an adept pupil.

Mrs James Cornelius is in the Ontario Hospital. London. leaving at home her husband James and a son about fifteen years of age. Cornelius did for a time have a widow keeping house for him,but she has now left and he claims he is unable to procure another.

Mr. Strapp is not anxious to keep this girl after the present Summer holidays and in keeping her would only be endeavoring to keep her out of trouble on the reserve. As this father has a need of this girl at his home on the reserve I would recommend that she be discharged at the end of the present school term. The letter of James Cornelius is returned herewith.

Dear Sir:

I am in receipt of your letter of the 16th instant, with reference to the three daughters of the late Elijah Monague.

As far as the Department is aware, the Mount Elgin Residential School has its full quota of pupils at the present time and it would therefore be impossible to have them placed in that institution at this date. However, they would, no doubt, be able to accept them after the summer holidays. As the weather is now fine, their relatives will no doubt be able to care for these children for the next two or three months. In the meantime, you should have them medically examined and the usual a plication forms and certificates of health forwarded for our file. I am requesting the Principal of the Mount Elgin Residential School to reserve accommodation for these children after the holidays.

If you consider it necessary, you may purchase clothing for these three girls, but the expenditure should be kept as lor as possible.

Mr. G. A. Lumsden, Indian Agent, Christian Island, Ont., has brought to our attention the fact that the three daughters of the late Elijah Monague require institutional care. Their mother has been dead for some time and the father was drowned on the 9th instant.

I would appreciate it if you would reserve accommodation for these children at the Mount Elgin institution. I beg to report to the Department re Matthew Elliott band No 222, he has a boy Abner attending St. Elgin Indian Residental School at Muncey. Matthew Elliott went down to the school to get the boy home for the holidays but the principal would not let the boy come as he was playing truant and ran away from the school on two different occasions and the R. C. M. P. picked him up and took him back to the school.

Matthew Elliott claims the boy is now 16 years of age and should be dismissed from the school.

I would like the Department s advise in regards to this case.

Moved by P. C. Nadjiwon and A. Jones that we reco mend the placing of Wallace Solomon, ward of Matthew Elliott in a Residental School. Cd

Note:

Wallace Solo on is the son of Dave Solomon band no 301, and has been cared for by his grandparents Matthew Elliotts since the death of his Mother. Matthew Elliotts have a large family of their own nd they would like Wallace placed in Muncey Residental School at the beginning of the Fall term if there is an opening. I would recommend this be granted subject to the approval of the Department.

Reverend Sir:

The Department is in receipt of a letter from the Indian Agent at Cape Croker with reference to Abner Elliott. The Agent states that when the father went to the school you did not wish the boy to be allowed home due to the fact that he had been a truant on several occasions. The Agent now states that this boy is 16 years of age and should be discharged.

I should appreciate your advising if you have any objection to granting his discharge. From the information placed before us it would appear advisable to let the boy go.

Dear Mr. Phelan;

In reply to your letter of the above noted date and file may I say that I wrote to Mr. Indian Agent Tuffnell early in the month and suggested that he consider the matter of the discharge of Abner Elliott. I also explained that Abner and others who had truanted during the academic year had been warned beforehand that they would be deprived of their regular holiday. This arrangement haw had a remarkable effect on the general behaviour of the pupils concerned and I am hoping that it will act as somewhat of a deterrent in the future. I am writing to Mr. Tuffnell and arranging for Abner to return to Cape Croker when the new pupils are brought down in August.

Yours truly,

Principal.

Dear Sirs: Re: Muriel Stonefish and the Mount Elgin Indian Residential School, Muncey

Mrs. Flora Powless of R. R. # 5, Chatham has been in to see us concerning her daughter Muriel Stonefish. Some time ago Mrs. Flora Powless, who is the daughter of Christopher Stonefish, had her daughter voluntarily placed in the Mount Elgin Indian Residential School through her father Christopher Stonefish and the said Muriel Stonefish has been attending the Residential School for some time. We believe and are informed that she did play truant from this school on at least two occasions, along with some other girls. This year the Principal of the Mount Elgin Indian Residential School, the Reverend C. E. Stropp, refused to allow Muriel Stonefish to return to her home for the summer holidays although the other girls who played truant along with her were allowed to do so. Mrs. Powless has told us she objects to the treatment of her daughter at this School, which may or may not be true but at any rate she has come to the conclusion that her daughter would be better off either at that she could attend school and be under her own supervision. This is the desire of both Mrs. Powless and her father, Christopher Stonefish, who were instrumental in placing her in the Mount Elgin Indian Residential School. We would therefore likely be subject to further

there was any order committing Muriel Stonefish to this Institution and she advised that there was not. If this is true, then Muriel Stonefish is virtually being kept a prisoner at the Mount Elgin Indian Residential School. We have been in correspondence with the Indian Agent who referred us to the Principal, Rev. O. D. Strapp, and we have written him and he denies very strongly that Mrs. Forbes had been experiencing difficulty in obtaining her release from the school and goes on to say that any proceedings that Mrs. Forbes may take to obtain the possession of her daughter would only prove detrimental to Mrs. Forbes and would likely tend to give Muriel the impression that regulations can be broken with impunity. We would be pleased to hear from you and be advised whether there is anything standing in the way of Mrs. Forbes withdrawing her daughter from the Mount Elgin Indian Residential School.

Yours truly,

Dear Sir:

With reference to the enclosed application forms re the admission of Ferne and Ruby Bressette, children of Thos. Bressette, # 261, Kettle & Stony Point Band, to the Mount Elgin Institute, I have to report a very poor home and the children getting very little care.

The attendance of these children to the day school has been very irregular; Ferne staying away owing to defective eyes.

In view of the findings of the physical examination, I am leaving this for your consideration and decision. At the same time, I would point out that these children are not receiving the care and education they should.

Dear Sir:

With reference to the enclosed applications for admission of Bernice and Iris George to the Mount Elgin Institute, I have to report they are children of Wm. George, a non-Band member living on Kettle Point Reserve. These children were returned from the above institution at the beginning of the fall term in 1938. I have to report George and his wife made every effort to care for the girls and send them to school. Quite recently Mrs. George died (very suddenly). While the father is a fine type of man, he cannot give them the attention they should have and I would strongly recommend that these girls be admitted to either Mount Elgin Institute or Mohawk Institute.

Dear Sir:

I am enclosing herewith, applications for admission to the Mount Elgin school of three children of Isaiah Dewasha, No. 41 of the Gibson Band.

These children have been deserted by their monther. Their father has been farming them out with various relatives and they have been shifted around from pillar to post in the last few months. I think that the best thing for these children, under the circumstances, would be their admission to this school or to any other suitable residential school in which there may be a vacancy.

Dear Sir:

Mrs. Edward Peters,mother of Howard Peters 13 year old pupil of the Mohawk Indian School has applied at this office to have this boy transfered from the Brantford school and be placed in Mount Elgin Residential School.

Howard did have an older brother attending Mohawk with him and this brother Ralph is now 16 years of age and Mr. Snell informed him he had been discharged. There is a third brother a pupil at Mount Elgin School and Mrs. Peters would like to have Howard attend at that school with him.

There will be room in the Mount Elgin School for this boy and such a transfer would save the family expense at holiday time or in visiting the school and is recommended for your approval. Howard is at present home on vacation.

Dear Sir: Attention Mr. R. A Hoey

I would acknowledge receipt of your letter 7-0-10 of Aug. 12th, also a copy of a letter received from Messrs. Wilson, Pike, Stewart & Lewies concerning Muriel Stonefish, a pupil of Mount Elgin Indian Residential School.

Muriel Stonefish according to the principal of the school is 15 years of age and at the time of her admission was resident with her grandfather, Christopher Stonefish of the Moravian Reserve, who had her placed in Mount Elgin School, where she has been for the past four years.

Muriel, who is an illegitimate child, did absent herself from the school during the past school term and when she was located by the police was in the home of her mother Mrs. Flora Powless at Chatham, Ont., which home the police considered nothing but a bawdy house.

Early in July of this year Christopher Stonefish, grandfather of this girl appeared at Mount Elgin School and at the request of the Principal was quite willing that Muriel remain in the school during the holiday period, as the grandfather claimed he would have no control over the girl if she returned to his home.

Mr. Strapp, Principal of Mount Elgin, informs me that this firm of solicitors had been in touch with him and also with Indian Agent Spence of the Moravian Reserve, to which Muriel belongs, and that both the Principal and Agent had instructed these solicitors that the girl was to remain in school because the grandfather and guardian was willing that she do so and the agitation now being put forward by Mrs. Powless would be detrimental to the girl if she was allowed from school in care of her mother.

Mr. Strapp contends that if this girl is removed from the school to the custody of her mother, that he does not wish her to return and that such removal would be contrary to the best interests of the girl.

If any further information is wanted in this case, I would suggest that you write Indian Agent Spence of the Moravian Reserve, as he would be quite familiar with the case and as Muriel is a member of that Agency.

Dear Sirs: Re. Muriel Stonefish,
Mount Elgin Residential School, Muncey

We seem to have written you on the 25th of July in this matter and you replied that you were writing the Indian Agent and that on receipt of his reply we would be further advised. Since that date we have not heard from you. As the writer understands the matter, this young lady was placed in the Residential School at Mount Elgin at the request of her mother and her grandfather, Christopher Stonefish, who also appears to have been her Guardian. Both the grandfather, Christopher Stonefish and the mother, Flora Powless, saw the writer to-day and urgently requested that we write your Department giving their consent to the release of the girl from the Residential School so that she might enjoy some holidays at home. We would very much appreciate the courtesy of an early reply.

Ottawa,

Gentlemen:

I desire to acknowledge the receipt of your letter of the 29th ultimo with reference to Muriel Stonefish, a pupil of the Mount Elgin Indian residential school.

At the time this girl was admitted to the Mount Elgin residential school she was residing with her grandfather, Christopher Stonefish of the Moravian Reserve.

Information that we received indicates that the mother's home is wholly unsatisfactory and if the girl were placed there the influences to which she would be subject would be demoralizing. In fact the Principal of the Mount Elgin residential school would not be prepared to accept her if she were placed for a time under her mother's charge.

Taking everything into consideration the Department feels that it is in the best interests of Muriel Stonefish to remain in the Mount Elgin Indian residential school and we are not prepared to favourably consider either discharging her at the present time or allowing her holidays.

Encls.

Caughnawaga, September 7th, 1939.

Dear Sir:-

I beg to transmit you herewith the application of Angus Horne of this reserve for the sending of his daughter Josie, 8 years of age, to the Mount Elgin Residential School.

This girl's mother left them over a year ago to live with another man. She is reported to be in the United States and has signified her intention not to come back to her husband. The girl presently lives with her grandfather where they are twelve living in the same house, and they are no longer able to take care of her.

I would ask you to take this application into consideration.

Yours very truly,

Indian Agent.

Reverend Sir:

An application has been received for the admission of Josie Shirley Horne of the Caughnawaga Reserve to the Mount Elgin Indian residential school.

The girl is 8 years of age and her mother deserted the family over a year ago. She is at present living with her grandfather where there are 12 people in the same house and they are no longer able to take care of her. Please let me know as soon as possible if you can provide accommodation for her.

Yours truly,

ATTENTION: MR. PHILIP PHELAN
Chief, Training Division

Dear Sirs: Re: Muriel Stonefish,
Mount Elgin Residential School, Muncey

We are in receipt of your letter of the 6th inst. for which we thank you. We have taken the matter up with Mrs. Powless and she advises that there is no foundation in fact for the statement that her home is wholly unsatisfactory and that it would have a demoralizing effect upon her daughter. Mrs. Powless is not a member of the Moravian Band of Indians and neither is her daughter. We have asked in previous correspondence whether there is any order committing Muriel Stonefish to the Mount Elgin Indian Residential School and would be pleased to hear from you advising whether there is and under what authority she is being detained there as we are advised by Mr. Christopher Stonefish, her Grandfather and also by her mother Mrs. Powless that it is their desire to remove Muriel Stonefish from this Institution. The girl we understand is of the age of seventeen years past. We would be pleased to hear from you.

Yours truly,

WILSON, PIKE, STEWART AND LEWIES

Gentlemen:

Your letter of the 12th instant, addressed to Mr. Philip Phelan of this Department, has been passed on to me for consideration and reply.

In reply to your inquiry I may state that Section 10, Subsection 1, of the Indian Act reads as follows:

"Every Indian child between the full ages of seven and sixteen years who is physically able shall attend such day, industrial or boarding school as may be designated by the Superintendent General for the full periods during which such school is open each year; provided that where it has been made to appear to the satisfaction of the Superintendent General that it would be detrimental to any particular Indian child to have it discharged from school on attaining the full age of sixteen years, the Superintendent General may direct that such child be detained at school for such further period as may seem to be advisable, but not beyond the full age of eighteen years, and in such case the provisions of this section with respect to truancy shall apply to such child and its parents, guardians or persons with whom such child resides during such further period of school attendance."

Yours truly,

Re: Arletta Powless

Dear Dr. McLeod:

This child was examined at the Victoria Hospital Chest Clinic on July 18, 1939. She was exposed to her mother who died of pulmonary tuberculosis in Victoria Hospital in the fall of 1938. She was being examined as a contact case and preparatory to going to the Residential School.

Family History: Father alive and well.
Mother died of pulmonary tuberculosis in 1938.
One brother alive and well.

Physical Examination: The child is moderately well nourished, tonsils present, there are a few enlarged glands in the cervical area. Intracutaneous tuberculin test was done, the result of which is not yet reported. An X-ray of her chest was taken, the report of which is attached. No abnormal findings were elicited in the chest.

Conclusion: I was unable to detect any tuberculous disease in this child's chest at this examination. We think it would be advisable for her to attend the Residential School and report for re-examination in six months time.

We trust that this report is satisfactory and thank you for referring this patient to us.

Dear Dr. McLeod:

Re: Helen Seneca, Muncey, Ont. Age 8 years

The above noted patient was examined at chest clinic held at Victoria Hospital on June 29th, 1939. She was brought to chest clinic for check up in order to be admitted to school in Muncey.

Past Illnesses: Measles and whooping cough. Occasional colds.

Physical Examination: Temperature 99.2°; pulse 92; respirations 22; weight 64 pounds.

Chest: Nothing abnormal found.

X-ray of chest as follows: "Examination of the chest shows that there are some calcareous nodes in the right lilum, but no distinct evidence of recent tuberculosis."

Conclusion: This child has no active tuberculosis in the chest and can be admitted to school.

We trust this report is satisfactory and thank you for referring this patient to us.

Yours very truly,

Sir,-

I have the honor to enclose herewith Application for Admission Forms and X-Ray Reports for Lambert Cook, Alvina Cook, Marion Kahgee and Bertha Root.

I beg to say, these pupils were admitted to the Mount Elgin Residential school on September 15th.

Lambert Cook is an illigamite child of LouisaCook, the grandfather, Elijah Cock (Wahbegona) has always cared for him but is unable to keep him at school. Marion Kahgee is an illegitimate child of Mrs. John Kahgee, Mrs. Kahgee does not live with her husband and the home conditions is not very good for the child. The mother of Bertha Root is dead and the father has married again, Bertha has been living with her grandmother at Christian Island. Alvine Cook is the daughter of Andrew Cook, (Wahbegona), this family does a lot of moving around and the result is the children does not receive very much benifit of schools.

Dear Mr. Phelan;

With reference to your letter of recent date enclosing a letter from Mr. Hill may I say that I have discussed the matter with Mr. Agent Moore and he is opposed to this girl being discharged from school because of her home conditions. I agree with Mr. moore and in addition I beg to point out that this girl has been under treatment for the past year for an eye condition that requires regular attention and I am perfectly sure that she would not secure the correct treatment if in her own home.

Dear Sir:

I am in receipt of your letter of the 26th ultimo enclosing an application for the admission of Lorainne Tooshkanig to the Mount Elgin Indian residential school.

The Department has no objection to the admission of this girl to the school mentioned but I am under the impression that the Mount Elgin school has its full quota of pupils. However, you might communicate with Rev. Mr. Strapp and if he is prepared to accept her you may take her to Mount Elgin when you are taking the four boys to Mohawk.

Dear Sir:

Mrs. Isaac Thompson of the Gibson Band has had a daughter attending the Shingwauk school at Sault Ste. Marie for some time. This girl came home on a visit to her mother for the holidays and has not returned to school. Mrs. Thompson is anxious to have her transferred to the Mount Elgin School as there are a number of other children from the Gibson Reserve attending that institution.

I endeavoured to discourage Mrs. Thompson from making the change as I was of the opinion that the girl would be better off to continue with the first named school, but it became evident that she will not in any event, be returned there and I would be glad now to recommend the transfer.

I would respectfully ask for your opinion on this matter as soon as possible, as there are some other children ready from the Gibson Reserve to Mount Elgin within the next few days and she wishes to travel with them.

Dear Mr. Phelan

Some time ago you wrote to me with reference to a girl Josie Shirly Horne of the Caughnawaga Reserve near Montreal. If this girl has not already been sent to a residential school it will be possible for us to find room for her. The children from the Christian Island Agency have arrived and seem to be of fairly good type, I am not certain whether these were the children who were to be put through the T.B.Clinic at London. I shall be glad if you will advise me as soon as possible.

Yours truly,

Principal.

Dear Sir:

In a letter dated September 7 you applied for the admission of Josie Shirley Horne to the Mount Elgin Indian residential school. The Principal was immediately written but his reply only reached us today. He states that he could now accept the girl.

Have any other arrangements been made for her in the meantime or do you still consider she should receive institutional care at the Mount Elgin school?

Yours truly,

Philip Phelan,

Dear Dr. McLeod:

Re: Mary Knott

The above named child was examined at the Victoria Hospital Chest Clinic on October 7th, 1936.

This child has been living in conditions and has been exposed to Miss Mary Knott, Registered Nurse. The tuberculin test was positive.

Family History - Father, mother, one sister and two brothers alive and well.

Physical Examination - Temperature 98.6, pulse 80, respirations 20, weight 60-1/4 lbs. She is below par every respect. Tonsils enlarged. Cervical glands enlarged.

Chest X-ray negative.

A report of the x-ray plate that was taken of the evidence of disease present at the first has not been received to date; however, primary tuberculosis is this child's case. However, in view of the positive tuberculin test we must begin re-examination at least every six months time.

We trust this report will be satisfactory to you.

There is no contact with tuberculosis, and he has no complaints at the present time.

Physical Examination - Temperature 98.6, pulse 88. Nothing abnormal was found on examination of the chest.

An intracutaneous tuberculin test was done and reported as negative to 1/20 mgm. of O.T.

X-ray examination of the chest shows same to be apparently normal.

This lad has been infected but there is no active tuberculosis.

Dear Doctor Stone;

I am enclosing herewith letter from Dr. Bolton to the Principal of Mount Elgin Residential School, and Chest Clinic reports on; Lambert Cook,
Alvina Cook,
Bertha [illegible],
Marion Kahgee.

These children are new pupils admitted to the School from Chippewa Hill Reserve this Fall. In three cases the X-ray reports were so indefinite and capable of being interpreted as pathological or normal, depending upon the mood of the reader, that I had the children re-examined including X-ray and close check-up.

The reports which are reliable show that these pupils are quite free of infection, and are being forwarded for your records.

Muncey, Ontario. December 13th, 1939.

Department of Mines & Resources Indian Affairs Branch DEC 14 1939 REGISTERED

Dear Doctor Stone;

I have to report that Doreen Powless, aged 16 years, a pupil at Mount Elgin Residential School, has been examined by me, and is believed to be pregnant. This girl, who is a member of the Oneida Band of Indians at this Agency, was brought to my attention by the Principal of the school on December 5th.

External examination strongly suggested a pregnancy, confirmed by questioning. The patient volunteered that the condition originated last August while she was at home on summer vacation. On December 8th I obtained a specimen of urine upon which a Friedman Test was done at the University of Western Ontario. This is reported as positive for pregnancy.

I have recommended to the Indian Agent and Principal of the school that this girl be discharged in care of her father, and arrangements are being made by them for this procedure.

Dear Sir:

I am enclosing application for admission to a residential school for two sons of Napoleon Commandant, No. 45 of the Gibson Band. He would like to have these boys placed in the Mount Elgin Residential School if there is a vacancy there.

I might say that authority was received a couple of months ago for the admission of several of Isaiah Dewashy's children to this school but he has never taken advantage of this and I would recommend that the authority in his case be cancelled.

"	0799 Hazel Bressette	"	0768 Virginia Isaacs
"	0658 Tena Elm		

Permission was granted last year for the retention of these children in your school until June 30, 1940. However, in view of the fact that the number of children of school age is apparently increasing, and the further consideration that due to conditions now confronting us there is no immediate prospect of our securing funds to provide increased pupilage at Indian residential schools, it is considered that in future it will be necessary to adhere more strictly to the provision of the Indian Act requiring discharge of pupils at 16 years of age. Consequently unless there are some exceptional reasons the above-mentioned children should be discharged at the end of June next. If, however, there are a few of them who you consider should be retained please let me have detailed information before the end of June.

Dear Sir:-

I would like to acknowledge receipt of your letter 7-0-1. of February 17th. along with which was enclosed copy of a letter written to the Justice Department by Mr. and Mrs. Samuel Simon on behalf of their child who is at present a pupil at Mount Elgin Indian Residential School and from which school the parents wish their girl to be discharged.

In reply, I would advise that I have discussed the matter with the Principal of the School and he informs me that this girl ran away from the School about a week ago. The R. C. M. Police were notified and through their efforts the girl was brought back to the School.

This girl, Edith Simon, upon her return to the School, was questioned by the Principal as to why she ran away and it was ascertained that she had been practically forcing younger pupils of the School to steal things for her. She made various kinds of threats to persuade the younger pupils to obey her in this respect. Edith Simon's age is somewhat in doubt but it is believed that she is 17 years of age. News concerning threats made by the Simon girl to make the younger pupils steal for her eventually reached some of the older girls at the School who in turn more or less snubbed and ridiculed her to such an extent that she decided to run away. When she was returned to the School in the company of the R. C. M. Police she promised in the presence of the Police and the Principal of the School that she would not steal anything herself nor would she again ask younger pupils to steal for her.

The Principal of the School accepted her back on the above understanding. Mr. Strain has advised me that he is not in favour of discharging the girl as it would probably encourage other pupils to adopt similar measures and he is of the opinion that Edith Simon should remain in the School and be taught to obey the laws that govern here properly. The Principal feels that if the girl were discharged now it would leave the other remainder of the pupils in a very unsettled and rebellious mood. In view of the girl's age, the Principal is prepared to recommend her discharge on August 31st, 1940. The home conditions in which this girl would be placed if discharged are decidedly unsuitable and I would strongly recommend that Miss Simon be kept as a pupil at the School until August 31st as suggested by the Principal.

Your obedient servant,

Dear Sir:

I am in receipt of your letter of the 17th instant enclosing application for the admission of two children of Eva George and two children of William Dunham to the Mount Elgin Indian Residential School.

I should appreciate receiving more definite information regarding your reasons for recommending the admission of these children to a residential school. As you are aware there is a good day school on the Kettle Point Reserve which these children apparently have been attending.

Yours truly,

Philip Phelan,
Chief, Training Division.

Headquarters

1. During the evening of this date I was advised by Rev. Mr. [illegible] Strapp, Principal of the above mentioned school, that the two boys referred to above, had run away from the school, sometime during the afternoon of the 28th, inst, which had been devoted to sports at the school. Both boys are approximately 14 years of age, and when last seen were wearing school overalls and smock, (Fullers Sanforized Brand) color, Black, with the exception of [illegible], who had discarded his smock and was wearing a red and white sweater, and it is quite possible that he is wearing a coloured handkerchief tied around his neck.

Sub Division

2. These two boys were trailed by the writer and S/Cst. Minham, to a point approximately 8 miles West of Melbourne, Ont., on No. 2 highway, where it is presumed that they secured a ride in a passing car, as no further trace of them could be found.

Detachment

3. It is not known where these two boys are heading as all their relatives reside on the Chippewa and Oneida Reserves at Muncey, Ont, however, it is quite possible that they might go to Walpole Island Res, Ont. and Chatham, Ont.

Dear Sir:

I desire to refer to my letter of February 17 last and the Acting Agent's reply of February 20 in connection with the discharge of Edith Simon from the Mount Elgin Indian Residential School.

In my letter of February 26 I informed the Acting Indian Agent that this girl should be returned to her parents on June 30, 1940.

I presume Mr. McCracken so informed the Principal of the Mount Elgin School but possibly he did not do so as Simon has again written to the Minister of Justice stating that the Principal will not discharge her until August 31.

I should appreciate it if you would inform Rev. Mr. Strapp that this girl should be discharged on June 30.

Dear Dr. Phelan;

I am enclosing herewith recommendations for discharge of certain pupils also recommendations for certain pupils 16 years of age to return for further instruction.

I am pleased that arrangements are being made for a Nursing class at this school next year. I had suggested that the class be included in the regular enrolment but with the cut in the grant being made retroactive to January 1st. at such a late date as the end of May, the finances that I proposed to use for this class have just completely disappeared.

You will be glad to know that two of our Interior class have been granted certificates on their year's work and we are confident that the other pupils will easily pass the examination which will be held this next week.

I remain,

Yours truly,

O. B. Strapp.
Principal.

P.S. Please send a supply of forms for the follow up report on Graduates. O.B.S.

Sirs:-

I beg to report to the Department that Mrs Carl Jones has asked me to write regarding Kenneth King, Cape Croker Reserve, being admitted to Muncey Residental School, next Fall term.

Kenneth King is ten years of age, is a illegimate child and has been residing with Carl Jones since childhood, his mother Marjorie King also lives there.

Carl Jones died last February and Mrs Jones feels the responsibility is to muchfor her and would like very much if Kenneth could be admitted to Muncey.

Also Elinor Elliott age twelve daughter of Mrs Jim Elliott Band No 292. has been recommended by the Cape Croker Council to be admitted to Muncey school. her father having died March 1940, and the mother is unable to give the child proper care.

A reply regarding these two children being admitted for the Fall term would be very much appreciated.

Dear Sir:

I am in receipt of your letter of the 24th instant with reference to Kenneth King, 10 years of age, and Elinor Elliott, 18 years of age, who you consider should receive institutional care.

I am communicating with the Principal of the Mount Elgin Residential School with a view to arranging to have him reserve accommodation for these children at that school. In the meantime, you should forward the usual application forms and certificates of health for our consideration.

Yours truly,

Dear Mr. Phelan;

I have your letter with reference to Kenneth King and Elinor Elliott from the Cape Croker Agency. I feel sure that we will be able to take these two children in September. I note that they are ten and twelve years of age respectively.

Because of the large number of older pupils being discharged this year it will not be possible for us to accept more than five or six pupils who are under ten years of age or to have at least grade three standing.

Dear Sir:

Enclosed please find completed "Application For Admission" Forms for the two children of No. 215, Howard McCue, Christian Island Band.

The father of these two children has made application to have his two children admitted to the Mount Elgin Indian Residential School at the commencement of the next term.

I would advise that the parents of these two children have been living apart for the past several months and the whereabouts of the mother are unknown at the present time. Howard McCue, the father, has been looking after the children during the past winter and they have been badly neglected. The father is quite lazy and he does not even pretend to properly care for the children or provide food for them. In view of the circumstances I would recommend that Caroline McCue, the girl, aged five and Leslie McCue, the boy, aged seven, be enrolled at a residential school if possible.

There is little likelihood of the mother returning to live with her husband and even if she were persuaded to come back and look after her children I do not think she would remain with the family very long. Reconciliations have been attempted in the past by former Agent Lumsden but without success.

I would wish to be advised if the Department approves of admitting these two children to Mount Elgin Indian Residential School.

Your obedient servant,

M. W. McCracken

July 6th, 1940.

Dear Sir:

I would beg to refer to that paragraph of Departmental letter 549421 of March 20th, 1940 dealing with admission of three children of Mrs. Ida (Josiah) Monague to residential school.

Recently Mrs. Ida Monague, No. 91 of the Christian Island Band, visited this office to make application for the admittance of her three children to the residential school at Muncey, Ont. for the Fall term.

Mrs. Monague has five children. Her husband died about one year ago and Mrs. Monague claims that she cannot properly care for all five children. Her children's names and ages are as follows:

Victor Monague, son, aged 18
Audrey Monague, daughter, aged 13
Nora Monague, daughter, aged 11
Olive Monague, daughter, aged 9
Aldon Monague, son, aged 3.

The mother wishes to have her three daughters enrolled at residential school i. e., Audrey, Nora and Olive. These three girls have been attending the United Church Indian Day School at this Agency.

Applications for these three girls have not been completed due to the fact that the mother and her family suddenly left the Reserve about two weeks ago to secure temporary employment picking berries in a white community. If room is available at the Mount Elgin residential school for these three children, I would wish to be advised and if the Department approves of their admission, forms will be completed as soon as Mrs. Monague and her family return to the Reserve.

I would recommend that these three children be admitted to residential school if possible.

Reverend Sir:

The Department is in receipt of a letter from the Acting Indian Agent, Christian Island, requesting the admission of the following children to the Mount Elgin Residential School:-

Audrey Monague, aged 13,
Nora Monague, " 11,
Olive Monague, " 9,
Caroline McCue, " 5,
Leslie McCue, " 7.

The reason for requesting the admission of the child of five is that the mother has deserted the father and the Indian agent states that it is extremely unlikely that this family will be reunited. As a result, the child is being neglected and is in great need of institutional care.

Please let me know as soon as possible if you are prepared to accept these five children when the school re-opens after the summer holidays.

I beg to report to you motion No 5, passed by the Cape Crpker council at their regular meeting held here July 8th, Chief and all councillors present.

Moved by Joe Akiwenzie and Ephriam Ashkewe that we authorize the Agent to write to the Department about these three children, Tilila Taylor, James Proulx and Peter Elliott, who are at the Muncey Institution, and that their three years are up, and Matthew Elliott wishes them to come home, after finishing their crimibal detention Cd.

Note:-

The above motion was passed by the council authorizing me to write the Department regarding the the above mentioned children who are at Muncey Residental school.

Tilila Taylor and James Proulx have no mother and I would advise that they be kept at the Muncey school until dismissed by the Department.

I would also recommend that Peter Elliott be allowed to remain at the school for at least another year as he is just the age that it would be very troublesome to get him to attend the day school on the Reserve.

I would be pleased to have the Departments advice regarding these children.

Sir:-

I beg to enclose to the Department Application Forms for admission re Eleanor Elliott, and Kenneth King to Mount Elgin Residental scool at Muncey.

Since writing the Department regarding Kenneth King, Mrs Carl Jones who is the guardian of this child has asked thatshe be allowed to keep him at home owing to the fact that her son has enlisted for active Service.and as her husband is not living she would have no one to stay with her, If this is satisfactory to the Department I will inform Mrs Jones.and Kenneth will continue to go the Port Elgin day school.

Your obedient servant

F W Laffull
Indian Agent.
